

SAINT PAUL.

CURRENT COMMENT.

Scarlet fever is reported at 604 Cass street. Building permits aggregating \$3,100 were issued yesterday. Olof E. Stromberg will be taken before the probate court today for an examination touching his sanity. W. H. Gregg, who is charged with negotiating forged checks, was bound over to the grand jury yesterday in the sum of \$1,500. William Massengill, the colored man who cut a conductor of an interurban car last week, waived examination in the municipal court yesterday morning, and was held to the grand jury in the sum of \$500. The annual meeting of the Home Missionary Society of the First M. E. Church will occur this afternoon at 2:30 at the home of Mrs. A. M. Dunning, 307 Selby avenue. The ladies of the church and congregation are expected to appear armed with timbales, needles and scissors.

CAPITOL NOTES.

The Duluth Heights Land company, of Duluth, filed articles of incorporation with the secretary of state; capital, \$300,000. The state board of equalization continues its sessions in the senate chamber. It finished yesterday the personal property lists, and takes up real estate today. The historical society has received from Amherst college obituary records for the years 1891 to 1894, and from George W. Scott, of St. Paul, a large colored map (framed) of Nantucket island.

PROHIBS PLAY FOXY.

They Have Agreed to Make No Nominations for County Officers.

HAVE A GRUDGE TO SETTLE.

They Will Name a Legislative Ticket and Play a Monte Game.

TWO MEETINGS YESTERDAY.

Rev. David Morgan Was Nominated for Congress in the Fourth.

The prohibitionists are fixing a layout to play three card monte in this county in the hope of taking in some candidates against whom they have a party grudge. It has been agreed among the leaders, and the compact made binding by solemn obligation, to make no nominations for county offices this fall, but to make a fight on the legislative representation. This prearranged plan was given away last night at the county convention, when it was stated that the chief fight would be for legislative candidates. Rev. Morgan in an interview frankly stated that he wanted to run even on some old scores, and would name a legislative ticket and not name a county ticket.

Yesterday was the time set for naming a congressional, county and legislative committee on a cold-water platform. The congressional convention was held during the afternoon, and the county and legislative mass meeting was held at night. Before the meeting was called to order N. R. Frost, Rev. David Morgan, George Wells, Dr. W. A. Powers and a select few others, bringing the number up to ten, held a caucus and agreed upon a plan of operations and laid their wires to carry out the plan already outlined. The proceedings of the cold water advocates yesterday and last night were given more in detail as follows:

The Fourth district prohibition convention met at Relief hall yesterday afternoon. The meeting was called to order by George F. Wells. J. W. Martin was chosen permanent chairman and George F. Wells secretary.

The committee selected is made up of: R. McLaughlin, chairman; N. R. Frost, C. N. Wood and George F. Wells, of Ramsey county; E. G. Olsen, of Kanabec; C. C. Peterson, of Washington; A. Reers, of Chisago; leaving one from Isanti county to be appointed. The platform adopted by the congressional convention is as follows:

Cold Water Platform. First—We renew our allegiance to the principles of the state and national platforms of our party, chiefly the abolition of the traffic in intoxicating liquors for beverage purposes. Second—The money of the nation should be issued by the federal government alone. Every dollar, whether of gold, silver or paper, should be legal tender for the payment of all debts and taxes. Third—We favor a non-partisan tariff commission of experts, which shall be empowered to revise the tariff from time to time in the interest of American labor. The means necessary to an economical administration of the government should be raised by levying the burden on what the people possess in lieu of what they consume.

Fourth—Arbitration is wise and Christian, and the most economic and humane method of adjusting differences between nations and between capital and labor. The tariff laws to be effect should be enacted as far as possible.

Fifth—Recognizing the value of the services of our citizens who so bravely defended the government and defended the Union we favor the liberal pensioning of all truly valorous.

Sixth—Speculation in margins, the cornering of grain, money and products, and the raising of pools, trusts and combinations, for the arbitrary advancement of prices, and the watering of stock should be prohibited by law.

COUNTY PROHIBS MEET.

Delay Nominating County Candidates.

