

BETHEL BOAT FOLK WANT \$12,000 IN THIRTY DAYS

Propose to Rebuild the Grand Block and Start a Mills Hotel—Option Has Been Secured on the Property and Money Must Be Had Within a Month.

The Bethel association wants \$12,000, and must have it within thirty days. With the passing of the Bethel boat—one of the oldest charitable institutions in the Northwest—comes the proposal to substitute therefore a land institution which will have for its aims

Policeman Pat Smith on Eagle shortly after 8 o'clock. At the central station he told Capt. Hanft that he came to the city Saturday. "Suppose you wanted to see the president," inquired the captain. "Naw, I didn't; I came to get a job," promptly replied the boy. Scanlon's parents, who formerly lived on the Dodd road, died six years ago. Since then the boy has been cared for by friends. Last night Policeman Smith secured a job for the boy on a farm just outside the city.

BREAKS NOSE, ARM AND LEG AT THE SAME TIME

J. H. Byrne Fractures Several Members in Falling Down Stairs.

While visiting with friends Saturday night at Woodbridge avenue, J. H. Byrne, 302 East Congress street, fell down stairs, breaking his nose, right arm and left leg. The police ambulance was called and he was taken to the city hospital. Byrne does not know just how the accident happened. He was about to go home and had said something to the people with whom he had spent the evening. When he got out on the landing to the stair case in some unaccountable way he lost his balance, falling down a long flight of stairs. At the city hospital last night it was said that while Byrne is not fatally hurt, his injuries are serious.

PLANS FOR JEWISH TEMPLE ARE FIXED

Work Is to Begin at Once on \$60,000 Edifice.

At a meeting of the trustees of the Jewish Temple association yesterday afternoon it was decided that the plans for the new temple, to be erected at Holly avenue and Avon street, submitted by Architect Clarence H. Johnston be accepted. The edifice will be ornate and imposing to a degree. The particular type of architecture will be classic in design, and in the West will be considered an entirely new departure. There is nothing of the school west of the Allegheny mountains. The frontage of ninety-six feet will be on Holly avenue, with a depth of ninety feet on Avon street. The lot upon which the structure will rest measures 115 by 120 feet, and an appropriate grass setting will be one of the chief beauties of the place. The edifice will be built of pressed brick relieved by Bedford stone trimmings, and a characteristic feature of

MUST HAVE HEADLIGHTS ON AUTOMOBILES

Cars Must Be Lit Up or Chaffeur Will Be Arrested.

Automobiles must be supplied with headlights. Chief O'Connor will today issue an order that the ordinance regulating autos be rigidly enforced. Several accidents have occurred during the past few weeks an account of owners of automobiles failing to obey the ordinance. The patrolmen are instructed to arrest the chauffeur of any machine not supplied with lights after dusk.

WASHINGTON WOMAN COMMITTS SUICIDE

Mrs. Louis Ames Van Weik Found Dead in Jersey City Hotel.

NEW YORK, April 5.—Mrs. Louis Ames Van Weik shot and killed herself at the Hotel Washington in Jersey City today. She was perhaps thirty-five to thirty-seven years of age, a blond and good looking. She arrived at Jersey City from the West Friday over the Pennsylvania railroad. She seemed in good spirits and was well supplied with money, and numerous packages arrived at the desk from New York stores for her. She was last seen alive Saturday evening by one of the maids of the hotel. Several bundles of letters were found addressed to Mrs. L. E. Wolfbauer, care of Mrs. Pease, 1250 McCullough street, Baltimore, and to Mrs. Edward W. Wolfbauer, 1017 Fifteenth street, northwest, Washington, D. C. All these were signed by Edward W. Wolfbauer and addressed the recipient as wife. The most recently dated was in 1901 and most of the letters were written from various places in Cuba. Superintendent Sylvester of the Washington police was telegraphed to. He replied that he could not find any relative of the dead woman in Washington. She was known there, he said, and so far as he knew Mr. Wolfbauer was still alive. Something over a year ago Mrs. Wolfbauer left Washington for South Dakota and more recently obtained a divorce there. Of her subsequent marriage, if there was one, the Washington chief was ignorant.

