GREAT IRISH SENSATION.

"NUMBER ONE" TYNAN MAKES SOME STARTLING DISCLOSURES.

THE IRISH INVINCIBLES

And Their Connection With the Irish Parliamentary Party—Workings of the "Inner Circle"—Phoenix Park Murders Planned by Tynan—Tories to Be Benefited by the Exposure.

[Published by permission of the Author.]
NEW YORK, June 2.—The Associated Press has obtained advance proofs of the sensational book upon Irish affairs written by P. J. P. Tynan, the Irish invincible, more generally known as "Number One," which will appear in the World tomorrow. The book referred to is entitled "Irish National Invincibles and Their Times," and its apparent purpose is to establish beyond a doubt the connection of the "Invincibles" with the Irish parliamentary party. On the other hand, it is asserted by some Irishmen that Mr. Tynan's book was written in order to further the campaign of Lord Salisbury and the Tory party, and that it is simply a sensational literature for the Conservative camp. In fact, it is stated that even at this time, before the book is supposed to have been seen by more than a few friends of the author, copies of the book have been made, and that the circulation of the book is being kept up by the distribution of English voters upon the dissolution of parliament. The Irish parliamentary party publicly denounced the authors of the Phoenix park crimes, and in so doing, it is claimed by Mr. Tynan, they were "sailing under false colors to betray the trusting Irish."
"For this," says Mr. Tynan in his introductory chapter, "and for the purpose of exposing their hypocrisy this book was undertaken. You are reading the policy and action of the INVINCIBLES."
"These false parliamentarians are heaping mountains of infamy on their own memories."
It is claimed that the book proves, in the first place, that the assertions of the London Times, which resulted in the Parnell trial, were not only absolutely true as far as they went, but that they might have gone to a far greater length than they did. It also claims to show that there existed during the great struggle which took place in Ireland under the land league and its subsequent development, the "Invincible Brotherhood," a de facto government, the word of the former being law throughout the country at the time the latter was, through its impotence, only an object of ridicule to those who were watching the struggle against her "hereditary foe and master."
It is also asserted that when public indignation reached its culmination point with the Phoenix park murders, the manifesto put out by the Irish parliamentary party at the time, denouncing the act, was a mere hypocritical ruse, and that instead of condemning or attempting to prevent further occurrences of the same kind, the men who were the authors of the crime, were actually the revolvers of a nation, with the prominent members of the Irish parliamentary party as leaders, and not the desperate efforts of a few fanatics to win notoriety for themselves.
The Phoenix park murders were, it is asserted, deliberately planned by him, and were intended as an offset to the imprisonment of his chief, Parnell, in an English prison. He is charged with having "over, on behalf of the organization of Irish independents for which it is claimed all Irishmen would vote if free from the trammels of foreign rule and its blighting influences. In referring to the Phoenix park murders, the light is thrown upon that peculiar affair, it appears that Pigott was deceived in one way, although not in the main points of the case, which were in accordance with his statements. The drift of the whole thing seems to be to urge cessation of all constitutional action."
AGITATION IN IRELAND.
and inaugurate a policy of dynamite and terror which shall compel England to surrender her claims to Ireland instead of asking her to give some crumbs of comfort, in a charitable way, to her sister, Ireland, through the medium of parliamentary agitation. Tynan unhesitatingly denounces Gladstone as the hypocrite of his age, and as the failure of constitutional agitation is, as the states, only a repetition of history, and another evidence of the perfidy of the Briton and his unwillingness to do justice unless compelled to do so by force.
"Provincialism" is the word which Tynan scornfully substitutes for the title "Nationalists," claimed by the Irish parliamentary party. He says that "Irishmen will never gain the respect of mankind while their political culture is so conducted." He blames Charles Stewart Parnell and James Stephens "for not forcing the issues with the British enemy. The defection of both men when the crisis came proved that Ireland's leaders lacked the nerve to follow up their work by the only possible selection—action."
It was finally decided to attempt the "removal" of Mr. Foster, then chief secretary for Ireland, and a certain part of the Dublin quays, near the Phoenix park, was selected.
A PLAN OF ATTACK
was arranged and invincible sentries were stationed along the route the chief secretary's carriage took through the streets, but a mistake in the preparation of the plan of attack caused this failure. The carriage was removed from the route, and the plan of attack was abandoned.

TROOPS ARE ON THE MARCH

FIFTEEN COMPANIES OF THE INDIANA MILITIA ORDERED OUT.