The Ramsey county prohibition convention met last night at Relief hall to nominate county and legislative candidates. There were less than two score present. The meeting was called to order by N. R. Frost. A quartette of male voices from Minneapolis sang a couple of numbers. Rev. David Morgan invoked the Divine blessing.

Dr. W. A. Powers was chosen as permanent chairman and A. C. Lackey secretary. On motion of Mr. Morgan the following named gentlemen were selected as a committee on platform: George Wells, D. D. Kimball, A. E. Reeves, A. B. Wray and Carl Anderson. While these gentlemen were preparing their declarations, Rev. David Morgan addressed the convention, arraigning all other parties for inability to manage the affairs of government, and spoke of the advantages of a government by the prohibitionists. The following were named as a committee to suggest names of candidates for all offices: W. R. Nicholas, F. R. McManigal, F. R. Richter, Christian Carlson, Harvey Webster, Carl Frieze and I. J. Boyner.

The committee retired to make its selections, and in the meantime the Augsburg quartette, of Minneapolis, sang another song. N. R. Frost wanted the city committee given authority to conduct the county campaign with such recruits as they might need. Mr. Morgan moved that the city committee be reinforced by four new men, and that it, as then made up, constitute the county committee. Benjamin Stone, of North St. Paul, and W. E. Freeman, of White Bear, were named as two additional members. The committee was authorized to name two additional members.

An eleven-column speech of Prof. Hillebrand, the prohibition candidate for governor, delivered at Fergus Falls, and other literature, was apporportioned among those present by Mr. Wells for distribu-

tion where the most effect might be secured.

Mr. Morgan called attention to the flying of prohibition.

BANNERS OVER SALOONS.

Mr. Wells stated that Gov. Nelson had accepted the challenge of Prof. Hillebrand for joint debates, and asked that efforts be made to secure one of the series of joint discussions in St. Paul.

W. W. Nicholas, of the committee on nominations, reported that, owing to various reasons, they desired further time to do its work.

N. R. Frost explained that the chief trouble of the committee was to select legislative candidates, and suggested a delegate convention for a later day to nominate a ticket. His voice was the party should make its chief fight this fall on the legislative candidates.

He moved that a call be issued for a delegate convention, to be held at Relief hall Saturday evening, Sept. 23. That motion prevailed, and the ward primaries were fixed for Thursday evening, Sept. 27.

Mr. Morgan suggested that the basis of representation be two at large from each ward and one in each ward and township for every twenty-five voters, or fraction thereof, cast for the prohibitionist candidate for governor, but was, after debate, left to the county committee for adjustment. The places for the primaries, as fixed, were as follows: First Ward—438 Minnesota street. Fourth Ward—160 West Third street. Sixth Ward—245 East Winifred street. Seventh Ward—184 Selby avenue. Eighth Ward—309 Aurora avenue. Ninth Ward—133 Valley street. Tenth Ward—Hamlin hall. Eleventh Ward—Sheddling avenue, between Laurel and Hazen avenues. The places for the primaries in the Second, Third and Fifth wards, and the country were left to be fixed by the county committee.

A PAROCHIAL DANGER.

THE SCHOOLS SHOULD BE LOYAL TO AMERICA.

So Says Rev. Plantikow at the Evangelical Association Conference.

The annual convention of the clergy-men of the St. Paul district of the Minnesota conference of the Evangelical association began its regular session yesterday morning, at 8 o'clock, at the Winifred Street church, corner of Winifred and Bancroft, an informal meeting having been held at the same place Monday night, when Bishop Bowman, of Chicago, delivered a sermon. The bishop returned home immediately afterwards.

Yesterday morning's session opened with an address by Rev. J. G. Simon, presiding elder of the St. Paul district. Papers followed by Rev. J. C. Sticker on "The Cause of Our Present Social Disturbances," and by Rev. H. Plantikow, of the Pine Street church, on "The Social Panacea." The latter especially opposed the certain class of parochial schools which teach enmity to our national institutions, and set forth that in adherence to the pure doctrine of Christianity lies the antidote for our social ills.

