## NEWS NOTES ABOUT OUR BOYS IN SERVICE

Jalmar Sather has safely arrived "over there," according to a message which his father received.

Lon Bradley, who has been home on a furlough to see his sick father, left last Thursday for Ft. Casswell, S. C.

Harold Swanson, son of Mr. and Mrs. H. M. Swanson, of this city, has safely gotten across the Atlantic, so a card received last week states.

Ed. Nelson, who has been home on a furlough all spring to help his parents put in the crop, left for San Francisco last Friday to resume his army life.

Arthur Golden received Monday of this week a postal from his brother Albert, now with the national army, with the brief but welcome message: "Have arrived safely overseas."

Hilmer Erickson and Arvid Bloomquist have been transferred from Pittsburgh, Pa., to Camp Wadsworth, Spartanburg, S. C. They state that so far army life has been very interesting to them and think they will like it first rate after getting better acquainted with the work.

Judge Grindeland received a letter this week from son Ingolf, who is in France. He was well at the time of writing and says that most every day battles in the air may be seen at a distance. On clear days he also often sees the infantry in action on the firing line.

## CROPS AND THE WEATHER.

Generous showers fell in this locality last Sunday and Sunday night. The rain appeared to be general. Supplied with plenty of moisture the crops await warmer weather to produce rapid growth. The cool weather, nevertheless, has the advantage of causing the wheat to root firmly, thus insuring a strong and vigorous plant. Never since farming began in the Red River Valley have crops looked better at this time of the season.

## THREE STATES TO VOTE ON DRY AMENDMENT

Prohibition Leaders Say Only Four More Wet States Needed to Exile King Alcohol From U. S.

Washington, May 18.—The next state vote on the federal prohibition amendment will be Louisiana, where the legislature meets this month. This is one of the 15 "wet" states which have yet to vote.

Prohibition workers here say that only four more "wet" states are needed. Already five wet states have voted for the amendment, with six dry states, making 11 states on record for nationwide prohibition. In all there are 27 states which have passed state prohibition laws; 21 of them still have to vote on the amendment.

Dry leaders believe these 21 will vote "yes," which added to the 11 leaves the amendment four states short of adoption. These four must be gained from the so-called "wet" column.

Anti-amendment workers claim that some of the dry states will vote against national prohibition and already in one, Alabama, a warm anti-amendment fight is being led by Senator Underwood.

The Georgia legislature meets in June. The state now is dry. Indiana, which recently went dry, is expected to call a special session of the legislature to vote on the ratification. New York is the only state which has voted to refer the amendment to a popular referendum.

Florida and Tennessee may be the last states to vote as they have constitutional provisions prohibiting the ratification of an amendment by a legislature elected before the amendment was submitted.

Thirty-five state legislatures will meet next January, and until then the fate of the federal amendment will not be settled.

The dry states which have voted for ratification are: Mississippi, Montana, North Dakota, South Dakota, South Carolina and Virginia—6.

Wet states voting for the amendment: Delaware, Kentucky, Maryland, Texas (voted also to make state dry) and Massachusetts—5.

Dry states which will vote: Washington, Oregon, Idaho, Utah, Arizona, Colorado, New Mexico, Nebraska, Kansas, Oklahoma, Iowa, Arkansas, Michigan (dry May 1), Indiana, Tennessee, Alabama, Georgia, North Carolina, West Virginia, New Hampshire and Maine—21.

Wet states to vote: California, Nevada, Wyoming, Minnesota, Wisconsin, Illinois, Missouri, Louisiana, Ohio, Florida, Pennsylvania, New York, New Jersey, Connecticut, Vermont, Rhode Island—16.

## TO INSTALL TIRE VULCANIZING PLANT

The Warren Auto Co. has purchased the old cigar factory building south of the Lyons House from Frank Seign and will move it to a location east of their garage, where it will be remodeled and used for a tire vulcanizing plant. Modern equipment for such a plant will be purchased and the work will be in charge of competent and experienced workmen. The Auto Co. expects to have the plant in operation before July 1st.

## Married.

Andrew Strandquist and Lilly Thall were married at the Swedish Mission parsonage, by Rev. C. W. Olson, at 3 o'clock on Saturday afternoon, May 19, 1918. Both bride and groom are highly esteemed young people of Strandquist, where a large circle of friends congratulate them and wish them a happy married life.

