Winnipeg and Portage Will Fight Out for the Hall Medal,

And St. Paul and Winnipeg Will Finish for the St. Paul.

There was some grand playing on Raspberry island yesterday in the Northwestern bonspiel. All the cometitors for the trophies and medals realized that it was the last day's play. The programme was lengthy, but everybody entered with a spirit and teal into the sport that made the finals

possible.

The attendance was perhaps the largest of the entire meeting. There was a large concourse of ladies who are interested in the game, and all limes the struggles for the shot were watched with unabated interest.

The point contest was the first thing on the programme yesterday. It was begun at 10 o'clock. This contest excited no little interest. During the play a large crowd of devotees assembled at the "end" to watch the work of the ex-

EXCITING FINISHES.

Patton Wins the Jobbers'-Nettleton Still in the St. Paul.

Excitement was at fever heat last evening in the club house. Two of the hottest sort of battles were fought. NOT CLAIMED AS RECORDS. Skaters Make Fast Time at Milwaukee.

MILWAUKEE, Jan. 21.-There was a large attendance at Schlitz's park skating rink tonight to see three of the world's speediest skaters. The ice was a little soft, and this, coupled with the ll-shapen track, did not show the skaters off to advantage. Eight laps is called a mile, but it is an imperfect one, and the time made tonight in any of the races are not claimed as records. Harold Hagen, the Norwegan cham-Harold Hagen, the Norwegian champion, skated a mile in 2:37¼. This is about eight seconds faster than the world's record, but Hagen himself thinks it would be impossible to make a mile in that time, or faster than three minutes on the Milwaukee track. The race was followed by Norseng in an exhibition race of two miles, which was made in 5:24¼. The final event was a five-mile race between Hagen and McCormick. They started from opposite Cormick. They started from opposite ends of the rink. The rink was too small to skate side by side. Hagen's time by miles: First mile, 2:871/4; second, 5:131/4; third, 7:54; fourth, 10:32; fifth, 13:10 4-5. Slosson's Defi Taken Up by the Wizard. NEW YORK, Jan. 21.-Dick Roche, Schaefer's backer, today said that he

The match with Schaeter will be a home-and-home battle, the first to be played in this city and the return match in Chicago. Both matches will be for \$1,000 a side. Schaefer plans to come back from Paris early next March and the games will be played early in April. Slosson said he would not pay any attention to Ives' proposition for a match of 4,000 points, half to tion for a match of 4,000 points, half to be played here and half in Chicago, the players to toss for choice of tables and place of the first half of the game.

LEXINGTON, Ky., Jan. 21.—The sale of Col. R. C. Stoner's trotting stock was continued today, and was attended by a large and enthusiastic assemblage, comprising many first-class buyers. Amateur and Professional Events of Interest in St. Paul.

The Globe Will Put Up Bowling Team to Go to Chicago.

Interest Growing in Bowling, Billiards and Shuffle-Boarding.

Events With the Mittens and Upon the Wrestling Carpet.

The interest in the DAILY GLOBE bowling tournament continues unabated. Foley's alleys are the scene of daily practice games, and the number of new players that are trying for the first time to make ten strikes is surprising. The craze is not confined to St. Paul, however. All over the country tournaments are now in progress. The GLOBE was really in the van in encouraging the sport. It is only a little more than a year ago that the different alleys in the city found few patrons. It was then that the GLOBE conceived the idea of a tournament, and the effect was electrical. All the young athletes became suddenly interested in the pastime, until there are not enough alleys in the city to accommodate the demand.

The GLOBE challenge cup will soon be on exhibition at Foley's. This goes to the winning club, but it must be suc-cessfully defended three times after the cessfully defended three times after the conclusion of the original series before the ownership can pass to any club. The clock will go to the second club in the tournament, and the club may either get up an individual contest for the trophy or keep it as a ciub.

GLOBE MEN VICTORS. Successful Opening of the Shuffle-

board Tournament. Shuffleboard is a unique and fascinating game. While comparatively little known in St. Paul, it can claim a few score of devotees who have mastered its intricacies more or less and who have tested its satisfying character as a pas-time and method of light exercise. The

game is virtually curling on an elevated board, except there are no circles drawn on the board. Many possible combinations are developed as the game progresses. Trueness of eye and steadiness of nerve are requisites to success. But, as in all other games, the element of luck enters more or less into the result. luck enters more or less into the result. A few days ago Joe Donoghue, of Newburg, N. Y., cut the amateur rec-ord for one mile to 2:56. Johnson immediately declared himself as out to cut it still further. He made the attempt yesterday afternoon and succeeded beyond his wildest hopes. The trial was made on the Normanna Skating club's rink. Johnson had pacemakers, but they impeded rather than aided him. He went the mile, from pistot shot to pistot shot, in 2:45 3-5. And that is wonderful time. It lowers the amaguar record 10 2-5 seconds and the amateur record 10 2-5 seconds and cuts under the best professional record for one mile by 2 2-5 seconds, the record naving been 2:48.