The officers elected were: Rev. J. G. Simon, chairman; vice chairman, Rev. J. E. Hiescher; secretary, Rev. H. Plantikow; treasurer, Rev. L. Passer. In the afternoon Rev. R. M. Mueller, pastor of the Winifred street church, urged in his paper on "Reform in the Pulpit," that clergymen should confine themselves strictly to the social and religious aspect of all public questions. Purely political harangues on such subjects as Coxeivism and the Great Northern strike should never supplant the teaching of God's Word.

Rev. F. Wolter, of Frontenac, will be heard this evening, and tomorrow evening the young people of the evangelical churches of the city will be addressed by several of the clergy.

Today's programme includes a prayer on the "Call of the Holy Ministry," by Rev. J. G. Simon; "A Model Preacher's Wife," by Rev. S. B. Goetz, of Racine, Minn.; "Duties of Ministers," by Rev. L. Passer, of Waseca; "Duties of the Clergy Toward the Young People," by Rev. E. Hiescher, of Winona; "Dangers That Threaten the Young People's Alliance of Our Church," by Rev. H. E. Isker, of Fairbault, and on "Church Loyalty," by Rev. J. Graeben, of St. Charles.

Some twenty clergymen are in attendance, and the convention will doubtless prove unusually successful.

Black as Ink.

Are the prejudices which some people cherish against what is good for them? They reason, as our old friend Artemus Ward says, thusly, "So and so has been a nigger for a long time, and he isn't any better." They only know of individual cases. Many could be cited to their astonishment, in which loquacious Stomach Bitters has brought about a complete change in the physical condition of persons suffering from general ill health. This thorough stomachic besides having the decided recommendation of the medical profession, is voiced by the general public as the possessor of qualities as an invigorant and restorative of health not found anywhere else. In bodily troubles caused by the liver, stomach and bowels, in instances where rheumatic tendencies are experienced, and when the kidneys are weak, it is the true rest.

MRS. DORR'S RECEPTION.

Delightful Event in Honor of Mrs. William R. Dorrr. Grand avenue, gave a charming reception yesterday afternoon for Mrs. Julia C. R. Dorrr, who is visiting here. Those assisting were: Mrs. C. R. Thurston, Mrs. R. R. Dorrr, Mrs. Sanborn, Mrs. T. C. Jones, Mrs. C. H. Johnston. The decorations in the reception rooms consisted of American beauties, asters and silver-gray foliage plants. Among the ladies who called during the afternoon were: Mrs. C. B. Sanborn, Mrs. R. M. New, Mrs. H. Halbert, Mrs. C. A. J. Morris, Mrs. Marshall De Motte, Mrs. H. A. Gates, Mrs. J. P. Egbert, Mrs. G. B. Young, Mrs. Alexander, Mrs. Archibald MacLaren, Mrs. John Snapp, Mrs. W. S. Alexander, Mrs. J. B. Hoxsie, Mrs. G. S. Sanborn, Mrs. Van Wyke, Mrs. G. C. Smiles, Mrs. M. L. Saunders, Mrs. S. Mills Hays, Mrs. J. D. Merrill, Mrs. Young, Mrs. Baker, Mrs. W. G. White, Mrs. H. H. Hunsford, Mrs. W. H. Sanborn, Mrs. D. T. Colville, Mrs. Beaumont.

Settled by Marriage.

Judge Orr performed a marriage ceremony in the municipal court room yesterday morning. Joseph Smith and Emma Veillett were the contracting parties. As soon as Judge Orr had pronounced Joseph and Emma man and wife the case against Joseph was duly dismissed.

ASPHALT AND STONE.

City Railway Wins in the Fourth Street Paving Matter.

GRANITE BETWEEN TRACKS.

Aldermen Sustain the Mayor's Veto of the Park Avenue Reopening.

REPAVEMENT ON SUMMIT.

Between Selby and Dayton--Brick and Granite to Go Down.

The board of aldermen met last night without a single absentee.

It was preceded by a meeting of the committee on streets, at which the old matter of paving Fourth street with asphalt came up. After some discussion, the corporation board recommended the disapproval of the first preliminary order, and stated that he would draw a new preliminary order and present it to the board of aldermen during the meeting of the latter.