HOOSIER GOVERNOR FIRMS

Strikers Continue to Stop Trains in Defiance of the Law and the Governor's Recent Proclamation—Five Companies in Camp at Cannelburg Where the Situation Is Serious.

INDIANAPOLIS, Ind., June 2.—Fifteen companies of the state militia, infantry and a squad of artillery men with a Gatling gun have gone to Cannelburg to suppress the rioting of the strikers. Four Indiana companies of militia and one company from Anderson, under command of Adj. Gen. Robbins, left here at 7 o'clock tonight for Cannelburg. They will be joined at Seymour by other companies. The strikers are defiant, and trouble is anticipated at Cannelburg. The situation is serious. The sheriff attempted with the assistance of a strong posse to move coal cars sidetracked there, but was driven away by the strikers. The news of the governor's ordering out the militia was received with defiance, and the strikers declared that they were prepared to whip any force the governor might send. They are armed, and it is said, are well supplied with giant powder, with which they threaten to blow up any train which attempts to bring soldiers into their midst. Col. W. J. McKee, of this city, has left for Seymour. He will meet companies comprising about 300 men. They come from Terre Haute, Brazil, Vincennes, Washington, Princeton and Evansville. The feeling at Terre Haute, a point in touch with the miners' troubles, is that the force ordered out is insufficient, and that bloodshed cannot be averted. The Cannelburg strikers carried things in a high-handed manner, until the report of the troops being ordered out, and they telegraphed the governor they had been grossly misrepresented, and there was no need of the militia. It is believed this was a ruse to postpone the chief could be done. When the militia arrived there the railroad company began unmolested to repair the damage done its track, and will soon be able to run trains through. The Vandalia company, which was ordered out, is now at Cannelburg. The strikers are reported to be quiet at this point, but determined to allow no coal to be moved.
FIVE HUNDRED SOLDIERS.
COLUMBUS, O., June 2.—At 8:30 a special train carrying all the Indiana companies of the state militia and two ears of ammunition passed through this city for Canton, Ohio. There were 500 soldiers on the train, under command of Gen. Ross. The troops will not attempt to run into Cannelburg in the night, but the strikers are aware of their coming. The situation at Cannelburg, this country, is being more and more complicated. The miners still remain obstinate and are determined not to give in. Five companies of militia arrived at Cannelburg tonight, and went into camp. The militia stationed here were ordered to Brazil tonight, and will depart on the midnight train.
LOUISVILLE, Ky., June 2.—Company C of New Albany, under command of Capt. Coleman, and company D, under command of Capt. Baird, left for Princeton, Ind., on a special train over the air line at 7 o'clock tonight. They will be joined by Company K at Princeton and proceed to Vincennes.
DETAILED AND UPSET CARS.
WASHINGTON, Ind., June 2.—The situation as regards the striking coal miners is very serious. There are 600 miners now at Cannelburg, and they have compelled the conductors on the Baltimore, Ohio & Northwestern to sidetrack forty cars of coal trains from Cannelburg to St. Louis; have detailed three cars; upset one, and torn up the track of the switch on each side of the coal cars. The same treatment he gave Berry. McCurdy was this week convicted of mayhem, and sentenced to the penitentiary for three years, the full extent of the law.
At 2 o'clock this morning twenty men went to the jail and arrested Mr. Berry. They grabbed and choked him, and taking his keys, went to McCurdy's cell. He was dragged to the lawn in front of the building and mutilated in the same way he cut Berry. He was killed while this was being done, but the body was rushed down to the Lakewood trestle over Clear creek and hanged. The body was suspended there until between 3 and 4 o'clock when it was cut down. Jerry Kerr, the son of the jailor, aroused Sheriff George Kelly while the lynching was in progress. With his brother, Dr. Peter Kelly, and a night watchman, he hurried to the scene and captured John Richwein and John Kelly, who had been in the crowd. It is said they have given the names of all concerned in the hanging, and they will be arrested after the trial. The hanging is now in progress. McCurdy's crime was most revolting. He assaulted Berry while the latter was asleep, and mutilated him in a horrible manner. The organs which he cut off he picked and shipped to his wife in Indiana. He escaped, and was captured in Indiana several weeks afterwards. Berry recovered, and during the trial of McCurdy this week was restrained with difficulty from attacking him. Berry is eighteen years old, and McCurdy was about thirty.

