## FINANCIAL.

MORNING REPORT. New York, Feb. 19,-11 a. m.-Stocks spened strong and higher, advancing 1/2 to 1/2 per ent., the latter on Union Pacific. Subsequently there was a decline of 1% to 1% per cent., Union being the fact that McGinniss Bros. & Fearing's failure proves to be more bear than bull feature. Union Pacific in good demand, as high as  $\frac{\pi}{2}$  per cent. per diem being paid for use, a difference of 1/2 per cent. between regular and seller three. Delaware & Hudson Canal declared a dividend of 1% per cent., payable March 10.

Money easy at 11/2@2 per cent. Prime mercantile paper 4@51/2 per cent. Bar silver, \$1.12%. Sterling exchange firm at \$4.851/2 \$1.12%. long, \$4.89 sight.

Governments-Firm. State Securities-Quiet.

Bonds-Railroad bonds firm : West Shore fives after selling down 5% per cent., rallied to 53%. Stocks-Stronger. After 11 a. m. rose ½ to ½ per cent. for Delaware, Lackawanna & Western, Lonisville & Nashville, Chicago & Northwestern, Union Pacific, Missouri Pacific, New York Central and Western Union Telegraph. At noon there was a reaction of 1/3 to 1/3 per cent. Tunion Pacific lent at 1 per cent., Orgon Navigation at % per cent., Louisville & Nashville at 1-64@ per cent., Northern Pacific flat at 1-64 per cent., for use. The Chicago & Atlantic Railway applied to the Stock Exchange to list \$2,500,000 six per cent. second mortgage bonds. Dela-ware, Lackawanna & Western was a feature and advanced to 129%, round amounts changing hands during advance. Near close Northern Pacific and Oregon Transcontinental weakened, selling down to 45% and 19%. Pullman Palace Car in brisk demand and rose 5 points to 1101/2. The market closed generally strong.

Oak harness. in the character of trade, and consequently this Pacific again leading. At 11 a. m. the maket became strong, the chief reasons for the strength ly varying from that of last week. The same weather has prevailed, and has the same checking effect wintry upon business. Severe weather after spring trade has once commenced like a nipping and biting frost upon fruit trees which, mistaking one sunny day for a full summer, prematurely push forward their tender blossoms, only to get them nipped "i" the bud." It is doubtful if taken in the aggregate that business has been any better during the last week than it was the preceding one. The railroads at any rate show by their returns of goods shipped that there has not been so much merchandise carried by them; the report shows 353 cars shipped out against 495 the previous week, but on the other hand the the previous week, but on the other hand the total shipments including grain, farm produce and lumber amounted last week to 920 against Am. Aqua....

807 of the previous week, the difference being Am. Garb..... 897 of the previous week, the difference being largely made up of sundries which may include many articles of commerce. The dry goods business has not been rushing during the past week, but a quiet and steady improvement has been perceptible in all lines of staple goods and slightly better disposition to buy spring goods has been manifested, although orders have not been so heavy in this respect as transactions three weeks ago led jobbing houses to expect. The buyers for the most part have re-turned and they all report the eastern markets to be in better tone. There is no doubt that cot-ton goods have been selling at ruinously low prices, but auction sales have cleared off the great bulk of surplus stock, and manufacturers are now producing goods only as they can be sold in order to avoid that over production which kills the market. The newly purchased goods have not yet all arrived, but are coming in laily. They most probably formed no small pro. portion of the 505 cars of merchandise received here during the week. In regard to prices it is thought that staples are at the present time as low as they will be for a long time to come, and the western market seems to indicate that higher figures will be reached before a very distant day There is no feature of the market nor any special line of goods requiring particular notice; stocks of new goods are not sufficiently near completion to warrant a further description than was given two weeks ago. The boot and shoe trade is without change and business is reported about equal to what it was described to be a week ago. Leather also is quiet; prices are no higher, nor are they lower, as there is no need for them to be for manufacturers are fast on the road to ruin, if one may believe their doleful statements and dealers only handle in con amore, just to keep them out of mischief, for there is no money in it. The drug market continues active, and business for the week has been quite equal to any during the year. There are no great changes in prices to record, although some particular articles have advanced a shade, as will be seen by the quotations in another column. Lard oils have made another slight advance, and window Ares—Hunt's