The veto message of Mayor Smith on the Park avenue matter came up, and there were present twenty-five people from that vicinity. Ald. Murphy spoke to the question in issue. He was followed by Joseph Pottjeser. He said that the vacation of Park avenue made it necessary for the people there who had little business to move elsewhere. Mr. Pottjeser said that the threats of the Great Northern to move their shops away amounted to but little, as it meant but the removal of only 150 hands. If it was moved, two corporations, with \$25,000,000 capital, were ready to come in, bringing with them a large influx of employees with their families, increasing the population by 30,000 people.

Ald. Markham upheld the action of the mayor in vetoing the measure. The question of no notice, as had been claimed, he thought probably untenable, as the mayor meant the published notice, of which some might have been ignorant. "Further," said he, "there is an elementary principle in law that a proceeding void ab initio is ever void. If the vacation was void, then the avenue never has been vacated. I move to reconsider the resolution under which the measure was passed." Carried.

Then the motion to pass the measure over the mayor's veto was made by Ald. Murphy. Ald. Hare desired to be excused from voting. This was put to vote, and all went against Ald. Murphy. Ald. Milham moved to "make a grand stand play," and, by a vote of ten, the mayor's veto was sustained.

Final order of the board of public works for the paving of Summit avenue from Dayton to Selby was read, involving an expense of \$10,000. Passed. This is to be paved with brick and granite on concrete foundation.

A similar order on South Robert from the bridge to Indiana avenue with cedar blocks was passed.

A preliminary order for the paving of Fourth street with asphalt and granite was passed.

To Sherwood, Sutherland & Co. was awarded the contract for repaving Marshall avenue bridge for \$13,136.

ONLY TWO VOTED.

For Full Asphalt on Fourth--Others Held Their Vote.

The committee on streets of the board of aldermen held its short meeting yesterday afternoon to consider the Fourth street paving. Ald. Ulmer, Milham, Wolf, Murphy and Lindahl were present. So were Mr. Munn, the city engineer, city attorney and Mr. Watkins, and a young man who said he represented A. H. Weller, who owns property on Fourth street.

After listening to the statement of City Engineer Rundlett to the effect that under the present construction of the Fourth street cable line it would be impracticable to construct a road to maintain an asphalt pavement between the rails and tracks, Ald. Hare moved that the award of the contract for paving Fourth street, from Jackson to Broadway, be recommended for confirmation. Over two votes were cast, and those in the affirmative, on the part of Ald. Hare and Lindahl. Ald. Ehrmantrout, Murphy, Wolf and Ulmer did not vote aye or nay. Two of them said that they would vote at the meeting of the board on the evening of the 23rd.

Ald. Hare favored the award of the contract because it appeared that asphalt could be laid and maintained between the tracks provided the street railway company would change its construction from Jackson to Broadway. Mr. Munn insisted that such a change would necessitate an alteration of the entire Fourth street system. Ald. Ulmer, and, presumably, the remaining members of the committee, believe that asphalt is impracticable between the tracks and rails of the Fourth street cable line, and are in favor of referring the entire matter back to the board of public works, where the property owners can be heard.

LANDED HIS PICKEREL.

After a Ducking and Narrow Escape From Drowning. Alex McCulloch, of the St. Paul Furniture company, caught a monster pickerel Sunday afternoon at Lake Vaucluse while out fishing with a party of friends. In his anxiety to land his prize he upset his boat. Drowning, he was rescued by Messrs. Johnston and McNeil, who were fishing on the opposite side of the lake. This was averted what might have been a sad ending to an afternoon's enjoyment. Mr. McCulloch's game held the line during the struggle, and the fish, which was landed, weighed twenty-three pounds.

More Rain Is Needed.

The weather-crop bulletin of the Minnesota weather service to Sept. 18. The accumulated temperature for the week was in excess of the usual amount, but the nights were cool, with frequent frosts. The staple crops, except flax, are matured, and are out of danger; therefore, the only harm that

frosts can now do is to this cereal, late garden truck and fruit, all of which have been more or less damaged during the week.

