

WARREN SHEAF

JOHN P. MATSON,
Editor and Prop.

Published Every Wednesday.
Entered in the Post Office at Warren
as Second Class Mail Matter.

Official paper of Marshall County.

The Goodridge Banner has been sold
to S. Arneson, of Thief River Falls,
a brother of J. Arneson, publisher of
the Thief River Falls Tribune.

Mrs. Julia Hughes, of Crookston,
has filed for the office of county auditor
of Polk county. She is the proprietor
of a business college and said
to be very competent.

Arthur E. Wilson, 30 years old, city
corporation counsel, was elected mayor
of St. Paul at the city election May
2, by a majority of 12,000 votes over
William Mahoney, labor candidate.

A pure bred Jersey cow at Estlin,
south of Regina, Sask., recently gave
birth to five calves, all normal, weighing
about 20 pounds each. Last year
she had three calves. May her breed
multiply.

A horse named Clover in New York
state has entered his 51st year, a
remarkable old age for a horse. Better
living conditions are probably contributing
to the longevity of the equine
race as the human race.

A Princeton professor claims to have
invented a perpetual light which he
calls Lucifer, and which is cold and
may be bottled up, like moonshine,
and carried in the pocket. The new
light would supersede electricity and
all other forms of artificial illumination.

Souvenir coins, \$250,000 in silver
half dollars and \$10,000 in gold dollars
were minted for the General
Grant Centenary, April 27, and will be
sold at a premium, the proceeds to be
used for erecting a memorial to the
general at Bethel, Ohio, and for the
construction of a memorial highway
from New Richmond, Ohio, to Point
Pleasant, where the general was born.

The towns of Ada and Hillsboro
have accepted propositions of the
Northern States Power Co. to furnish
electric current. Ada to be supplied
from the plant at Fargo and Hills-
boro from Grand Forks. The Northern
States Power Co. operates in
350 to 400 cities in the Northwest,
including the Twin Cities. The plans
of the company for the future include
developing two water power sites on
Red Lake river near Red Lake Falls
and extend the Ada line to that place.

The Halstad Journal inquires: "Isn't
it time that we began to give as much
attention to the boys and girls as we
do to the blooded stock? The stock
is petted and pampered but most of
the boys and girls are allowed to run
wild and grow up like weeds in the
fields. We may brag about our crops
of corn, our herds of cattle, our droves
of hogs, but the best crop that we
produce in these United States of
America consists of boys and girls—
the future rulers of our country."

There are no sales of lands at boom
prices in the Red River Valley at
present, but there are signs that our
lands are looked upon with favor all
over the country. Just recently real
estate men have had offers to trade
California lands for Red River Valley
lands, and also offers to trade eastern
city property for Minnesota land, the
positive stipulation being that "only
Red River Valley land would be con-
sidered." Poorer lands in Southern
Minnesota at several times the price
asked here, are not wanted.—Norman
County Index.

This is the annual spring clean-up
week. Not only in the villages and
cities are the people urged to make
a general and thorough cleaning up
of their premises, but in and about the
country homes there is also need, and
often great need of a thorough clean-
ing up process. Manure piles, rubbish,
outhouses and other menaces to the
health of the family should be re-
moved. Water supply should receive
special attention to make sure that
it is kept pure and wholesome. A
farm yard where old machinery of all
description is strewn about is not a
very inviting scene. A well raked
lawn, a few flowers and shrubs, some
trees, a painted gate and a fence in
good repair add greatly to the attrac-
tiveness and home-like appearance of
a place.

"Business Goes Where It Is Well Treated."

Advertising makes a town, there-
fore, the men who do the advertising
of any town are the makers of it and
should have the credit for doing so.
In Northfield, as in all towns there
are some non-advertisers—men who do
business, or try to, with never a cent
spent for advertising. These fellows
get part of the benefit from their pro-
gressive neighbors' advertising; there-
fore in a sense, they are mooching
on their neighbors' investment. When
you come to town to spend your
money you should always try to trade
with the firm that spends its money
freely for advertising, for that is the
kind of people that makes your town
and keeps it going. The News be-
lieves this is done very largely. The
people are rapidly learning that it
pays to trade where they are invited
and many will shut the store that
does not think enough of their busi-
ness to solicit it. "Business goes
where it is well treated."—Northfield
News.

Health On Wheels

Public Health Made Interesting Thru
Movies and Popular
Demonstrations

Moving pictures on health, brought
to remote rural communities, as well
as villages and towns, are made pos-
sible by the manufacture of electricity
by a special generator on the touring
car of the nurses who will go out
under the auspices of the Minnesota
Public Health Association and the
County Public Health Associations to
carry the message of health to the
far corners of the state.

To teach the people in plain, simple,
and understandable terms, the Min-
nesota Public Health Association has
equipped two nurses with outfits and
is sending them into the state to dem-
onstrate the advantages of taking
disease in hand in its early stages.
The people should know that in Min-
nesota, 94 per cent of the cases of
tuberculosis which have been given
sanatorium care in the early stage of
the disease, have been arrested.

