

RUSSIA STEPS IN.

China Advised to Delay Ratification of the Peace Treaty.

WAR MAY BE RENEWED.

The Fighting Arduous of China Is Stirred Up by the New Turn of Affairs.

RELYING ON UNCLE SAMUEL

And England the Japanese Defy the European Alliance.

LONDON, April 26.—The Shanghai correspondent of the Times telegraphs: "Russia has requested the Chinese government to delay for a few days the ratification of the peace convention entered into by the Chinese and Japanese plenipotentiaries at Shimoda. I believe that Japan was surprised by the protests made by Russia, France and Germany against the permanent annexation of Japan of territory on the Chinese mainland. The dispatch of the latest Japanese expedition to Port Arthur was ordered for the purpose of allaying the discontent that exists in that portion of the army which has not shared in the honors of the campaign, and also to force the Peking government to ratify the peace treaty."

A Peking dispatch to the Times says it is the cession of Southern Manchuria, as provided for in the treaty of peace, that is chiefly opposed in the Chinese capital. The agreement to this end made by Li Hung Chang, specially grievous to the emperor because the province of Manchuria is the ancestral portion of the empire. There is less opposition regarding the cession of the island of Formosa, which is a new province. The other articles of the treaty are regarded as bearable.

Several governors and some of the generals oppose submission to the public proclamation that has been made.

JAPS WILL NOT LET GO.

Now What Will Russia Do to Enforce Demands.

LONDON, April 26.—Direct and positive information from official sources is at hand concerning the exact negotiations between Russia, France and Germany on one hand and Japan on the other. The Russian, French and German ministers separately interviewed the Japanese minister for foreign affairs under instructions from their respective governments and presented memoranda in which it was stated that the governments of Russia, France and Germany upon examining the terms of peace imposed by Japan upon China have found that the possession of the peninsula of Lia Tung, claimed by Japan, would be a constant menace to the capital of China and at the same time would threaten the independence of Korea and render it non-effective in fact. In this sense and for other reasons, it was stated, a constant menace to the permanent peace of the far East. Consequently the governments of Russia, France and Germany, desiring to show their sincere friendship for the government of Japan, advise it to renounce the possession of Lia Tung. The memoranda of the three governments make it plain that they were presented in the way of friendly advice to the Japanese government, and are not intended in any way to convey any open ultimatum.

COVERT MENACE.

The impression is gaining ground that Japan can rely upon the friendly counsel of the United States at the present moment. The governments of Great Britain and Italy have made it plain that they do not intend to follow the example of Russia, France and Germany, and the great commercial interests of the United States in the far East, which the Japanese-Chinese treaty of peace would largely benefit, no less than the constant attitude of the United States toward Japan led diplomats to believe that the United States at this juncture will not fail to make such use of its good offices as will prevent Japan from being deprived of the fruits of her victory.

The treaty of peace has already been sanctioned by the emperor of Japan, and it would be extremely difficult to make any change. The only effect of the attitude of Russia, France and Germany may be to encourage the party in China which is opposed to any moderate and reasonable settlement, and thus to prolong the war indefinitely.

It may be stated in the most positive terms that the intentions and proposals circulated regarding Japan's reply to the powers are not correct. The reply had not been sent as late as the evening of the 26th, and from intimations received from the highest and most reliable sources here it may be said that the reply, while moderate and conciliatory in tone, will not contain any recession from what Japan regards as rightfully her due.

OUR INTEREST WITH JAPAN.

Kurino Says the United States Should Oppose Russia's Demands.

WASHINGTON, April 26.—Minister Kurino, of Japan, today gave the Associated Press a very significant interview on the Eastern question. He said that in his opinion, the commercial interests of the United States in the East, particularly in Japan, are so much more important and important than those of Germany or France, that it would be eminently desirable in the event of a Franco-German alliance with Russia to prevent the consum-

mation of the peace treaty for the United States to take an active part in offsetting such an alliance. Mr. Kurino wished it to be clearly understood, however, that this was his personal conviction. He had, not, he said, received any instructions from his government, and there had been no suggestion of an official or unofficial character from him to the state department that the United States should be enlisted in its support. His views were the result of his personal information of the extent of United States' interests in the East.

"The commercial interests of the United States in Japan are very much greater than those of Germany or France. Practically their interests are little or nothing, while those of the United States are very extensive. The British trade comes first, but it comes the trade of the United States. It will be eminently proper, therefore, if the United States, in consideration of its superior commercial interests, should offset a demonstration on the part of France and Germany, if any such move is actually made. I am not officially informed that it has been made, nor am I apprehensive of the move should it be made, but in the event of its being realized, then there is little doubt in my mind that the commercial interests of the United States would make it expedient to take part in the issue. This, of course, would not mean that the United States was to engage in a fight. Its co-operation would undoubtedly be effective without any radical step."

Mr. Kurino was asked whether the result would be if China's procrastination or foreign interference prevented a ratification of the peace agreement. "Then," he replied, "the war will be renewed on May 5 with far more vigor and determination than before. The present cessation of hostilities is due entirely to the armistice agreed with the understanding that peace was desired and would be effected. If, however, that result is not secured, there will be a most aggressive advance on China."

The interview shows that Japan is fully alive to the menace contained in the suggestions of a triple European alliance to prevent the consummation of the China-Japanese treaty, and to the advantage of meeting this alliance with a counter-alliance.