MOTORMAN IS SHOT FOR STOPPING PARADE

Angry Italians Shoot Chicago Car Driver and Start a Riot.

CHICAGO, April 5.—Because he tried to force his car through a parade that was blocking traffic in Halsted street tonight Motorman Zorab was shot and seriously injured by one of the marchers. Nearly 1,000 Italians, who were in the parade, broke ranks and were on the scene in a few minutes, but before quiet could be restored several persons were severely cut and bruised. Two of the Italians who, it is supposed, did the shooting were arrested.

FORCE WILL GAIN NOTHING FOR IRISH

Joseph Devlin Says Ireland Must Conquer by Peace and Diplomacy.

"All parties and classes in Ireland are agreed that 'physical force' will do no good to Ireland at the present time," So declared Joseph Devlin, M. P. for North Kinney, at a meeting of prominent Irishmen held yesterday at the West hotel, Minneapolis.

Mr. Devlin is in the United States for the purpose of interesting the Irish-Americans in the land bill which is now pending in the British parliament. He is being accompanied on his American tour by former Congressman John F. Finerty, of Chicago, who is the president of the United Irish League of the United States.

"Whatever limitations there may be in the representative," continued Mr. Devlin, "I claim today that no man has ever come to America armed with such a mandate and supported by such a backing as I hold."

"I come as the mouthpiece of a great convention of the Irish people, composed of delegates from the national priesthood, from the Irish leagues and from the Order of Hibernians. I do not come here as the representative of any will-o-the-wisp policy. The land for the people and Irish national self-government is my platform."

"All parties and classes in Ireland have come to agree on the fact that 'physical force' will do no good to Ireland at the present time."

"The flower of the Irish people has left the Fatherland. During the past fifty years the population has been decreased through emigration by nearly 50 per cent. There are today 4,500,000 old men, women and children to represent the 'physical force' of the country."

"The fight we must make is one of peace and of diplomacy. And while the land bill now pending in the British parliament can be regarded as little more than the first step toward Irish freedom, nevertheless its passage will mean the reawakening of independence, the revival of the physical strength, the happiness of the people and the promise of a new race, which can find its real home in its home land."

"This is a time when triumph is in the air. All we need is one last magnificent effort to carry it through. Within the last eighteen months the British government has virtually capitulated to the cry of the Irish people. The long, quiet fight of the Irish peasants is on the verge of victory."

The sentiment of the conference was expressed as favoring the extending of an invitation to Mr. Devlin to make a public address in Minneapolis on April 21. Mr. Devlin accepted the invitation and a committee was appointed to arrange for the event. He will probably speak in St. Paul also.

ORIENT SQUADRON WILL BE REINFORCED

Boats in Asiatic Water Will Be Under Three General Heads.

WASHINGTON, D. C., April 5.—The United States squadron at present in the Orient will be reinforced materially as soon as the vessels now under orders to proceed to those waters arrive there. The navy department, in making this increase, contemplates squadrons in Asiatic and Philippine waters

FREE FACE BLEACH
FOR COMPLEXION
I will send free trial bottle of my **FACE BLEACH** to any lady sending name and address.
Mme. A. RUPPERT, 6-E-14th St., New York City.

HOW TO OBTAIN A LOVELY COMPLEXION CLEAR & BEAUTIFUL

It is every woman's duty to be as youthful and good looking as possible, and there is nothing which adds more beauty than a lovely complexion, and there is no remedy which will restore the complexion and give one that youthful appearance like **Mme. A. Ruppert's World Renowned Face Bleach**. This grand remedy clears the skin of every discoloration and impurity, including pimples, freckles, moth patches, brown spots, liver marks, comedones, flesh-worms, blackheads, oiliness, sallowness, muddiness and skin diseases. It accomplishes these wonderful effects by drawing the impurities and discolorations to the surface of the skin and then removing these blemishes by gradually scaling off a slight surface of the outer skin. It does this in so natural a manner as to be entirely harmless to the most delicate complexion, and, having this action, it cannot fail to produce excellent effects.

