## A CYCLONE'S HARVEST

Storm of Wind and Rain Sweeps Through Sioux County, Iowa, Leaving Utter Ruin in Its Track.

NUMBER OF DEAD MAY REACH 200.

But No Reliable Estimates Can Be Formed, as Rescuers Are Working in Rain and Darkness.

PERKINS WAS NEARLY WIPED OUT.

Devastation in the Vicinity of Sioux Center Reported to Be Something Terrible—List of Known Dead.

SOUTH DAKOTA ALSO SUFFERS.

Number of Buildings at Ashton Demolished, but No Lives Lost—Cloud Burst Near Sioux Falls.

SIoux CITY, Ia., May 3.—Dispatches were received here by the Sioux City & Northern Railroad company this evening from their agent at Sioux Center, forty-five miles north, telling of a terrible cyclone near there, in which many people were killed and injured and much property destroyed. The wires where the storm was blown down and telegraph reports are consequently very meager. The first dispatch received by the Northern road said the cyclone passed three miles northeast of there at 3:50 p. m. A school house near town was destroyed, the teacher killed and a number of children killed and injured. Have not been able to learn exact number of names. The whole country in the path of the storm is devastated. The Sioux City & Northern tracks between Perkins and Doon are washed out for several miles. Dispatches from Sioux Center at 8:30 p. m. say three school houses and at least twenty residences and barns were swept away. At the school houses two teachers and three pupils were killed and many injured. Two women were found dead about 6 o'clock not far from the point where the school buildings stood. One man, who arrived at Sioux Center late in the evening, reported that his house was blown away and his family killed. He himself escaped and reports that at least

200 OR 300 PEOPLE must have been killed. Parties have been sent out from Hull, Sioux Center and Orange City, neighboring towns, but their work is being carried on in total darkness in the midst of a tremendous wind and rain storm. It is consequently progressing slowly. A number of bodies have already been recovered, although the exact number cannot be learned. Every one is violently excited, and definite accounts cannot be obtained. It is said that Perkins, a small town between Sioux Center and Doon, was directly in the path of the storm, and was almost entirely wiped out. The wires leading to it are all down, the railroad tracks are washed out and the wagon roads cannot safely be traveled over owing to the manner in which they were gullied by the rain.

It is consequently no easy matter to reach it. Physicians have already been sent from Hull, Orange City and Sioux Center, but are finding every conceivable obstacle in the effort to reach the scene of the storm. Help has been refused from here, but if the same character of reports continue to come in, a train may be sent out.

TRACK OF THE STORM.  
Definite reports are beginning to come in as to the path followed by the cyclone. The storm originated about a mile and a half south of Sioux Center. It moved from there in a northeasterly direction and passed directly through Perkins, a small town six miles north of Sioux Center. After passing Perkins nothing was heard of any damage. Late this evening, however, news was received from Sibley to the effect that a storm struck there about 6 p. m., destroying the house of John Watterson, killing Mrs. Watterson and injuring Watterson and his son. No names can yet be learned of the people injured about Sioux Center and Perkins. The Sioux City & Northern Railroad tracks between Perkins and Doon are washed out for several miles. Dispatches from Sioux Center at 8:30 p. m. say three school houses and at least twenty residences and barns were swept away. At the school houses two teachers and three pupils were killed and many injured. Two women were found dead about 6 o'clock not far from the point where the school buildings stood. One man, who arrived at Sioux Center late in the evening, reported that his house was blown away and his family killed. He himself escaped and reports that at least

### CYCLONE AT ASHTON.

Number of Buildings Demolished, No Lives Lost.  
Special to the Globe.

REDFIELD, S. D., May 3.—This section was visited by heavy, drenching rain this afternoon, accompanied by high wind, lightning and big hail. Telegraph wires are down north of here on both the Northwestern and the Milwaukee roads, and it is impossible to get returns as to the possible damage done to property. Citizens here viewed for some time, north of here, the formation of a cyclonic funnel-shaped cloud, which indicated trouble. At this writing returns are coming in showing that within ten miles north of Redfield a regular cyclone traversed toward Ashton, where it did much damage. The Opera house building, formerly court house, was blown out of shape, the steeple of the Congregational church was blown down, many houses unroofed and barns destroyed. The main street of the city is strewn with debris of demolished buildings. Many farm houses, barns, granaries and out buildings along the track of the cyclone north of here are destroyed. As usual, the wind perpetrated many strange freaks in the work of destruction. Fortunately, no one is reported yet as having suffered injuries. A drayman at Ashton, named McCart, was roughly shaken up, but not seriously injured.

### WAS A CLOUD BURST.

Storm Did Much Damage in Vicinity of Sioux Falls.  
Special to the Globe.

SIoux FALLS, S. D., May 3.—The

heaviest rain and wind storm that has ever visited this vicinity struck here today and continued for two hours. The rain fell in torrents, and while the wind was not so severe in the city, the suburbs suffered badly. A bridge over the Sioux river, just west of town, was blown over. The big main building, Madame Doyle was reported. Two buildings connected with the Sioux Falls Carriage works were demolished. The roof was taken off of the Chain Mortising works and oat meal mill. Many small buildings were blown away entirely, while large ones were moved from their foundations. There was a regular cloud burst twenty miles north, and an immense rise in the river is looked for. The Sioux at Dell Rapids is running over the Milwaukee tracks, and the Sioux creek is also high and flooding farms in the course.

