Market opened with light hogs a good 5c lower, and heavy weight to 5c under Wednesday's closing. Receipts were almost double the corresponding day a year ago. Quality was generally very good. Trading was fairly active at the decline. Prices ranged from \$5.75 to \$5.85 for hogs, \$4.50 to \$4.60 for calves, \$3.50 to \$3.60 for lambs, \$3.25 to \$3.35 for steers, \$3.00 to \$3.10 for cows, \$2.75 to \$2.85 for heifers, \$2.50 to \$2.60 for calves, \$2.25 to \$2.35 for lambs, \$2.00 to \$2.10 for steers, \$1.75 to \$1.85 for cows, \$1.50 to \$1.60 for heifers.

Offerings of light weight hogs included a few loads that were good to choice, but in the mixed, butchers and heavy there was nothing that could be called better than fairly good. The unusually big common ends were responsible for most of the average price. Representative sales:

Stocks, Bonds and Money

Closing, Wed.

Call money, New York..... 5 1/2 %
Bar silver, New York..... 55 5/8 %

NEW YORK, Dec. 12.—Speculative liquidation continued in the stock market today, induced by the stringency in money, which raised the call loan rate up to 12 per cent. at one time and forced a good share of liquidation. Other selling was precautionary, in fear of still more stringency in the money market.

A very material element in the day's weakness was the short selling by the bears, who became emboldened by the lack of support in the market and put out very large short lines. When the market rallied the bears found they had been following the decline too closely and they helped on the rally by bidding against each other to get back stocks.
