**THE RED CROSS DRIVE GAINS MUCH MOMENTUM**

Activities of Each Day of November Campaign is Outlined: School Children to Aid in Work.

That added momentum is being given by the Third Red Cross Roll Call by the approach of the opening day of the campaign, November 2, is indicated by hundreds of preliminary reports reaching Southwestern Division Headquarters in St. Louis from Red Cross Chapters in the five States—Missouri, Kansas, Texas, Arkansas and Oklahoma—composing the division. The drive closes November 11.

An outline, giving in detail the Red Cross activities that will characterize each day of the 19-day campaign recently has been made public. The opening day as been designated "Red Cross Sunday" and will be the occasion for sermons on the Red Cross that will be preached in churches throughout the United States. Special programs are to be held at morning or evening services.

On Monday, November 3, the Governor's proclamation in each State will be made public, mass meetings will begin and the first check of the progress of the campaign will be made at a workers' dinner in the evening. "Municipal Employees Day" has been set for Tuesday, November 4. On this day a proclamation from the Mayor of each city and town will be arranged for, while on the principal municipal building the Red Cross flag will be raised to be displayed throughout the remainder of the campaign.

Department store speeches will be made by "four-minute men" to be followed by lunch hour enrollment.

Wednesday, November 5, is to be "Women's Day" on which special tribute is to be paid to the work which women are doing in the Red Cross. Meetings of women's clubs, special exercises in Red Cross workrooms and Chapters will characterize the day, which also will mark the peak of the house-to-house canvass that is to be an additional feature of the campaign. Homage to the support which the laboring man is giving to the Red Cross will be paid Thursday, November 6, which is "Employees Day." Noon meetings will be held at factories and large industrial plants.

The school children of each city, town and county will be the central figures on Friday, November 7, when special exercises in the schools will be held. The following day is special feature day for business and fraternal clubs. On the second Sunday of the campaign, November 9, patriotic sermons will be preached. November 10 is "Button Day" when all not wearing Red Cross buttons will be solicited, while on Tuesday, November 11, the first anniversary of the Armistice, final reports will be made, and the campaign will close.

**ROADS ARE WASHED OUT**

Much Damage to Highways is Reported in Miller County.

Texarkana, Oct. 26.—The continued heavy rains of the last few days have played havoc with portions of the good roads recently completed in Miller county. This is especially the case on what is known as the East End Street road, which runs east from town by way of Shiloh church to within 4 miles of Garland. Persons over the road yesterday report it washed and cut up in several places, and that unless it is promptly repaired it will soon become absolutely impassable. At least one of the bridges in the Red river bottom section of the road has been washed away, blocking traffic in that quarter entirely.

The road leading to Lost Prairie, known as the Dooley ferry road, is also said to be practically impassable for a distance of about two miles at Red Chute, a point about 17 miles northeast of town.

The rains are the heaviest that have fallen in October in this section in the last 40 years. Cotton picking, especially in the bottom lands, has ceased. Much damage to the fibre, as well as loss from being beaten into the soil, has resulted, and farmers are discouraged. More than 15 inches of rain has fallen this month and the Weather Bureau continues to promise more "showers."

**TO RAISE MORE PEACHES**

Campaign With This Object is Planned at Texarkana.

Texarkana, Oct. 25.—C. H. Andrews, agricultural agent for Bowie county, announced today that a systematic campaign to boost peach culture in the county for the coming season will be made. Beginning November 3, a corps of peach tree prunes and sprayers, experts, from the Texas A. & M. college, will spend four days in the county giving demonstrations. Many peaches are raised here, but there has been practically no cultivation of the fruit, no spraying, with the result that all the fruit produced has been more or less "wormy or otherwise faulty and imperfect.

**NEW EDISON**

*No Needles to Change  
 Even records of all other makes sound more human when played on The New Edison*

Mr. Edison's wonderful phonograph with the diamond reproducer is indeed the king of home entertainers. It brings cheer to the home for every hour and every mood. There is no end of the variety—from comic dialogues to sacred hymns, from vaudeville to grand opera, brass bands, waltzes, two steps, organ, quartets, concerts, etc. No home need be without the New Edison now that we make this special offer by which you scarcely feel the expense.

Thomas A. Edison says The New Edison is his favorite invention. For years he talked, night and day, talking little time for sleep, until he was ready to pronounce his phonograph "perfect." But when, at last, he did give The New Edison to the world, its music was true to life—just as if the living singer or player sang from the cabinet! Now, on our liberal offer you need not be satisfied with anything less than Mr. Edison's genuine instrument.

*Great Opera Star*

The illustration above shows Ciccolini, the well known tenor, in direct comparison with the Re-Creation of his voice by Lazzari and Virgilio Lazzari, both leading members of our Grand Opera Company. They started singing with the New Edison, Virgilio exclaimed, "A duet! And they're alike as two peas. I wonder if I can tell them apart." Closing his eyes he listened attentively. Gradually Ciccolini sang more softly. Finally he ceased. "Why don't you stop?" inquired Lazzari a moment later. "So that I can tell the difference?" Ciccolini and Signorina Lazzari burst into laughter. Lazzari, the noted basso, even he had been utterly baffled. He could not distinguish artist from instrument.

**STORING SWEET POTATOES**

New Warehouse at Magnolia Being Filled to Capacity.

Magnolia, Oct. 25.—The new sweet potato curing and storage house just completed on the grounds of the Third District Agricultural College is being filled from the abundant crop of sweet potatoes which is now being harvested in Columbia county. This new storage plant has a capacity of 15,000 bushels. It is constructed according to the government approved plan, and is supposed to keep sweet potatoes in a perfect state of preservation for an indefinite period.

**OIL PROSPECT FADED**

Bronway Company Abandons Test Well at Texarkana.

Texarkana, Oct. 25.—The hope for an oil gusher or gas well at Texarkana has faded, at least for the present. After reaching a depth of 3,000 feet, the Bronway Oil and Gas Company, whose well was only a few hundred feet south of the Union station, concluded to abandon the project, and the casings are being withdrawn. The contract with the drillers called for a minimum of 3,000 feet, but the well was to be driven deeper if the company desired. A decision was reached that the prospects were not sufficiently good to warrant going deeper.

The well of the Terport Company, five miles west of here and one mile north of Nash, is down to a depth of about 500 feet. Little progress has been made for several days on account

of continued heavy rains. The same company is getting ready to drive another well about six miles further west and about one mile north of Leary. Both sites were suggested by Dr. Bickley, a Shreveport geologist, after a survey of the field. The Terport company is composed of Shreveport and Texarkana men.
