The departments combined under this heading embrace Toys, Dolls, Jewelry, Stationery, Leather Goods and Needle Art sections. We desire to say that we are three weeks earlier than last season with Holiday Novelties. Many people are inclined to buy their Holiday Presents much earlier than formerly. We wish to call mothers' particular attention to our enlarged Toy and Doll Departments this season. Bring the children this week and let them see what Santa Claus has brought. Any of these goods can be bought now and we will hold them subject to delivery when advised. Visit our New Basement Annex.

**Important Notice**—We shortly will have an outside exit from our Basement to Eighth St.

**A Truly Up-to-date Store..**

Progress is our watchword, and we aim to make The Golden Rule the highest type of commercial enterprise. Our building is one of the best retail stores in the country. All trading is done on the main floor and basement, no dangerous elevators. We spared no pains in making it so, arranging for every detail of lighting and ventilation so carefully that every department is bright, airy and wholesome. In addition to the superiority of the surroundings, there is the attraction of our price offers from day to day, giving opportunities for wonderful savings.