Claw, 50c % dozen adaance
Stove Polish—Dixon's % gross
Scoops—Steel, No. 4 slight changes in quotations, The lumber business continues to suffer from what appears to be injustice and discrimination, on the part of the railroads and this too by those roads more especially which have always beer considered as St. Paul lines. Freights are still nmensely in favor of Chicago and virtually shut out Minnesota merchants from their finest field of operation. The full extent of lumber shipments from St. Paul by rail for the week is only 99 car loads, the previous week there were 72 car loads making it appear that business has im-proved a little the past week. It should be stated, however, that the 99 cars do not wholly cover the lumber trade, for several of the companies located here ship direct from their mills lying outside to their customers and the railroad returns show only car loads shipped out from St. Paul. The lumber bus-iness at this point is vastly larger 129%, Pullman Palace Car rose to 110%, against 105 bid last night and 105% at sales this morning. Sellers the past few days were the most anxious would have thought it to be advantageous to meet the Chicago cut rates. In this connection rumor is affoat that a combination of merchants is being quietly formed to take concerted action in freight matters generally, which will bring the nanagers of so-called St. Paul lines to their senses. While business generally has been quiet. there has been an active demand for money, which is closely held. Bankers act with great liserimination and caution, making loans only to regular customers, and restraining even these as much as possible. The reason is to be found in the low prices of staple productions, which hold London layers, nw Loose muscatels. 2 25 Valencias, new. 734 Sultana. 135 Seedless, mats nw. 5 75 Prunes, Turkishnw 654 Currants, new. 634 Giron. 19 them back from the market. cago and other outside points has had but little effect upon the grain market here, for the transactions at the board of trade have been for the past week confined wholly to regular spot wheat for legitimate trade and not specula-tive purposes. The wheat receipts by rall were 79 against 91 for the previous week, the receipts by wagon, however, were larger last week, averaging well nigh 2,000 bushels per day. The uniform price for this grain has been 90c for No. 1, and 85c for No. 2. Corn has not been greatly in demand, owing to the fact that none greatly in demand, owing to the fact that none but the new crop is obtainable and that for the most part is soft and damp. The receipts are regulated by the demand, growers not caring to ship on speculation and all sold has been from sample. Ten cars cover the entire receipts of the railroad returns can be relied on. Commission men, however, have handled considerably more shipping directly from the grower to the the account.

siderably more shipping directly from the grower to the the consumer. This is in consequence in a measure of what appears at the first blush, to be discrimination against St. Paul, for the railroads charge an extra 2½c. freightage upon all cars remaining over at St. Paul if only for an hour. Investigation, however, discloses the fact that the charge is made really in self defense, for it has been the practice of some commission men the charge is made really in self defense, for it has been the practice of some commission men to remove part of the grain or hay freight and fill the car up with merchandise of every and any kind and thus deftauding the company. Several commission men spoken to acknowledge the "soft impeachment" and one stated that he often had orders from some country store dealer to put into a car molasses, sugar, pork, hardware, dry goods, and fill up with feed or hay and ship through as a car of hay or feed, as the case may be. One of these of hay or feed, as the case may be. One of these shrewd ones in seeking to "turn an honest pen-ny" had a car back down which ostensibly loaded with ground feed, disclosed merchandise sufficient to stock a small store. Of course the railroad people placed the goods in two different cars and charged him full rates for bots! Farmers have brought considerable in by wagon, which has gone in most cases to the consumer at 34c for mixed and 35c for white. It consumer at 34c for mixed and 35c for white. It must be here stated that the oats delivered by wagon are generally cleaner and in better shape than car lots. Ground feed has been slow and the receipts reglated entirely by the demand. Feed has sold down as low as \$17.75 and as high as \$22.00; the quality varies greatly both from the material of which it is composed and the method of preparing. Made from the deman pay corn (and thave ing. Made from the damp new corn (and there is no other new used for feed) the feed will not keep unless kiln dried, and much that is sold for

