

Every Cloud Has a Silver Lining.

The clouds of bad blood enveloping humanity have a silver lining in the shape of a specific to remove them. It is Hood's Sarsaparilla, America's Greatest Medicine, which drives out all impurities from the blood, of either sex or any age.

A PERMANENT ADVERTISER.

Advertising is an art; that everybody knows; and never so much an art as in these days, when so much as careful work is done in writing advertisements as in writing editorials, says the Indianapolis News. A high authority says: "Advertising should be planned on the presumption that it is going to be permanent." That is a scientific statement. It means that advertising should be systematic, and not spasmodic; that it is a distinct feature and department, and should be administered. Announcements now and then cannot bring a train of steady benefits. They may do for sport sales, but when the sales run their course they are forgotten.

On the other hand, like the continuous dropping that wears away the stone, systematic advertising in an artistic way, day after day, year in and year out, becomes part of the reading matter of the newspaper. "You never miss the water until the well runs dry." Newspaper readers do not know, perhaps, how much entertainment and benefit they get from the advertising columns until they think about it. Then they realize that all these merchants who day after day talk to them through the newspaper columns are their friends and pleasant acquaintances, and they act accordingly.

The republicans are going to start a paper in Brunswick and will oppose Congressman Brantley for re-election. Will Brantley will go back all the same. The 2nd district would send him some votes if he needed 'em, but the boys of the 11th will take care of him.—Thomasville Times-Enterprise.

The mother would be horrified at the thought of letting her daughter wander away to a strange country without guide or counsel, yet permits her to enter that unknown land of womanhood without counsel or caution. Then, in utter ignorance, the maiden must meet physical problems whose solution will affect her whole future life. Dr. Pierce's Favorite Prescription has been well named a "God-send to women." It corrects irregularities, and imparts such vigorous vitality to the delicate womanly organs, as fits them for their important functions. Many a nervous, hysterical, peevish girl can be changed to a happy young woman after the use of Favorite Prescription has established the sound health of the organs peculiarly feminine. Every woman should possess a copy of the people's Common Sense Medical Adviser, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. The same book of 1008 pages in sub-stantial cloth for 31 stamps. Address Dr. J. C. Pierce, Buffalo, N. Y.

This big attraction comes Tuesday, Jan. 23, is a mammoth colored minstrel show of 45 people, and comes here commended as the funniest show on record. "Wright's Original Nashville Students" and Giddens' Grand Central Carnival—one of the biggest minstrel consolidations—represents the most liberal of amusement enterprises in this country. It carries 45 popular entertainers in the most enjoyable variety of acts presented to the amusement public. Fun runs rampant, and every feature is high-class and refined. Every act is different, and there is no surfeit of any one act; no "curtain waits" to mar the continuous round of pleasure. Expert wire walkers, acrobats, the famous Occidental Quartette of singers, an admirable quintette of mixed voices; jugglers, tumblers, and other interesting features, are bunched in enjoyable profusion and liberality. A grand Symphony Orchestra of skilled musicians play at every performance, and two big, peerless bands, with ten soloists, form a feature of its attractive street parade. Such an abundance of good features has, it is said, never been before gathered into one combination. Watch for its coming! Wait for its parade! A grand free concert, at 7:15 daily. Seats are now on sale, and the entire upper floor is reserved for the colored people.

Robbed the Grave

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken; tongue coated; pain continually in my back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement; I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at all drug stores.

The friends of Mr. Arthur Russell

will regret to learn that he has been suffering from a severe attack of rheumatism.

Hidden Beauty

In Egypt the custom is for Princesses to hide their beauty by covering the lower part of the face with a veil. In America the beauty of many of our women is hidden because of the weakness and sickness peculiar to the sex. If the Egyptian custom prevailed in this country, many sufferers would be glad to cover their premature wrinkles, their sunken cheeks, their unhealthy complexion, from the eyes of the world with the veil of the Orient.

Bradfield's Female Regulator

brings out a woman's true beauty. It makes her strong and well in those organs upon which her whole general health depends. It corrects all menstrual disorders. It stops the drains of Leucorrhoea. It restores the womb to its proper place. It removes the causes of headache, backache and nervousness. It takes the poor, debilitated, weak, haggard, fading woman and puts her on her feet again, making her face beautiful by making her body well.

Druggists sell it for \$1 a bottle. Send for our free illustrated book for women. The Bradford Regulator Co., Atlanta, Ga.

Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many patent medicines, but none relieved me.

Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy, and pronounced it free of poison or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was cured completely. The cure was permanent for I have never since had a touch of Rheumatism though many times exposed to damp and cold weather.

SWIFT'S S. S. S. For The Blood will cure perfectly and permanently. It is guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books mailed free by Swift Specific Co., Atlanta, Ga.
