OIL IN SLUSH PIT

Drillers of Mc Kamie Well Look for Good Producer.

Stamps, March 26.—With considerable oil in the slush pit and oil in the baller each time it is withdrawn from the hole, drillers of the Arkansas-Texas Company's McKamie test are confident they will soon bring in a good producer.

Despite the good showings, however the crew is having considerable difficulty lining up things to bring in the well. A fishing job halted progress two weeks. This time was wasted, too, as the bit could not be raised. A new bit was substituted, and the crew drilled around the obstacle in the bottom of the hole. Gas was encountered a few days later, which again caused a postponement of operations. The present status of the test is difficult to describe.

Pavement Pick Ups

Presbyterian Revival.
The Presbyterian revival will begin Wednesday, the preaching being done by the Rev. Frank F. Fitch, a well known and able minister. The services will begin at 3:30 in the afternoon and 7:30 at night. The meeting will continue for ten days.

Visit Foreman Well.
The directors and officers of the Chamber of Commerce went to Foreman Tuesday afternoon to visit the Sullivan oil well and also the test well at Arden.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Get less meat if you feel Backache or have Bladder trouble—Salts fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be free and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithic acid and has been used for generations to cleanse and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithic-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

SQUEEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

GOLD MEDAL HARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1895. Take regularly and keep in good health. In three sizes, all druggists. Guaranteed as represented. Look for the name Gold Medal on every box and accept no imitation.