a first class article was never inside anything warmer than a corn crib. The receipts of rye have been very light and the The receipts of rye have been very light and the demand good at 58c for No. 2. Flour has been and is very dull and prices somewhat lower, especially the fancy brands. The railroad returns show nineteen cars shipped out during the week. There has been a slightly better movement in butter, but no improvement in prices; receipts. butter, but no improvement in prices; receipts have been liberal, but the quality very poor. The corner in eggs has been broken and holders have been obliged to give way in prices in the face of the liberal receipts, and without doubt before the end of the ensuing week they will be away down below where they were be fore the excitement. The demand is not large and stocks will rapidly increase. Baled hay has been about quiet the last hay has been about quiet the last week. Stocks are not so large and shipments are hardly so liberal, and a better tone is ex-pected. Wild is held at \$5.50 and timothy at \$9.50. Timothy has sold as low as \$8.00 but it has been staff which has passed through the thresher. Dressed meats have held their own and are firm at the 'prices' recorded below. Bacon, hams and dried meats are firm and slightly higher hams and dried meats are firm and slightly higher than the previous week. Poultry has been getting scarcer from day to day till the receipts have become almost nil. All that come to hand sell immediately. Dressed hogs and mess pork have advasced considerably during the week. The local packing houses have been taking all they could get of hogs. One packer, in speaking of lard, said he was willing to work up anything in the shape of terra alba, or even spittoons, if he could get even with those who are selling "prime steam" lard at lower prices than it can possibly be made for with hogs at their present prices. But he continued that he had failed to discover how anything other than good hog's fat can be worked thing other than good hog's fat can be worked up into lard. That packer should go to Chicago and finish his education. The weather is too cold for a good business in fruits, which just at

the present time are rather quiet. Other produce call for no especial comment. Following are price current: BUTTER-Receipts liberal; grease, 5c; packing BUTTER—Receipts liberal; grease, 5c; packing stock off flavor, 7@8c; dairy, common to fair, 10 @15c; choice 20@23c; creamery, 28@32@40c.

St. Paul Live Stock.

The past week has not shown any great activiy in the cattle market. The total receipts were S cars of cattle, 5 of sheep, and 4 of hogs, be-sides those received at the transfer stock yards which do not appear in the railroad returns. The business has been limited only by the supply, 10:30

arrival. Among the sales may be quoted 20 Iowa steers, average weight, 1,300 pounds at \$5.90; 1 car Minnesota steers, averaging 1,100, at 5c; 20 Iowa cows and heifers at 4½c; 10 Minnesota cows and heifers at 4½c. Yesterday 4½c; 10 Minnesota cows and heifers at 4c. Yesterday's sales at the transfer yards were as follows: 1 car steers, average weight 1,220 pounds, at 6c; 1 car mixed Minnesota cattle, averaging 1,000 pounds, \$4.65; 1 car, averaging 900 pounds, at \$4.40; 1 car bulls, averaging 1,550 pounds, at \$4.50; 1 car lowa corn fed steers, averaging 1,000 pounds, \$5.50. There is a good demand for sheep. 1 car sold at the transfer yesterday at 5c, average weight 109 pounds. All the hogs shipped have been sold on arrival. Among the sales may be mentioned one car of fat shipping stock, averaging 400 pounds, at 6c, bought by the Minnesota Abattoir and Packing company. Yesterday one car of stock hogs, averaging 137 pounds, at 6d, averaging 239 pounds, at \$6.40. The only stock averaging 239 pounds, at \$6.40. The only stock at the transfer yards are three cars of Iowa cattl held at 5@6c

New York, Feb. 19 .- The exports of domestic cottons for the past week were 5,132 packages. since the 1st of January 18,657, against 20,477 for the same time last year, and 18,817 in 1882. **An Efficient Remedy** 

In all cases of Bronchial and Pulmonary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a mvaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

Ayer's Cherry Pectoral

Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, ailments peculiarly incidental to childhood and youth. Promptitude in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the malady is constantly gaining a deeperhold, but take at once the speedlest and most certain to cure, most certain to cure.

Ayer's Cherry Pectoral. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists. Frade is much interfered with by the unsettlep

Cincinnati Whisky.

MINNESOTA NEWS.

