SOMETHING LIKE A NUGGET. Over \$100,000 in One Lump of

Frontier highwaymen would have had a hard time wrestling with a bit of gold which arrived here by Wells, Fargo & Co.'s express a few days ago. It came from the celebrated Harqua Hala mine, and was consigned to J. Hubbard and J. B. Bowers, the owners of that prop-

erty, for coining at the United States When the employes of the mint took a look at it they were astounded. The Teason was that it was the biggest lump of gold they had had the unhappiness

to come in contact with, seeing that it was in one respect like many others, being not their own.

It was of a somewhat conical shape, and seemed to have been emptied out of a gigantic slag pot. It did not belie its looks, for that was the way it had been shaped. It was the product of forty. looks, for that was the way it had been shaped. It was the product of forty-five days's run at the Harqua Hala, and the tremendous bulk weighed 357% pounds avoirdupois, and was stated to be of the value of \$120,000.

The thoughtful representatives of the owners of the big nugget telegraphed from point to point as they progressed with it to the mine, sixty miles southwest of Phoeix, and announced when it should arrive at the next station. This should arrive at the next station. This was in order to forestall any ambitious men with guns, for, though aspiring highwaymen were thus kept exactly

posted as to when the gold might be expected, it also posted the people in each The nugget was too big for any party of bandits to carry it off intact and secrete, and, had they stopped the caravan on the way to the railroad they would have only had time to chisel off a thousand dollars or so till the pack of blood-bounds which the prison officials keep hounds, which the prison officials keep at Phenix, would have been on their trail. Nobody molested it, therefore, and it reached here safely. The pon-derous yellow cone has attracted much

attention. The South Is All Right.

oston Globe. The talk about breaking the solid South is all moonshine. If Republican success did not clearly menace the success did not clearly menace the South with another force bill, and the consequent revival of the race question, one or two of the Southern states might possibly be fighting ground. As it is there is not the least likelihood that Mr. Harrison will get a single electoral vote from that part of the country.
