

TOWN NOTES.

Morris Coming.

Judge Morris, republican candidate for Congress in this district, will speak in the village hall on Saturday evening, Sept. 15th. We learn this just after going to press.

At the Republican County Convention, which was held at Bemidji in Beltrami Co., last Thursday, we learn that Al Hazen who formerly lived near Parkers Prairie, received the nomination for sheriff, which will be good news to his many friends in this vicinity.—Eagle Bend News.

Ed Kaiser received a handsome present of a large box of assorted garden truck Saturday from J. W. Speelman, the Summit Hotel keeper and gardener. Were it not a present, Mr. Kaiser would be tempted to forward it to the state fair as a fair example of what Beltrami can produce in that line. It certainly would surprise some of those fellows who think our soil is not the "best ever" for gardening.

Mr. Speelman enclosed in the box a poetical gem, which breathes the right kind of a sentiment:

"The man who grows the pumpkin
Is the man who plows all day;
The man who does the humping
Is the man who makes the hay."

Parties wishing the services of an experienced locator in the vicinity of Sturgeon Bay, should write to or call on A. R. Button, Bemidji, Minn.

They say that the birds are fairly numerous and quite tame.

W. A. McNulty, wife and daughter, of Toledo, Iowa, have been spending some time with acquaintances in the county. Mr. McNulty is troubled with hay fever and his visit here has almost decided him to locate in the land where hay fevers cease to trouble and the wearies are at rest.

A Famous Product.

There is made in Minneapolis a famous product which gladdens the heart and nourishes the body of those who are fortunate enough to use it. What is it? "Golden Grain Belt" Beer, brewed from pure barley malt and hops and sold in pints and quarts. Order from your dealer or from Fred Hazen, Bemidji.

In India, the land of famine, thousands die because they cannot obtain food. In America, the land of plenty, many suffer and die because they cannot digest the food they eat. Kodol Dyspepsia Cure digests what you eat. It instantly relieves and radically cures all stomach troubles.—F. A. Mayo.

PRESBYTERIANS COME.

All kinds of people have come to Bemidji the past few months to view the Eden of natural beauty. And now the ministers of the Duluth Presbytery have decided to hold meeting in this place. This will bring perhaps half a hundred distinguished workers from various parts of the state, most of them from the east, Tuesday, Sept. 18. A mass meeting will be held in the city hall on the evenings of Sept. 18 and 19. Everyone is invited to attend these meetings.

A new house 24x24, all nicely finished, inside and out, for sale for \$475 including a lot, centrally located. A snap. Call at Abstract office in the Court House, Bemidji.

EXCURSION COMES.

Ted Smith reports that an excursion from Minneapolis to Bemidji is one of the certainties of the near future. The French people in that city have a sort of religious society under the auspices of which they give a summer excursion. Last week Mr. Smith succeeded in getting the managers and railway company to make the excursion a general one, so that all classes may come. The excursion will strike Walker, Cass Lake and Bemidji and continue at least three days. As Walker and Cass Lake have been visited before by many Twin Cities people, Bemidji ought to get the bulk of the crowd, which would mean a big thing.

As this will probably be the last excursion of the season, our people ought to get a hustle on, dig deep into their pocket books for preliminary expenses and make a good impression on these visitors. Mr. Smith has been active in securing excursion crowds, and this last effort of his ought to be appreciated by our people with hearty co-operation.

Millions will be spent in politics this year. We can't keep the campaign going without money any more than we can keep the body vigorous without food. Dyspepsia used to starve themselves. Now Kodol Dyspepsia Cure digests what you eat and allows you to eat all the good food you want. It radically cures stomach troubles.—F. A. Mayo.

FUSION DELEGATES.

The Populists of the county met at the court house Thursday afternoon to elect delegates to the state, legislative and congressional convention. David Booth presided as chairman and B. R. Wethern, of Moose, our present member of the legislature, acted as secretary. Twenty-two precincts were represented by sixty-nine delegates.

Iver Krohn, P. H. Peterson, O. G. Lee, Jas. Revor, I. M. Baker and J. L. Reynolds were elected as delegates to the state convention, which is held to-day in Minneapolis.

Iver Krohn, P. H. Peterson and O. G. Lee, to the congressional convention at St. Cloud.

David Booth, A. R. Cobb, Thos. Bailey and O. M. Skinvik will attend the legislative convention to be held in Bemidji, Sept. 10.

The democrats the next day met and selected A. Gilmour, J. P. Taylor, Andy Clavin and P. J. Russell as delegates to the state convention.

There seems to be perfect harmony among the fusion forces and every delegate was more or less confident of more or less victory in the coming campaign.

Mothers endorse it, children like it, old folks use it. We refer to One Minute Cough Cure. It will quickly cure all throat and lung troubles.—F. A. Mayo.

MARRIAGE MAXIMS.

We dedicate the following quotations from famous authors to Mr. D. K. McPherson, of the PIONEER force, who is at present at Winnebago City, Minn., where his marriage to Miss Lillian Herring was announced to take place yesterday:

Hail, wedded love, mysterious law, true source Of human offspring, sole propriety In paradise of all things common else! —Milton

Domestic happiness, thou only bliss Of paradise that has survived the fall. —Cowper.

Though fools spurn Hymen's gentle powers, We who improve his golden hours, By sweet experience know That marriage rightly understood Gives to the tender and the good A paradise below. —Cotton.

The best time for marriage will be towards thirty, for as the younger times are unfit, either to choose or to govern a wife and family, so, if thou stay long, thou shalt hardly see the education of thy children. —Sir Walter Raleigh.

As a walled town is more worthless than a village, so is the forehead of a married man more honorable than the bare brow of a bachelor. —Ibid.

She is my own: And I as rich in having such a jewel. As 20 seas, if all their sands were pearl. The water nectar and the rocks pure gold. —Shakespeare.