The "Local" is a new paper just issued at Lake Park, Beiker county. It is a lively, cheerful, seven-column folio. The crop of new newspapers seems to suffer no back-set An unknown woman who had been in Motley, Morrison county, some time, a short time since gave birth to a child, hid its body in a trunk and died, leaving no clue to her identity.

The Moorhead Evening News says "Minnesota if allowed to express herself through the voice of the people will not name Chester A. Arthur as her choice for the Presidence

The Windom Citizen says the Mountain Lake people are astir on the creamery question. At a meeting of the citizens last Saturday, a committee of five persons was appointed to attend the Mankato convention and find a man to put them in a creamery They are determined to have one, and are bound to suceeed.

Mankato Free Press: From a source ch may be considered informed that there is little or no but what the C. &N. W. company will erect a fine depot building this spring at the foot of Mulberry street, facing on Front street, The improvement is one that is needed for the convenience of patrons of that road.

Mankato Free Press: A slightly inebriat ed individual was much struck with the con-venience of the hot air register in one of our business houses last evening, and thought it the most perfect warmer he had ever seen. Later at night, while still boozy, he was seen standing on the cover of a coal hole on Front street, striving in vain to keep up his tem

perature. H. B. Mc.Kenny has retired from the Lake City Sentinel, and is succeeded by M. C. Russell, who has purchased the entire establishment, and will henceforth be the publisher of the paper. As excellent as was the paper in the hands of Mr. Mc. Kenny it will ose nothing in the transfer to Mr. Russell

who is a veteran newspaper man of marked and acknowledged ability.

Winona Kepublican: Albert J. Bouch of Independence, Wis., who is attending Lam-bert's Commercial College in this city, met with a severe accident while taking the Green Bay train for home this morning. In attempt to step on board the train he slipped and struck his forehead on the sharp corner of the step to the coach, inflicting a bad wound be tween his eyes that knocked him senseless. He was conveyed to a surgeon's office

he received prompt treantment, and this afternoon was feeling very comfortable. Winona Citizen: Mr. Henry Sherman, while on his eastern visit recently, purchased the necessary aparatus for cheese making and will conduct this business on his dairy of 15 cows, and perhaps those of some of his We believe that at present prices neighbors. and prospects the cheese factory may be a more profitable industry than a creamery. There is as yet no "oleo-cheeserine" to glut the cheese market, and when quantity of milk makes three pounds of chee butter it shows cheese making to be the best

paying business by all odds. Lake City Sentinel: Mr. Russell, of the Sentinel, received news on Tuesday morning of the death of his sister, Mrs. Lavina C. Ward, wife of Mr. F. M. Ward, who has been a resident of Scott county, this state, near Bell Plaine, for the past thirty years—having settled in the Big Woods, in the valley of the Minnesota River among the very first settlers in that great valley. Mrs. Ward was about fifty-three years of age, and had been in rather feeble health for a number of years. She was a good, kind-hearted woman, who had gone through her many years of border life, casting sunshine about her, and a very large circle of friends and relatives will deeply mourn her death.

Sleepy Eye Herald Last Wednesday a large number of friends assembled at the Catholic church to celebrate the golden wed-ding of Mr. and Mrs. Peter Hoffman who reside about four miles north of town. marriage service was repeated as it was fifty years ago when, in the old country, these two first pledged their marriage vows. After the ceremony at the church a large party met at the residence of Mr. and Mrs. mah. Mr. Hoffman is about 81 years of age and his wife 74. They have four children now living: Mr. Matt Hoffman and Mrs. J. E. Graff of this town; Mrs. Dominick trand, of Home township, and Mrs. Chas. Defiel, of St. Paul.

Perham Bulletin: Last Sunday, Doctor's Norton, of Detroit and Aubin and Riebard son were called upon to amputate both fore-arms of a man by the name of Johnson. Three or four weeks ago this man Johnson was returning to his home north of Pine lake, driving a yoke of cattle, and was filled to overflowing with "elegant booze" while crossing the lake fell from the sled, losing his cap and mittens, there he lay in this drunken state until morning, when he was found and taken to ne. He did not wish a physician, so lay there with his frozen limbs, suffering a dozen deaths until the doctors were called on a urday and found that amputation of both nands sary.

Ten Mormon converts from Cleveland county, S. C. passed through Atlanta Ga., last week for Utah.