Ride About Como Park, a Feast and Then Speeches—President Wheelock Talks, Followed by Loring, Mayors Wright and Eustis, Col. Lowry, King, Murray and Others.

Como park and the new pavilion at this delightful public resort were formally opened yesterday. The members of the park board, accompanied by 100 invited guests, participated in the formal exercises, and did some 2,000 visitors. The day was an ideal one for the occasion, and as several of the invited guests from Minneapolis remarked, the beauties of the park were a revelation to them, and the citizens of St. Paul could not only be proud of the spot, but also of the present and former members of the board who assisted so materially in making it what it was.

Dr. Howard's Way of Getting Money From Mrs. Specht.
WASHINGTON, June 2.—Unless some hitch occurs in securing his extradition, Dr. Granby S. Howard, who is alleged to have swindled Mrs. Joseph E. Specht, of Gunston Hall, Va., wife of a wealthy St. Louis clubber, out of \$3,000, will soon be behind the bars of the Fairfax county jail. The commonwealth attorney of that county has been informed that Howard is in Montreal, and he is now in communication with the police authorities of that city with a view to detain him until government officials can secure the co-operation of the state department in securing extradition. Negotiations to that end are now in progress, and the Fairfax county authorities are confident Howard will be brought back to the United States. Howard is an Englishman, about sixty years of age, of good education, and when he went to St. Louis represented himself as an officer of the Eleventh lanciers of the British service. He told many stories about his experiences in India, and started in getting into order with Eastern rites, styled "The Wisdom of God," into which he initiated Mrs. Specht. He was a member of the historical country seat of George Mason, a contemporary of Washington. Howard acquired complete hypnotic control over Mrs. Specht, who fell in with Howard's plans, and established a college of occultism at Gunston Hall. Mr. Specht and his sons were unable to stop Mrs. Specht from aiding Howard's schemes, until they got together and hid him for fear of arrest in connection with a \$3,000 note which Mr. Specht had given his wife, and of which it is charged Howard became possessed.
Nervy Request to Officials.
COLUMBUS, O., June 2.—A committee appointed by the miners at Jackson county have started for Roanoke, Va., to make a final request of the officials of the Norfolk & Western, to haul no more freight cars loaded with coal. There are now 700 armed deputies at Divide. The march against the miners' camp will be made when the number reaches 1,000. The miners' union at Cripple Creek today issued a statement giving the side of the trouble. It goes over the ground frequently covered in these dispatches.
Train Recaptured.
ST. JOSEPH, Mo., June 2.—Sheriff Carson and his deputies, and United States deputy marshals, recaptured the train which was captured by the miners at Agate. When the posse reached the Agency on a special train they found but a few. A dozen or more of the miners were chased into the woods and arrested. They were placed in jail here late tonight.

Tinsley under the rule which has always allowed senators to dictate appointments to the inferior offices. Tinsley will probably win. In case of his failure, Tinsley's friends have arranged to have him appointed national bank examiner in place of John E. Diamond, who is Pettigrew's chief manager. South Dakota. The offices are worth about the same.

HYPONOTIC INFLUENCE.
Dr. Howard's Way of Getting Money From Mrs. Specht.
WASHINGTON, June 2.—Unless some hitch occurs in securing his extradition, Dr. Granby S. Howard, who is alleged to have swindled Mrs. Joseph E. Specht, of Gunston Hall, Va., wife of a wealthy St. Louis clubber, out of \$3,000, will soon be behind the bars of the Fairfax county jail. The commonwealth attorney of that county has been informed that Howard is in Montreal, and he is now in communication with the police authorities of that city with a view to detain him until government officials can secure the co-operation of the state department in securing extradition. Negotiations to that end are now in progress, and the Fairfax county authorities are confident Howard will be brought back to the United States. Howard is an Englishman, about sixty years of age, of good education, and when he went to St. Louis represented himself as an officer of the Eleventh lanciers of the British service. He told many stories about his experiences in India, and started in getting into order with Eastern rites, styled "The Wisdom of God," into which he initiated Mrs. Specht. He was a member of the historical country seat of George Mason, a contemporary of Washington. Howard acquired complete hypnotic control over Mrs. Specht, who fell in with Howard's plans, and established a college of occultism at Gunston Hall. Mr. Specht and his sons were unable to stop Mrs. Specht from aiding Howard's schemes, until they got together and hid him for fear of arrest in connection with a \$3,000 note which Mr. Specht had given his wife, and of which it is charged Howard became possessed.
