## WAR DECLARED BY PLUCKY GREEKS.

The Formal Declaration Made Yesterday and Athens Goes Wild.

## TURKS GOT THE BEST OF A FIGHT.

But the Greeks, They Say, Were Drunk—The Hellenes Captured a Fort, Landing 2,000 Men.

Athens, April 19.—Greece formally declared war on Turkey this morning in response to Turkey's practical declaration of war yesterday. The news was hailed throughout Greece with great satisfaction by the populace, though the conservative Greeks deplore the step, as it is believed the plucky little power will not be able to withstand the terrific onslaught of her big neighbor.

Firing commenced this morning between the Greeks and Turks at several points along the frontiers. Colonel Manos, at the head of 2,500 troops, has crossed the river Arakphios on the frontier of Epirus, and is now entering that part of South Albania, after having driven back the Turkish advance posts.

The bombardment of Previsa was resumed at daybreak. The landing force has not yet attacked the place. A dispatch from the Greek headquarters at Larissa this afternoon says that three important positions were occupied near Menixa today by the Greek troops. Prince Nicholas of Greece, the third son of King George, has been ordered to the front in command of a battery of artillery. Later in the day confirmation was received of the report that a large force of Greeks had crossed the river Arakphios.

A body of 700 Greek insurgents has landed at Syrako, Epirus, and is now marching on Filiptiada. Numerous other bands of Greek insurgents have entered Epirus.

### GREKS TAKE A FORT.

Rome, April 19.—A dispatch to Messagero from Arta says that the remaining Turkish fort at Provoso has been destroyed by the fire of the Greek warships and the position of the Turks is untenable. Two thousand Greeks, the dispatch adds, have been landed for the purpose of occupying Provoso.

### WERE THEY JAGGED?

Headquarters of the Turkish Army in Macedonia, Ellassona, April 19.—The Turkish forces, as this dispatch is being forwarded, are holding their position in Molouna pass. During the severe fighting which began yesterday evening the Greeks and Turks alike fought and behaved in the most admirable manner.

All the Turkish losses thus far are reported to be light—30 killed and 50 wounded. The correspondent of the Associated Press counted 100 Greek corpses on the hill opposite the Turkish position. The Turks declare that the Greeks were drunk during the fighting today, being constantly supplied with liquor. Kenan Bey has returned from Karya, where fighting continued when he left there. The Turkish loss at that place was 200. Kenan Bey says he counted nearly 1,000 dead Greeks.

### Clayton Recovers.

St. Louis, April 19.—General Powell Clayton, United States minister to Mexico, who has been ill at the Planters' hotel for some time, threatened with pneumonia, is sufficiently recovered to depart for his home in Little Rock.

### Smallpox in New York.

New York, April 19.—Three more cases of smallpox were discovered today in the idiot asylum on Randall's island. The health board is much exercised over the cases, fearing its spread among other inmates.

## POPE SAW KEANE.

Reported That the Interview Related to American Catholicism.

Rome, April 19.—At the Papal consistory, held at the Vatican this morning the appointment of four cardinals and twenty-five bishops was made.

A great deal of comment has been excited in Vatican circles by the secret interview between the Pope and Bishop Keane, formerly rector of the Catholic university in Washington, and now assistant bishop at the pontifical throne. The interview, it is believed, related to questions connected with the Catholic church in the United States.

## TALK ON THE TREATY.

May 4 Fixed as the Day When Final Vote Will Be Taken.

Washington, April 19.—The Anglo-American arbitration treaty was called in executive session this afternoon, and on motion of Senator Davis, May 4 was fixed as the date when the vote will be taken on it. Much interest is felt in the matter, as antagonism is very strong against it on account of Cleveland and Olney's active interest in its passage. The enemies of the recent democratic administration will oppose the treaty in every way possible.

## IN HONOR OF GRANT.

Cruiser Talbot, Representing the British Government, Arrives at New York.