## POLK COUNTY BOY ACCIDENTALLY KILLED

In the town of Eden, on Friday afternoon, May 10, John Pietschette, aged about 13 years, oldest son of Mr. and Mrs. Jos. Pietschette of that township, died from a result of a sad and fatal accident while at work in the field with horses. The boy and father had unhitched the team from the drag, and were in the act of hitching them to the sulky plow, the boy standing at the animals' heads while the father was preparing to hitch up the team to plow, and in doing so, he raised up the pole of the sulky plow in order to place it between the horses, when they became frightened, knocking the boy down and trampling him under the horses heavy feet. His body was badly bruised and crushed—no human skill could save him—and died one hour after the accident.—The Gully Advance.

## Red Cross Drive Going "Over Top"

CHEERFUL REPORTS ARE COMING IN FROM WORKERS ALL OVER THE COUNTY.

## WARREN'S \$4,800.00 HAS BEEN RAISED IN FULL

The Red Cross campaign in Marshall county is now on in real earnest and present indications are that the full quota will be reached by every municipality.

Eagle Point, in the extreme northwestern corner of the county, was the first township to report having oversubscribed its allotment of \$180. The amount raised at the time report was sent was \$220.50.

The committee that has charge of the drive in Warren met last night and we here are able to announce that Warren's quota of \$4,800 has been raised in full. However, as the need is great, the committee desires to do better than that. Those who may not yet have had a chance to give are requested to see the committee at once and make their contribution.

In Newfolden an auction sale was held for the benefit of the Red Cross on Friday of last week at which Julius J. Olson, of Warren, was present and gave a fine talk that helped greatly in getting things started right. The sale brought about \$940, which is \$100 more than required to pay up the apportionment of Newfolden village and township, and also of the townships of New Maine and Marsh Grove. Well done, to be sure!

When it comes to giving to the Red Cross everybody should come forward and contribute according to his means. No one should base his subscription on what somebody else gives, but give every dollar he can spare. It is all for the boys over there. When all the reports are in, it is to be hoped that the great county of Marshall, which now rejoices over the prospects of a big crop, will be found way over the top.

## GOOD WORK DONE BY DEMONSTRATION NURSE

Marshall county has had a Demonstration Nurse since March 12th, although a part of the time has been given to Pennington county and Roseau county. Up to April 15th, she worked on time given by the Minnesota Public Health Association for the sale of Christmas seals. The County Board has appropriated four hundred dollars toward the work. And at a meeting of the Marshall County Public Health Association on March 29th, it was voted to use this money in the continuation of the work begun.

Miss Hanson, the nurse, some time ago made the following report of her work in our county:

Tuberculosis families visited ..... 42  
Tuberculosis patients visited ..... 16  
Suspected cases ..... 17  
Patients examined ..... 19

## WOMEN MAY TAKE RURAL CARRIER EXAMINATIONS

The United States Civil Service commission has announced an examination for the county of Marshall to be held at Warren on June 8th to fill the position of rural carrier at Alvarado and vacancies that may later occur on rural routes from other postoffices in the county. The examination will be open only to citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth. Application blanks may be obtained from the offices mentioned or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the commission at Washington at the earliest practicable date.

During the continuance of the present war the commission will, in accordance with the request of the post office department, admit women to rural carrier examinations upon the same conditions as men.

## VOLUNTEERS JOIN THE ARMY

Neil Morrissey of Gatzke, and George A. Phillipson, of Middle River, left on May 17 for Camp Sevier, Greenville, S. C. Theodor Peterson, of Argyle, left on the same day for Fort Benjamin Harrison, Indiana. Sander M. Nygaard, of Grygla, and Peter Nygren, of town of Alma, left on Monday for Camp Dix, Wrightstown, N. J. All the above young men have volunteered for military service as workers in the aviation section.

## TOTAL ECLIPSE OF SUN DUE SATURDAY, JUNE 8

Will Be Visible As a Partial Eclipse at Warren From About 5 to 7 P. M.

One of those interesting natural phenomena, an eclipse of the sun, will take place on Saturday, June 8, and will be total in a path stretching diagonally across the United States from the southern boundary of Washington state to Florida. The width of the path of the shadow will vary from 70 miles on the Pacific coast to 58 miles at Denver and 44 miles in Florida. North and south of this path, the eclipse will appear as partial, that is, only part of the sun's disc will be hidden by the moon as the latter passes between the earth and the sun.

At Warren the eclipse will commence about five o'clock, daylight saving time, in the afternoon and continue until about seven o'clock, reaching the maximum period at about six o'clock.

## CANDIDATES FILE FOR COUNTY OFFICES

There are now five candidates who have filed for County Commissioner in the fifth district, namely, T. Aasland, C. E. Williams, C. T. Olson, Oscar Hovelsos and Otto Hohle, A. O. Fladeland, the present Commissioner from this District is said not to desire re-election for another term.

Irving E. Quist, the present County Surveyor, has filed for re-election. Fred Bakke has filed for re-election as County Treasurer.