Good showers passed across the state Thursday and Friday. They were very beneficial in softening the soil for fall plowing, but more rain is needed.

STOCKHOLDERS MEET.

Cordage Works to Consider Issuing Bonds.

President T. S. Tompkins, of the Northwestern Cordage company, has issued the following notice to stockholders:

A special meeting of the stockholders of the Northwestern Cordage company will be held at its office, corner Front and Mackubin streets, St. Paul, on Thursday at 2:30 p. m. for the purpose of considering the future policy to be pursued, and the question of issuing bonds of from \$100,000 to \$250,000, and securing the same by a mortgage or deed of trust of the real estate and plant of the company, and for the transaction of any other business that may properly come before the meeting.

Junior Pioneer Directors.

The nominations for the board of directors of the Ramsey County Junior Pioneers, which took place last Tuesday evening, and which were withheld from the press for some unaccountable reason, are as follows: Henry Weber, John Rogers Jr., John Jackson, William R. Tustevich, Charles Friend Jr., Charles E. Kelson, Charles W. Spiel, William Koch, E. A. Whitaker, Frank J. McCarron.

TO OUST SQUATTERS.

FARMERS WHO FILLED IN PART OF CORO.

Will Soon Find the Park Board Taking Possession of the Property.

The park board held its regular meeting yesterday, but transacted very little business. The only matter of importance before the board was the taking of preliminary steps for the condemnation of an acre of land on the north side of Corn Creek, which is to be taken within its limits. The land to be acquired consists mainly of what was formerly a part of an arm of Lake Como. But, when some years ago the lake nearly disappeared by evaporation, the bed of this arm of the lake became a swamp. The owners of land abutting this swamp filled it up partially and then claimed it. The park board disputes their right to it and yesterday took the first step toward condemning this land by ordering the city engineer to submit a plat of the land to the board at the next regular meeting. The board will then send the plat to the board of public works, accompanied by a resolution instructing the body to proceed with the assessment.

Superintendent of Parks Nussbaumer submitted a plan for the improvement of Landford park, which was received and referred. J. Adler, the pavilion caterer, was present in person to ask for renewal of his contract for next year, but the board postponed action upon the matter until a future meeting, though all of the commission-ers spoke favorably of Mr. Adler's catering abilities. The board adjourned after passing the bills.

TO STOP FOREST FIRES.

AND PROMOTE THE GROWTH OF FOREST.

The Commercial Club Board of Directors Held an Important Meeting.

Fourteen of the leading members of the board of directors of the commercial club met at the club rooms yesterday afternoon to inaugurate a movement to protect the forests of the state from destruction by fire. President Footner called the gathering to order at 4 o'clock and the discussion of the topic was begun immediately. It was settled that three objects should engage the efforts of the movement: First—To devise some means of stopping the appalling loss of life and property from forest fires. Second—To build up a sentiment in favor of building up the rapidly depleting forests of the state. Third—To encourage the further construction of reservoirs at the sources of the important rivers of the state in order to facilitate rafting, navigation and to promote the water resources of the cities on the banks of the streams. It was urged by several present that the state should not sell certain of its pine lands that are not suitable for agricultural purposes, but only dispose of the standing pine and start new forests growing. It is stated by one who is familiar with the subject that it would take from forty to sixty years to grow a forest of merchantable pine, and that in all probability before sixty years roll around all the pine now standing in the state will be exhausted. "The supply of merchantable" pine can never become exhausted in European countries," said he, "because those countries have forestry departments in their governments, and their are constantly engaged in growing new pine forests. There is no reason why we cannot do the same thing here."

The sentiments of the gentleman met with unanimous approval. No plan was suggested for the prevention of forest fires, but Secretary McGinnis was instructed to correspond with the state horticultural society, the state forestry association, with the managers of the railroads, with prominent loggers and lumbermen, and with all others who are interested in the subject, inviting them to confer with the Commercial club at a meeting to be called in the near future by President Footner.

It is hoped that at this meeting some practical plan of prevention of fires may be hit upon. All three objects of the Commercial club movement will be laid before the meeting for discussion.