New York, April 19.—The British cruiser Talbot arrived this morning from Jamaica and anchored in North River. The Talbot will represent the British government in the naval display at the Grant monument celebration.

Just before passing the narrows, the Talbot saluted Fort Wadsworth. The Royal sugar commission is on board the cruiser.

## Two More Plums.

## Roosevelt Begins.

Washington, April 19.—Theodore Roosevelt assumed the duties of assistant secretary of the navy today.

## THE MARKETS.

Quotations by Telegraph for the Times' Commercial Readers.

(Paine, Murphy & Co's Chicago grain letter.)

Savannah, Ga., April 19.—As a result of the Easter holidays there was no Liverpool market this morning; consequently there was nothing official as to the world's wheat shipment and the amount on passage. The market here was influenced most entirely by the final declaration of war between Greece and Turkey, which created an exceedingly heavy trade and naturally rapid fluctuations. Initial quotations showed an advance over Sunday of about 4 cents per bushel. There was a quick drop of a half, then a rapid advance of 1 cent, after which the market sold off about 3½ cents per bushel, quieting down considerably the latter part of the session, and closing higher than Saturday's final figure. The visible supply decreased 727,000 bushels, or about what was generally estimated. St. Louis reports No. 2 red wheat having sold there today at 1.02½ per bushel.

Provisions opened strong and higher in sympathy with grain, but prices did not hold.

## The Cotton Market.

New York, April 19.—Cotton opened barely steady, 12 to 14 points below Thursday's close. The market ruled quiet throughout the session, closing steady at about opening prices.

	Opened.	Close.

## HUNTER HAS ENOUGH; COMES DOWN TODAY.

The Republicans, In Caucus, Will Name a New Candidate.

## THE DOCTOR WILL NAME THE MAN.

Not Improbable That There Will Be An Election At the Extra Session.

Frankfort, April 19.—It was given out at the Hunter headquarters this morning, apparently by authority, although not by Dr. Hunter himself, that he would withdraw after the ballot tomorrow, and that Senator Jones, chairman of the republican caucus, would call a new caucus for either tomorrow night or Wednesday morning. When asked if he would withdraw Dr. Hunter replied evasively. The nominee of the caucus will, of course, be dictated by Dr. Hunter. This lets out all thought of Col. St. John Boyle, for whom six bolting republicans have been voting.

Hon. W. J. Bryan arrived here from Louisville this morning and was given an enthusiastic welcome at the depot. He will witness the joint ballot of the general assembly at noon. It now looks as if there will be an election at the extra session after all.

A prominent Republican leader said this morning: "A senator will be elected at this session and he will be either Martin or a republican whose nomination Hunter will of course dictate."

## MONEY FOR INDIANS.

Senate Passed the Appropriation Bill, Then Took Up Arbitration.

Washington, April 19.—The senate today took up the Indian appropriation bill and agreed to amendments for the establishment of an Indian supply house at Omaha, Neb., and for two additional judges in Indian Territory.

The bill, as amended, passed. The senate then went into executive session on the arbitration treaty.

Washington, April 19.—The supreme court today refused the application for a writ of certiorari and habeas corpus by Elverton R. Chapman, the broker who refused to testify in the cases of those senators who are alleged to have speculated in sugar stocks while the tariff bill was before that body.

Chief Justice Fuller, who delivered the opinion, held that the senate, under its constitutional right to censure and expel members, had a right to investigate any alleged improper conduct of senators and could compel witnesses to give testimony.

The sentence of the supreme court of the District of Columbia to thirty days in jail and \$100 fine was confirmed by the supreme court.

## ROMEYN AND O'BRIEN.

The Sensational Courtmartial With a Woman In It.

Atlanta, April 19.—A sensational courtmartial will begin at McPherson barracks tomorrow, growing out of the fight between Captain Romeyn and Lieutenant O'Brien. The true cause of the fight is not known, but it is said that an insult to a woman is at the bottom of it.

