CANDLER CAN'T COME.

Announces that He Will Not Attend
Maritime Congress.

Atlanta, Jan. 29.—Governor Candler today announced that he would not be able to attend the National Maritime Congress to be held in Brunswick, and in consequence there will be no joint debate between him and Mr. Edwin Brobston of Brunswick. The congress was called by Gov. Candler some months ago, and at that time he hoped to be able to arrange his affairs so as to be on hand. But the governor will not be able to go, as he will have to remain here to take up an important matter with the board of prison commissioners. Dispatches sent out from Brunswick yesterday stated that Mr. Brobston was going to make a speech taking issues with Governor Candler on the ship subsidy bill. Mr. Brobston favors the bill and Governor Candler opposes it. The governor said today that the discussion of such issues would be injecting politics into the movement, and that if this was done it would kill the good results that come from the holding of the convention. Governor Candler is known to be opposed to the ship subsidy bill, and no doubt would have had something to say on this line had he been able to attend the convention.

IT IS GOOD WORK.

Supr. of Public Works, D. Davis,
Cleans the Cemetery.

The TIMES CALL can certainly commend the work that is being done by Supt. of Public Works Davis. Especially is this true of Palm's cemetery.

Immediately upon the induction of the new board in council, Mr. C. W. Deming addressed a letter to Mayor Emanuel, calling his attention to the neglect that had characterized the treatment of this sacred spot.

Mayor Emanuel and Acting Mayor du Bignon referred the letter to Supt. Davis, and he put a force of hands in the cemetery. The result is, that this place is now in better shape than it has been for years, and its clean condition reflects credit upon the officials who have interested themselves in the work of improvement.

KILLS HIS FATHER

It is Said the Young Man Was Pro-
tecting His Mother.

Anderson, Texas Jan. 29.—Robert Jones, aged nineteen, today shot and killed his father, Constable R. H. Jones, at Courtney, near here. Jones, it is alleged, was beating his wife with a whip when the boy shot him.

EVERYBODY DECORATE.

The city of Brunswick through Acting Mayor du Bignon and the Board of Trade through President Aiken requests our merchants business men and masters of vessels to decorate today. The Maritime Congress is a national event and everybody should show their patriotism by a liberal use of bunting, flags, etc.

RIOT AT A TURPENTINE CAMP.

One White Man Killed and Several
Negroes Wounded.

Dade City, Fla. Jan. 29.—New reaches here that a riot broke out at a negro dance at Rice & Phelps' turpentine camp near here, at 1 o'clock Sunday morning and that Dan Childers, a white man, was killed and another white man named McNeil fatally wounded. Three negroes, two women and one man, were also shot and seriously wounded. The white men, it is stated, were only looking on and did no shooting. McNeil is yet alive, but cannot recover. The two negroes, Will Roberts and Will Wright, who, it is alleged, did most of the shooting, have escaped.

FELL FIFTY-FOUR FEET.

Greenville, S. C. Jan. 29.—This morning J. H. Coker, machinist, working for Saco & Pettie, of Bideford, Me., stepped to his death at the Monaghan mills. He had been engaged to place machinery in the Monaghan mills by Saco & Pettie. Saturday he completed some work at the mills of the American Spinning Company and went to the Monaghan mills this morning to place machinery. He went up the stairway to the third story, opened the door leading to the main room and stepped into and elevator shaft, falling fifty-four feet to the first floor, killing him instantly. Coker was not acquainted with the building and knew nothing of the elevator shaft being open.

Just received a large shipment of Embroideries, including Battenburg and all materials pertaining thereto. Miss Kate Slater.

BOARD OF TRADE MEETING.

Mr. Brobston is to Make the Address of
Welcome as First Stated.

The Board of Trade held a well attended meeting at their room in the city hall yesterday morning and after some hot discussion it was agreed that Mr. Edwin Brobston should make the address of welcome at the Maritime Congress. Space and other reasons forbid the report of the same this morning but it will be published in full Saturday and also an editorial on the subject.

Just received a large shipment of Embroideries, including Battenburg and all materials pertaining thereto. Miss Kate Slater.
