The gentle rains which at times deseend like dews from heaven to bless the earth again, stood in with the Twin City Jockey club yesterday afternoon; that is to say just enough to wet down the track in good shape and lay the dust. At 2 o'clock there was a sharp shower. At 2:15 the sun came through the clouds again, and the people who delight in running races hustled out to There were about three thousand persons present when the gong rang for the first race. The principal topic of conversation among the elite was the successful topping of the wires by a lot of betting crooks on Derby day. This was successfully accomplished by making a connection on the shooting club's grounds, where a special wire has been connected for some time. The result of the coup was that "foreign" bookmakers got touched up to the tune of \$4,760. The report that Fred Foster and a number of his retainers were looking for Jockey Hueston with a looped rope could not be confirmed. Fred said it was bad riding only, and he would merely sentence Hueston to keep off his preserves hereafter, and let it go at that. Following is a summary of yesterday's races: First race, purse \$400, for two-year-

\$1,500; five furlongs. It was over twenty-five minutes before the horses got off, Baby B and Diamond il. trying to break away from the start. Plunker, a hot favorite and stable tip at the post, got the lead, and maintained it to the three-quarters, with Beauregard and Indian Girl battling gamely. At the head of the stretch Plunker bolted, and veered over toward the paddock fence. In the meantime nie M and Diamond had gained on the other competitors. But Beauregard had forged to the front in the stretch. neck ahead of Indian Girl, Bonnie M third. Time, 1:051/4. Summary:

Aurora was a favorite from the start in the betting and among the onlookers. There were no odds offered on him in the books, and he was an easy winner. Whatever real interest there was in the race was the struggle between Lord Willowbrook and Oxford, although Frank Fuller made a bluff for a long-odds winner in the estimation of some by getting away the struggle parameters. by getting away first and maintaining a lead nearly to the first quarter, when Contest overhauled and passed him. Up to the fourth race the bookmakers had had it all their way. But here a change came over the spirit of their dreams and their hopes. Belle of Fermoy, a 100 to 1 shot in the opening betmoy, a 100 to 1 shot in the opening betting and 50 to 1 at the close, proved a winner. The field broke evenly with Fakir leading, Venusberg next and Calhoun, a betting favorite, third. There had been many quiet tips out on G. B. ## FAST PRINCESS EULALIA.

WONDERFUL PERFORMANCE OF CAM-ERON'S TWO-YEAR-OLD PACER.

SHE PACES HANDILY IN 2:20,

But Could Have Made the Circuit in 2:16-Milton Won the 2:21 Trotting Race - Ladies Admitted Free Today - Good Races Scheduled for the Minnehaha Track This Afternoon.

The shower yesterday afternoon inerfered with the attendance at Minnehaha Driving park and not over 1,000 people witnessed the races. During the first two heats the track was a little heavy but Old Sol dried the mud as fast as the horses cut it up and during the last few heats the circuit was very fast. Those that attended the fourth day of the meeting went away well pleased, as the worlds champion two-year-old pacer perie n. On the 3d day of July D. J. Cameron's Princess Eulalia was two years old and yesterday she wou the pacing race, for three-year-olds and under, in three straight heats and with the greatest of ease. In the second heat she could have made the circuit easity in 2:16 but through driver's courtesy she was pulled in order not to shut out the other horses. She paced the three miles without a skip and it was the unanimous opinion of the horsemen that watched her perform that she will lower the world's two-yearold pacing record of 2:13 before July, 1895. Milton won the 2:21 trot in three straight heats and with little effort.

THREE-XEAR-OLD PACERS.

There were only four starters in the three-year-old pacing race. Flura loomed up a favorive in the auction pools, but after the horses appeared on the track Princess Eulalia had the call with the moneyed men. It was a one-sided contest, Princess winning the heat handily in 2:22½. It was a driving finish for second place. Sphinxetta won by half a length. Princess won second heat, under pull, in 2:20. She made the mile without the skip, and no doubt THREE-YEAR-OLD PACERS. mile without the skip, and no doubt had she been driven could have made the circuit in 2:16. Princess won the third heat and race without an effort. 

2:21 TROT.

Milton, the second choice, captured the first heat in the 2:21 trot. The only horses that challenged the winner were Maggle Wright and Elfinwood. Kate Phallamont, the favorite, finished fourth. Milton took the second heat in a driving finish. Kate Phallamont was only a larget way, and Maggle Wright. 2:21 TROT. only a length away, and Maggie Wright finished in third place. The last quarter was fast, and Miltou was nearly driven was fast, and Milton was hearly driven-out of the 2:21 class. The time was 2:20½. Milton took the third and final heat easily. Kate Phallamont made a good showing, but left her feet com-ing into the stretch, and dropped back several lengths. Belinda out-footed Elfinwood at the finish, aud took third position in the heat

Time, 2:2:44, 2:2044, 2:2)84.

Today's RACES.

Secretary Jones is so well pleased with the result of the trotting meeting that he makes the admission free to ladies this afternoon. This is the last day, and, as several good races are scheduled, no doubt there will be a large attendance. The horsemen are well pleased with the meeting, and next year the greatest gathering of harness flyers ever seen in the country will take part in the events. The events will be the 2:50 class trot, the 2:45 class pace and the 2:45 class trot.

On to Washington,

Three years ago the only authentic map of the Virginia battlefields was prepared in the War Department for the Chesapeake & Ohio Railway Company. It can with safety be asserted that it is the most interesting map ever published; and so great was the demand for the first edition that 100,000 were soon absorbed, but it has been re-issued for the occasion of the K. of P. Encampment at Washington in August, and will be mailed free after June 1st, upon application to C. B. Ryan, Assistant General Passenger Agent C. & O. Ry., Cincinnati, O. In connection with the map is also a description of the grand and varied scenery of the Virginias, and the delightful Mountain and Sea Shore Resorts along the C. & O., as well as a sketch of the battlefields.

"Flip" is the

"FLIP" comes in a box with spots and rings. The spots consist of nine different colors, with a corresponding number of rings to match, seen through a glass top, outside of box peing covered with a variety of handsomely embossed colored paper, making a most attractive and elegant display.

"FLIP" is the funniest puzzle ever devised. Is better than "Tid-dledewinks" or the "15 Puzzle," and is only one of the score of entertain-ing and instructive features we have in prospect for the thousands of children for whom we specially print the Children's GLOBE.

"FLIP" is unquestionably the most popular hit of the season, as it delights both young and old, affording a source of amusement by the hour. The continued interest after succeeding in tossing the rings on the proper colors is to do so in the shortest time possible, and requires patience and a steady hand, which will make it a lasting amusement.

"FLIP" as a game is played as in Progressive Euchre. The number who can participate is unlimited, the only difference being that it should be played by individuals, and not in pairs. The game starting at a given signal, the one who succeeds in getting all rings on correctly first goes to the head table and all commence over again.