Justice Carlson, of Warren, filed today as a candidate for Sheriff.

May 28th is the last day on which candidates may file for a county office. It is believed that by that time there will be one or more candidates for each office to be filled and that no office will need to go a begging.

## Legislative Candidates, 67th District.

For State Senator: N. S. Hognes, of Marshall county; J. G. Holmstrom and Roger J. Bell, of Roseau county.

For Representatives: Marshall county—C. L. Stevens, H. O. Berge; Roseau county: Louis Enstrom; Kittson county: Victor Holmquist.

Candidates for Congress, 6th District: Halvor Steenerson, republican; Frank M. Barton, republican.

## SUNDAY WAR LECTURES WERE WELL ATTENDED

Sergeant Northmore, of Winnipeg, a returned soldier, gave the illustrated lectures on the war under the auspices of the Home Guards, to well filled houses at the Strand on Sunday afternoon and evening. Mr. Northmore told of the terrible conditions in the war-torn countries in a plain, matter-of-fact way. "The trenches," he said, "are no place for a white man." He said there was great rejoicing in both England and France when the United States finally decided to come to their assistance. The war pictures were the best that have been shown here and they told the tale of the gigantic war activities much better than could ever be done in words. The proceeds netted the Home Guards a neat sum to be used in procuring equipment.

## PREPARING FOR ANNUAL MISSION FESTIVAL

The Zion Lutheran church is making preparations to celebrate its annual Mission Festival. The purpose of these festivals is to arouse interest in mission work at home and abroad and to make people acquainted with the Lutheran church and her practices. Prominent speakers are being obtained for the day and a big treat is in store for all. A committee on entertainment has been appointed to look after the visitors and care for the inner man. A large crowd is looked for. Watch for date and place.

## Error in Oak Park.

Owing to an error in reporting to the undersigned, Oak Park was listed as subscribing \$14,250 Liberty Bonds, while their actual subscription was \$16,050. This is such a remarkable showing from that splendid township that I take this means of correcting the error.

H. L. WOOD,  
Chairman.

David Johnson, of Vega, returned Sunday from a couple week's stay at Minneapolis and Jordan, Minn., at which latter place he sought relief for his rheumatism at the famous mud baths. He reports little or no rain so far in the southern part of the state.

## YOUNG MEN OF 21 MUST REGISTER

Local Board of Marshall County Appoints 14 Registrars to Have Charge of Registration.

By virtue of a law that has just been passed by Congress and approved by the President, all young men in the county who have become 21 years of age since the last registration, June 5, 1917, are required to register and the day of registration has been set for June 5, 1918. The local boards are to have charge of the registration in their territory. For the convenience of registrants the local board in Marshall county has appointed fourteen men residing in different parts of the county as registrars to have charge of the registration for the townships and villages of their immediate vicinity. All young men who have reached their 21st birthday since June 5th last year must proceed to the place of registration for his locality on Wednesday, June 5th, this year, and register his name. The following are the names of registrars, places of registration and villages and townships assigned to each:

Eagle Point and Fork—C. G. Flaten, registrar; Place, at his home in Section 16, Fork Township.

## Home Guards Have Uniforms.

The recently organized Home Guards have just received their uniforms which were ordered from Hais Urtes about ten days ago. They are neat and well made and the boys are very much pleased with them as well as grateful to Mr. Urtes for his liberality in furnishing them at cost. The promptness as well as the capacity of the house with which Mr. Urtes deals, also is worthy of mention, the 68 uniforms having been made up and shipped here in less than eight days after receiving the order. The boys will all wear their uniforms at practice Thursday evening and will also have them on when the drafted boys leave Monday.

## PLAN TO ERECT EXHIBIT BUILDING AT CROOKSTON

During the past few weeks there has been inaugurated in this section of the state a big movement which will do much toward stimulating greater production of livestock in the Red River Valley. Representatives of the Red River Valley Livestock Breeders' Association, Northern Minnesota Poultry Association, Red River Valley Development Association, and County Farm Bureaus, held a meeting last week to discuss plans for the erection of a permanent livestock exhibit building in Crookston and for holding a big winter livestock sale during the Farm Crops Show Week.

Such a building will do much to develop in this section an added interest in livestock production as the Red River Valley is destined to be a great livestock section. It is expected the movement for the erection of this building will meet with the support of all the organizations in the Valley.

The committee which is to secure plans and to ascertain the cost of land, etc., will report at the summer meeting of the Livestock Breeders' and Development Associations to be held in Warren, June 20 and 21. A building similar to that in which the Winter Live Stock Show at Brandon is held will meet the needs of Northwestern Minnesota.