The officers are very reticent as several ladies at the barracks, the wives and sisters of officers, will be involved in the investigation.

## Lost His Life.

Macon, April 19.—Sunday morning Mr. and Mrs. John Jackson, of this place, were in the cow lot when they heard screams from their children in the house. Going back quickly they discovered their 7-year-old son in flames, which they promptly extinguished, but were too late to save his life.

## LOTS OF LUMBER.

All the Georgia Mills Are Being Taxed to Their Utmost Capacity.

Mr. C. T. Airey, general agent of the Southern railway in this city, says the Macon Telegraph has made a tour of the great lumber districts of Georgia, and the report he brings back furnishes incontrovertible evidence that there is a substantial improvement in business conditions. The message he brings from the pine forests of Georgia, where hundreds of men are busily engaged in manufacturing lumber, where the whirr of mighty saws can be heard on all sides as they eat their way through the golden heart of Georgia pine, is a cheering one.

All of the mills are busy filling orders, and their capacity is taxed to the utmost. Every mill is behind in its orders, and still they keep pouring in.

The great car companies of the country are heavy consumers of Georgia pine. South Georgia mills are engaged now in filling orders for timber for different car companies, who have contracts to build 6,000 cars. This is but a tithe, however, of the demand. Railroad companies are all large consumers of the product of the pine forests of Georgia. Ship builders on the great lakes are large consumers of it, while the demand for it in the building trades of the larger cities is immense.

## AT THE TICKET WINDOW.

Clever Gus Montgomery to Be Succeeded by Rufus McCranie.

Mr. J. A. Montgomery, who has resigned his position as ticket agent at the union depot in order to give his whole time and attention to the management of the Brunswick Cycle company, will be succeeded by Mr. R. A. McCranie, who is at present serving the Plant System in the capacity of train dispatcher at Waycross.

Mr. Montgomery has filled the position ever since the joint office was created, and for many years previous was at the ticket window of the Plant System. Mr. McCranie is by no means a stranger to the people of Brunswick and the traveling public generally, and will ably fill the position made vacant by his popular predecessor.

## DAUNTLESS TO RETURN.

The Tug, Now Free From all Charges, Will Come Back to Her Old Haunts.

Brunswickians need not be surprised to see the famous tug Dauntless, which, owing to her various legal troubles, has been at Jacksonville for quite a long while, return to Brunswick and resume her regular work of towing in her home port.

THE TIMES has authentic information that the Dauntless will soon be on her old runs again, after a season of as lively experiences as ever fell to the lot of a steamboat. Brunswickians will be glad to hear again her forgotten whistle, and to see her at her former pier.

## Nashville's Big Feature.

THE TIMES acknowledges the receipt of complimentary tickets to the "Giant See-Saw," which will doubtless prove the most popular feature of the Nashville exposition. It consists of a tower 75 feet high, on which is poised a monster beam 160 feet long. From the ends of the beam are hung cars, similar to those on the Ferris wheel, with a capacity of 25 persons each. The passengers will be lifted by the see-saw process to a height of 150 feet from the ground.

## Lights Perhaps Tonight.

The incandescent electric lights will be turned on tonight or tomorrow night. A large force of linemen was at work yesterday connecting the wires, and everything, it is hoped, will be gotten in good shape today.

## SAVANNAH GIRL TAKES TO TIGHTS.

## HAD CAUSED A HORSEWHIPPING.

She Will Appear in Light Opera, Joining the Oriental Troupe at Charleston. The Story.

Savannah, April 19.—Miss Katie Masters left here today to join the Oriental Opera Company which is now in Charleston.

Miss Masters' father and brother some months ago horsewhipped one of the head clerks of Leopold Adler's store in this city for an alleged improper proposal to the young lady.

Her departure to join a theatrical troupe revives that sensation. The company which Miss Masters will join plays light opera and the ladies are dressed in tights. The young lady's venture is considered highly sensational here. She is the daughter of Police Clerk T. B. Masters.