### RAIN, WIND AND LIGHTNING.

Copious Showers in Minnesota and Wisconsin.

Special to the Globe.  
ROYALTON, Minn., May 3.—Yesterday a heavy wind blew down a large barn belonging to Mark Kofe. It had recently been built.

Special to the Globe.  
LONG PRAIRIE, Minn., May 3.—During a heavy rain of last night a barn belonging to George Foyre was struck by lightning, killing a cow, but strange to say, neither setting fire to the hay through which it passed nor hurting a team of horses which stood in the next stall. There is plenty of rain every day, and the ground is thoroughly soaked.

### IN WISCONSIN.

BELOIT, Wis., May 3.—Today during one of the most terrific electric storms ever known here the barn of Frank Englen's farm was struck by lightning and burned together with four horses, thirteen head of cattle and a lot of machinery.

MANITOWOC, Wis., May 3.—A great storm passed over the village of Kellerville about 6 o'clock this morning. John Amara, fourteen years old, who was yet in bed, was killed by a bolt of lightning.

RABAROO, Wis., May 3.—The long dry spell has been broken by a rain, but more is needed.

WAUPACA, Wis., May 3.—Four thunder storms, each with an attendant shower of rain, passed over this region this morning and during the night. Vegetation never looked better than today.

LA CROSSE, Wis., May 3.—A severe storm this afternoon washed out the Milwaukee road at the old danger point, King's creek, near Lake City. The fast mail came in over the Burlington tracks, and other trains are eight hours late. Nearly an inch of rain fell here.

### TWO VICTIMS OF LIGHTNING.

SIoux CITY, Ia., May 3.—During a severe storm, tonight, Rudolph Schwerdefeger was killed by lightning near Sutherland, Io. Peter Summer, a farmer near Laurens, was killed in his house by lightning.

### Lineman Meets Horrible Death.

CINCINNATI, O., May 3.—Aaron Lyman, a lineman for the electric light company, was killed in a frightful manner today. He lost his footing and fell from a live wire, striking his neck, severing the head and setting fire to his clothing and body. The wires were immediately cut and the body removed. The man's remains presented a horrible appearance.

### Fate of Fishermen.

IRONTON, O., May 3.—C. Hilton Woods, Harry Basselle, Jr. and J. T. Boldman, three young married men of Rock Camp, this county, went fishing Thursday night. During a storm a party took shelter under a tree, which was struck by lightning and shattered into fragments. Woods was instantly killed. Basselle was fatally injured, and Boldman was seriously shocked.

### HINEBAUGH AN EARLY BIRD.

He Is in Washington After the St. Paul Postmaster.

WASHINGTON, May 3.—The St. Paul postoffice was in on in Washington. E. C. Hinebaugh, the present incumbent, appeared. He presented himself at the White house today and was introduced to Private Secretary Thurston by a St. Paulite. This being cabinet day, he could not see the president, but made arrangements for an interview at a later date. He has a big stack of indorsements from prominent St. Paul business men, and will make his light as representative of the young Democratic element in that city. Capt. Castle's time does not expire until Jan. 1, so it is not likely that the appointment will be made soon.

Mabbett, an Englishman, aged thirty-five; George Mattach, a Poleander, aged thirty-five; Rudolph Runbold, a German, aged thirty-five; Joe Bolinsky, Hungarian, aged thirty-two. While he is in an extremely critical condition, it is said that he is in no immediate danger of death.

## RAIDED ST. JOHNS.

Half Breeds Confiscate Arms and Ammunition Found in Stores.

BRAVES IN THEIR WAR PAINT.

Scatter Upon the Arrival of Marshal Cronan and His Force.

GABRIEL DUMONT IS LEADER.

No Order Is Yet Issued for Troops to Be Sent to the Scene.

WASHINGTON, May 3.—No troops have been ordered to Turtle Mountain, N. D., though the war department has everything in readiness to send troops as soon as they are needed. It appears that the attorney general does not believe that there is any necessity for the troops, and it is intimated that the marshal and his deputies have been unnecessarily alarmed.

ST. JOHNS, N. D., May 3.—A party of some forty or fifty half-breeds, headed by a Frenchman named Chasseur, made a raid on the hardware store of Mr. Brooks and carried off all the ammunition he had in stock. Brooks was under orders from the United States marshal to dispose of no ammunition to them, but he was powerless to resist, and the breeds took all the ammunition there was in sight, seizing two kegs of powder, seven repeating rifles, 1,000 loaded shells and 500 empty shells. They also secured two rifles belonging to Manning, a trader here, and have also taken a considerable quantity of provisions and flour.

The breeds have sent their children across the Manitoba line, and their encampment at Langan's place is reported to be in a strong state of defiance. In a newspaper, the breeds and Indians in camp at Langan's, led by the worst element of the breeds. Little Thunder is as intemperate in his speeches as ever.

### CRONAN ARRIVES.

The party of deputies under Marshal Cronan, reinforced by ten men sworn in today at Rolla and Cando, arrived here before noon. The prospects are that there will be some difficulty in finding the men they are after. Deputies wish to make the arrest, as settlers report having seen bands of the Indians marching west to the mountains this morning. All were armed in war paint. Deputies have Winchester and revolver, and plenty of ammunition, and will not go back without the prisoners if they can find them. Indian and half-breed women remain near here.