A life size washable doll, baby's
bath tub, milk bottles, pots, kettles,
pans, an assortment of clothing, scales
for weighing, a portable stove for pre-
paring food and sterilizing utensils
will comprise part of the equipment
for demonstrating a cheaply and easily
improvised outfit for the proper
care of the baby.

Wherever possible, the nurses will
begin nutritional classes to be taken
up and continued by Woman's Clubs,
or parents' and Teachers' Associations.

Pamphlets on subjects such as Tu-
berculosis, Cancer, Care of the Eye,
Teeth, and so forth, will be distrib-
uted to Woman's Clubs, Commercial
Clubs, Parents' and Teachers' Associ-
ations, and other organizations that
health studies may be made a regular
feature of their monthly meeting.

The entire demonstrational activity,
as all activities conducted by the County
or State Public Health Associations,
is supported entirely through the sale
of Christmas Seals.

MARTIN WIDSTEN APPOINTED RECEIVER OF LAND OFFICE

The President has named Martin
Widsten, editor of the Warroad Pioneer,
for the position of Receiver of
the U. S. Land office at Crookston to
succeed J. P. O'Connell, formerly of
Warren, who was appointed by Pres-
ident Wilson. Mr. Widsten is a very
capable and deserving man and is to
be congratulated upon his appoint-
ment.

CONGRESS PASS SPECIAL ACT

Government Survey of 1876 Found to
Be Erroneous.

Washington—In order that 12 set-
tlers near McIntosh in Polk county,
Minnesota, may not lose their rights
to approximately 400 acres of land
now held by them, a remedial act was
passed by the Senate. It has already
passed the house.

These settlers acquired the land,
and later it was found that the govern-
ment survey of 1876 was erroneous.
Squatters took possession of some of
the land. The matter has been in the
courts for some time. It was finally
decided that the only way to correct
the mistakes of the surveyors of the
public lands was by an act of Con-
gress.

The act provides that the settlers
who now find themselves on unsur-
veyed land can acquire the same by
the payment to the government of
\$1.25 per acre, provided they have ac-
quired, occupied and improved such
land in accordance with the original
survey.

WORLD FLAG SENT TO GENOA

American Citizens Sends Flag As Em-
blem of All Nations.

Chicago—A world flag, with a red
cross and white moon and star on a
purple field, has been forwarded to
the Genoa economic conference with
a suggestion for its adoption, by Harry
S. McCartney of Chicago. A similar
flag was sent to the disarmament con-
ference in Washington recently.

The sentiment of this "flag of all
nations" was expressed in an attach-
ed card: "The cross—the most uni-
versally accepted emblem of sacri-
fice for others—resting across the
highway of the future; the star of
hope and life's fruition; and the wak-
ing moon, symbolical of an ever-grow-
ing and ever buoyant cause."

May 10 Not Too Late.

Fargo, N. D.—Seeding is in full
blast in the Red River valley, accord-
ing to a statement issued by E. L.
Wilson, Cass county agent.

"Many farmers sow wheat regularly
as late as May 10 and except for the
danger of rust and blighting winds in
July this is not a detrimental prac-
tice," Mr. Wilson said. "We have a
chance for a wonderful wheat crop.
Much depends on the weather during
the summer. If we have cool weather
at critical times in the development of
the wheat plant late sown wheat some-
times makes wonderful yields."

ANNOUNCEMENT For Senator of 67th Legislative Dis- trict:

I herewith announce myself as a
candidate for senator of the 67th
legislative district subject to the de-
cision of the voters at the June pri-
mary election. Your support will be
greatly appreciated.

Respectfully yours,
Magnus O. Kleven,
Oslo, Minn.

TO THE VOTERS OF MARSHALL COUNTY:

I hereby announce myself as a
candidate for Sheriff of Marshall County.
Should I be nominated and elected I
pledge my best efforts to conduct the
duties of the office to the best of my
ability.

Respectfully,
Ben. Fisher.

Minnesota Climate Promotes Long Life

Mrs. Gooselaw, senior, is believed to
be the oldest resident of Kittson coun-
ty. She was 96 years old last Jan-
uary. Mrs. Gooselaw is very healthy
and does the cooking and housework
for herself and sons Roger and Frank.
She does not wear glasses and can
thread a needle quite easily. During
the past winter she made a patch-
work quilt. Mrs. Gooselaw is mother
of 12 children, eleven of whom are
living. Harry Gooselaw of this vil-
lage is held oldest living son or
daughter, he being over seventy years
of age. One son, older than Harry
was drowned in the Red River when
seventeen years of age. Mrs. Gooselaw's
father was 100 years old when he
died and her mother was 101.—St.
Vincent New Era.

