Mr. Chairman, in accordance with the vote taken in the Wisconsin delegation, a majority of the practical papilication and enforcement of these fundamental principles that the government should not always be controlled by an enditive larger. government should not always be controlled by one political party. Frequent change of administration is necessary, as constant recurrence to the popular will, otherwise abuses grow, and the government, instead of being carried on for the general welfare, becomes an instrumentality for imposing heavy burdens on the many who are governed, for the benefit of the few who govern. Public servants thus become arbitrary rulers. This is now the condition of this country.

The frauds and jobbery which have been brought to light in every department of the government are sufficient to have called for reform within the Republican party, yet those in authority, made reckiess by the long possession of power, have succumbed to its corrupting influence and have placed in nomination a ticket against which the independent portion of the party are in onen revolt. The opportunity here presents itself for us to say exactly what we have thought from the first, that Nettleton is far too weak a man to hold a position in the nine. He proves after a few days wear to be both a poor fielder and a weak batter. His success, with the willow on two occasions was, as shown by subsequent developments, only offe of the accidents of the game, and night have happened to a man who never saw a bat before. Fourtien chances were offered him in the field and he accepted them all at his regular salary. Besides this he made two pretty hits. He should have a whole nursery of laurels. "Slim Jim," formerly the left-handed pitcher for the Red Caps, caught a nice foul fly in the grand stand, but the umpire ignored the play entirely. The visitors played an even game all around, and in their superior fielding is the secret of their triumph.

The game opened with St. Paul at bat, and

Hengle made a base to center, going to second on a wild pitch, third on center's muff of Nettle-

In the third, Barnes went out from short to first, Ganzel hit the ball down in front of the plate for a base, and went around to second on Hengle's clean hit to center, but was cut off from catcher to third on a trial to get home on O'Brien's hit to left, Nettleton striking out in the meantime. CHICAGO, July 10 .- All previous records of traveling to harness were smashed to-day at the driving park. Westmont, the pacer, son mile with running mate in the phenominal time of 2:0134. The event was entirely unexpected. Fully 8,000 persons were gathered at the track, expecting two exhibitions of speed by Jay Eye See, the noted trotter, and Johnston, the 2:10 pacer. The former did not appear. Johnston paced an exercise mile in 2:13½, as unofficially timed, and the three regular events of the day's programme were uninteresting walk oveas. Catchfly won in the 2:19 class: Belle Echo in the 2:24 class, and Billy S. in the 2:17 pacing race.

Mr. Campbell, his driver, was unabled to bring him down, but as the team drove under the wire in 2:01% and the remarkable performance was announced by Secretary Hall, a perfect avalanche of cheers greet Westmont and his driver.