Johnson's, performance is sure to be questioned, but those who saw the trial think the record will stand. The only question pertains to the length of the track. The correctness of that can be easily determined. The wonderfully fast miles which have been made on that track within a week cause some to say that the track is short. The GLOBE called attention to this question a week ago today, when it chronicled Hagen's marvelous performance in making the ago today, when it chronicled flager's marvelous performance in making the first two miles of a three-mile race in 2:55 and 2:50 respectively, when the conditions were unfavorable—bitterly cold day and flint-like ice. Johnson skated under favorable conditions yesterday. The time seems all right. The official timers were Messrs, Gulbronson and Asker of the Normana Skating and Aaker, of the Normanna Skating club, and L. R. Redfield. T. W. Eck also held a watch. Aaker made the time 2:45 flat, Gulbronson 2:46 flat, and Redield and Eck 2:45 3-5. That seems to be

neid and Eck 2:40 3-5. That seems to be all right.

Spectators say they never saw such skating as Johnsou did. Many of them believe he can go still faster. He was perspiring a little, but his breath was regular and easy when he finished. MURPHY AND GRIFFIN

Both Getting Into Condition for the Coming Mill.

NEW YORK, Jan, 21.-Things pugilistic, which have been languishing on the verge of decay for the past two weeks, have received a great boom. It came in the shape of a tall, slim, light-complexioned young man-otherwise complexioned young man—otherwise William Murphy, of Australia. Mr. Murphy has punched his was through snowdrifts from the West, and now hopes to punch his way into puglitatic glory by defeating 1Johnny Griffin, the "Braintree lad," at the Coney Island Athletic club Feb. 6. Articles have been signed, both men are in training, and the lovers of first class fistic sport are discussing the merits of the men. That it will be a hard-fought battle all agree. In the coming match Murphy believes he will be the victor in not more than ten rounds. He is in pretty fair condition rounds. He is in pretty fair condition now, having virtually commenced train-ing in San Francisco, and will need but little training to get into perfect form. Good reports continue to come from Boston concerning the preparation in Griffin's case, and the burden of them is that he will enter the ring in pretty nearly perfect condition.

GOING TO CHICAGO.

Eastern Horses Entered in the World's Fair Stakes. NEW YORK, Jan. 21 .- Entries made to the big Western races to be run at Chicago next summer indicate that a good many horses owned in this vicinity will go to the "Windy city" for a chance at the rich stakes. Among the entries for the two big handicaps there, the Columbus and the Wheeler, are a lot of horses that were expected to race here in the East exclusively. This is a surprise to the managers of the Eastern tracks, who had expected no such showing, and they will have to stir themselves to keep the horses in the East. One reason for the evident desire of the Eastern owners to race in the West is the fact that they do not fancy the handicapping here, and there is no doubt that there has been good cause for complaint.

The list of entries secured by Tom Ochiltree in England for the stakes of the Coney Island and the New York Jockey club has arrived. The Coney Island Jockey club received forty-nine additional entries to the Futurity, makthe rich stakes. Among the entries for

additional entries to the Futurity, making a total for the Futurity of 1895 of 1,092 entries. There are five entries for the Metropolitan handicap, thus making the total sixty-six. For the New York Jockey Club handicap three are entered, for the Toboggan Silde five, and for the All Breeze four.

Peter Jacksou Offered the Post of Uncle Tom. The "Parson" says there is no reason why Jackson should not succeed on the stage. His qualifications are at least equal to those of Sullivan or Corbett. Should the offer result in engagement, Davies will go direct to Chicago to arrange for the placing of the show on the boards in that city during the world's fair. With respect to fighting, Jackson says: "I will not make a match with Goddard; my ambition is to meet Corbett for the championship. If I cannot get a match with him I think I will quit." The Parson added: "I am ready to match Peter against Corbett for \$10,000 a side and let Jim name the time anywhere from four to ten months." four to ten months."