Mrs. Nancy Villebrun of White
Earth, who came to Mahanomen to
attend the funeral of her grandson,
John P. Turpin, is probably the oldest
person in this part of the state. She
is 105 years of age. While in Mahanomen
she staid at the home of her
daughter, Mrs. Chas. Lieth. She
walked from the Lieth home to the
church for the funeral, and would
have walked to the cemetery had she
been allowed to. Mrs. Villebrun has
sixteen grandsons and twelve grand-
daughters living, and has twenty-eight
great grand-children. She had seven
grandsons in the world war. She still
does her own sewing and never wears
glasses.—Mahanomen Pioneer.

AUGSBURG RESIDENT DIES AT AGE OF 103

August Grebowski, for 27 years a
resident of the Town of Augsburg and
probably the oldest resident of Mar-
shall county, died Sunday, April 23rd,
at the home of his son Frank, with
whom he had resided since his re-
tirement from active farming some
fifteen years ago. Mr. Grebowski con-
tinued active until he had passed his
100th birthday, over three years ago,
since which he had been confined to
his bed the major part of the time
until death closed his eyes in the last
long sleep.

Mr. Grebowski was born at Stohn,
Poland, Nov. 17th, 1818, at which
point he was married to Miss Mary
Kozlowski in 1836. Several years fol-
lowing the death of his wife, he mar-
ried Miss Annie Zanawski, in 1862,
and with his family came to America
in 1884, settling at Menasha, Wis.
Later, in 1895, the family came to
this city, Mr. Grebowski having pur-
chased a farm in Augsburg township
upon which they have since lived.

Deceased is survived by his wife
and four children, Mrs. Francis John-
son, of Poland; Mrs. William Kroll,
of Grafton, N. D.; Frank, of this city,
and Tony, of Minneapolis. All of the
children, with the exception of the
first named, were present at the fun-
eral services, which were conducted
at the Florian church Tuesday morn-
ing. Rev. Father Skopowski read the
service and officiated at the church
cemetery, where the remains were in-
terred.—Stephen Messenger.

99 YEARS OF AGE

Last Sunday Grandpa Christopher
Sather of Badger celebrated his 99th
birthday. Among those present were
Mr. and Mrs. Carl O. Christianson
and Mr. and Mrs. Adolph Erickson of
Greenbush and Mr. and Mrs. B. O.
Christianson of Haug. Grandpa Sath-
er is an uncle of Carl and B. O. Chris-
tianson and makes his home with Mr.
Forness, who is a brother of Mrs.
Adolph Erickson. He has good eyesight
and is able to be up and around and
take care of himself and sees no reason
why he should not pass the cen-
tury mark.—Greenbush Tribune.

Use monogram stationery for your
correspondence. The Sheaf can print
elegant monograms of any initials. Call
and see samples.

Chi-Namel Porch Furniture Enamel

For brilliant porch and lawn furni-
ture effects to harmonize with Na-
ture's outdoor beauty. Water and
weatherproof. Self-Leveling, hence
easiest for amateur application. Color
and gloss in one operation.—Peoples
Trading Co.

THE CHURCHES

Sundays of each month. Services at
Oslo second and fourth Sundays of
each month. Mass at 10:30 in each
place.

"O PROMISE ME...."

If she has "promised," and
we hope she has, then you
will soon want to pick out
the engagement ring. The
ring which symbolizes the be-
trothal is the most precious
ring the girl ever will re-
ceive. Naturally you want to
give her a ring which is cor-
rect in design, and which she
will feel justly proud of.

You will find here a truly
magnificent assortment of
fine diamonds, and we invite
your inspection of these col-
lections at your convenience.

D. FARRELL

Have Your Winter Clothes Dry-Cleaned!

Do not let your winter garments hang all
summer without first having them dry-cleaned.
Look ahead and anticipate your need of these
garments next year. If you want them to look
new, with their shape and appearance well pre-
served, they should be cleaned and pressed be-
fore being put away in moth balls and cedar
chips.

TAILOR

Card of Thanks

We wish to express our apprecia-
tion of the kindness shown us by our
friends and relatives during the ill-
ness and at the time of death and
burial of our beloved husband, son
and brother, William. We thank
those who sent the beautiful flowers.

Mrs. Wm. Sorenson,
Peder Sorenson, Sisters
and nephew Percy Hanson

Card of Thanks

We hereby wish to express our most
heartfelt thanks to all relatives and
friends for their kind assistance and
sympathy during the sickness and
death of our beloved husband, son and
brother; also for the last bestowment
of floral gifts in loving remembrance
of the departed.

Mrs. Charles J. Anderson
Mr. P. E. Anderson
Mr. and Mrs. Axel Ander-
son
Miss Hilda Anderson
Mr. Erick Anderson.

We sell Mascot and Cremo flour.
Give us a trial.—Farmers Mill and Ele-
vator Co.

Evils of Constipation.

Perhaps the most serious of the dis-
eases caused by constipation is appen-
dicitis. If you would avoid this dan-
gerous disease, keep your bowels regu-
lar. For this purpose Chamberlain's
Tablets are excellent, easy to take and
mild and gentle in effect.
