What nationality is Ethel Hinton?
She comes here to Chautau-
qua to give her humorous pro-
gram and so perfect is the lady
in her many dialects that a com-
mon practice of the platform
manager is to have the audience
guess her nationality. Some of
them guess correctly and many
do not, and it will be interesting
to see how many Prescott folks
can make the proper guess.

MT. MORIAH

(Too late for last week's issue.)

Health of this community is
good at this writing except a
few cases of measles.

The farmers seem to be be-
hind with their work, mostly on
account of having in such large
crops.

Mr. and Mrs. E. H. Weaver's
little girl is real sick with meas-
les.

Mrs. J. P. Clark has returned
home from Prescott where she
has been staying (the past three
weeks with Mr. and Mrs. R. D.
Martin.

Joe Clark and family visited
Mr. and Mrs. Hix Dillard Satur-
day night and Sunday.

Bro. Woods preached two fine
sermons at the Mount Sunday.

Grandpa Hart is spending this
week at the home of his son, M.
A. Hart.

Miss Lula Hart was all smiles
Saturday evening, but we don't
see why, as we never did think
blacksmithing was a lovely job.

Cotton chopping seems to be
the order of the day around here
now.

We were sure glad to see Goo-
sie back again, hope she has
come to stay.

That's all, good bye.

day. Annie was on for a song.

Emma said she couldn't de-
cide which George she loved the
best.

Beckie thinks she is going
some since she beat Emma's
time with George. Said she ate
dinner with him.

There was a big dance at Mr.
Williford's Saturday night. All
report a fine time. Those pres-
ent were, Misses Nina Green and
Banche Williford, Messrs. Coy

MORRIS NEWS

(Too late for last week's issue)

Here comes the old Morris
scribe again with his news.

Health is good in this commu-
nity.

Bro. Johnson filled his regular
appointment here Sunday, and
preached a very interesting ser-
mon. Quite a number of Cale
folks attended church. Come
again, we are always glad to
have you.

Wonder where Earl Smith was
Sunday? Think someone was
dissatisfied. Earl you had bet-
ter stay at home at all times, you
know not when you will be cal-
led.

Wonder what was wrong with
Eva Sunday? She looked so bad.
Her Leonard must be sick.

Quite a number of young folks
spent Sunday afternoon at Mr.
Tom McDaniel's. All report a
nice time and some good music.

Jim Crab says if his cotton ever
takes the upward growth, it
will make fine cotton, for it has
a good root growth.

Mary says Bun is one more
bird, and thinks if she can stop
him from going to Laneburg he
will be hers.

Hiram asked Denver the other
night: "Do you love me?" Den-
ver answered: "No," Hiram
says: "Pshaw! I thought you
loved me long time ago."

Well, as news is scarce and
chickens high, I will close.

it at Guthrie's.

BOOCAW NO. 1

Health still good here at pres-
ent.

Bro. Emilis Jones preached
here Saturday night. Bro. Jones
is a good preacher. We all
learned to love him several years
ago.

War talk is still hot here. Har-
ry Lambert will leave soon as a
volunteer for the coast artillery.

One day this week Howard
and Roy Crain were seen on the
creek fishing at the expense of
J. C. Downs. Boys, that's what
I call easy money.

The Bible says ask and you
shall receive, and I want to ask
the all-over-Arkansas man to
please give me the sir name of
the boy who stood on the burn-
ing deck.

Selma H. says she feels almost
like a widow since Carrie got
married. Weep not Selma, there
is just as good fish in the sea as
have ever been caught, unless
the German submarines have
killed them.

If I had the face of the Ham-
burg scribe, I wouldn't say any-
thing about the other fellows.

Sid Boswell and Lude Deaton
have been heard three to five
miles scolding their mules since
the war broke out.

Yes Goosie, I am with you
even unto the end. I haven't
any pulse at all.

Lem White is visiting at Sut-
ton today, look out Sutton you
can get rid of one or two of
those old maids, Lem is easy
pleased.

Mr. Editor, what must we do
with our cotton? It won't grow
a bit. (Goose it—ED.)

The L. P. G. met today with a
large crowd present. Several
stood the examinations, such as
J. W. Pickard, Frith, Mack I. H.
Will Crain president of the or-
der. Bill Wimberly made a fine
member, he could have joined
ten years ago. P. H. H. and
Lorenze Warmack failed to stand
the test.

WHITES CHAPEL

It is with pleasure that I at-
tempt to write a few words in
behalf of the welcome visitor.

Health of this community is
some better for which we should
thank the good Lord.

W. H. White and wife, G. W.
White, and Jewel Young made a
flying trip to Calhoun to see B.
A. White, a brother to W. H.
and Geo. White. They returned
Sunday eve.

J. D. Rogers and your un-
worthy scribe attended church
at Nichol's School House Sun-
day.

Hello! Mr. Sutton scribe, it
seems that you are in trouble.
In regard to those widow women
and maids, I suppose anyone
would have to consult you in re-
gard to talking to them about
changing their names? If you
think you can't carry them over

Have You Tried

OUR

Dolly Dimple Green—
Whole Wheat Flour?

DO YOY realize the serious
food problem the housewife is
going to have to face during
the remainder of the war?

Are you trying to assist your fellow-man and government by
using flour made from the entire grain of the wheat, with
the coarse bran removed, thereby preventing waste to any
part of our breadstuff supply, and assisting to conserve the
woefully short supply now visible for the coming years? If
not, we believe it is your duty to do your bit now; use this
flour in your own home and encourage the use of this flour
among your friends. It's wonderful what the American
people can accomplish when they become thoroughly aroused.
The time to start is now; conditions are serious; you can ac-
complish great things if you will. Do you expect to do your
part?

ECONOMICAL

This flour sells at \$2.00 per barrel under fancy patent flour,
and is absolutely pure, as it is made from the best quality
pure soft wheat, milled in one of the most modern and best
equipped mills in the United States and packed in sanitary
cambric bags, and contains all the strength-building and
brain-creating food particles of the whole grain of wheat.
Truly this is.