Most marvelous results are obtained when Face Bleach is used according to my new Special Directions in conjunction with my Egyptian Balm, which nourishes and feeds the tissues and glands of the skin, and adds the finishing touch which refines, purifies and preserves the skin in its pristine splendor, giving it the glow of youth.

Now, in order that every lady reader of this paper may obtain the highest possible effects from the use of my preparations, I will make the following stupendous offer: A bottle of my **Face Bleach**, a trial jar of my **Egyptian Balm**, a bar of my most exquisite **Almond Oil Complexion Soap**, my **New Special Directions**, my book, "How to be Beautiful"—all for \$2. The price of Face Bleach alone is \$2 per bottle, hence you receive the other articles absolutely free.

under three general heads: viz., vessels of the line of battle, made up of the battleships Kentucky, Oregon and Wisconsin, and the monitors Monterey and Monadnock, all of which are now there except the Wisconsin; second, the cruiser squadron, made up of the New Orleans, the Albany and the Cincinnati; the third squadron made up of gunboats and small craft, designed specially for service in the smaller bodies of water where the larger ships, because of their draught, are unable to go. The idea of the three-squadron formation is a favorite one with my naval officers, who, to some extent, have arranged its counterpart with the vessels of the Atlantic fleet.

and objects the same work as carried on by the boat workers. The Grand block, formerly the old opera house, is under consideration as a very likely abiding place for the Bethel movement and work. The officials of the Bethel have until May 1 to keep the matter of choosing the Grand block under advisement. The building could very easily be remodeled to suit the requirements of the mission and at a comparatively slight expense it could be converted into an ideal home for working people on the principle of the "Mill's hotel" type. If this building is secured it is proposed to reduce the number of stories to five, rearrange the interior to suit the various requirements, secure the maximum number of small rooms and to equip the basement with bath and laundry systems. A gymnasium, with bowling alleys in conjunction, will be installed, and every effort bent to the end of organizing the street boys' clubs and brigades, as one of the officials said: "Those whom the Y. M. C. A. cannot reach and wouldn't have around."

The different floors will be given over to coffee house auditorium, chapel, sitting room for men and rest room for women; offices and rooms for lodgers. It is believed, after careful figuring, that the third story could very conveniently contain forty rooms for women, and that the fourth and fifth could hold over 100 for men.

Those who are furthering this mission are enthusiastic in the extreme, and believe that there is no end to the possibilities for doing good that may be opened up in this manner.

To attain this ideal will require \$40,000, \$12,000 of which will necessarily have to be realized within the next thirty days. An appeal has been made for funds, which may be sent to Kenneth Clark, Merchants bank, or Rev. D. Morgan, 1714 Van Buren street, city.

**WANTS WORK AND
DON'T CARE FOR HEROES**

Small Boy Denies That He Came to See the President.

"Naw, I didn't come to see Teddy; I came to get a job," said fourteen-year-old Fred Scanlon last night at the central police station, when questioned by Capt. Hanft.

Young Scanlon came to St. Paul from Glencoe, Minn., where he was employed as a farm hand. He was picked up

BOY IS SCALDED BY UPSET OF COFFEE POT

Four-Year-Old Is Hurt by Spilling of the Family Urn.

Adebert Johnson, the four-year-old son of Samuel Johnson, 206 Arch street, was painfully scalded by boiling coffee at noon yesterday. The child's mother was preparing dinner and her apron caught under the lid of the coffee pot. She did not notice it, and when she walked around from the stove she dragged the pot with her.

Little Adebert was standing by her side and the pot's boiling contents was spilled over his head. His arms and legs were badly burned, but the child will probably recover.

SAILORS TO HAVE TWO VACATIONS

Naval Officials Believe Plan Will Diminish Desertions.

WASHINGTON, D. C., April 5.—The enlisted men of the ships of the battleship squadron are to be given a net leave of ten days when the vessels are docked for repairs in about a month and a half. Section of Dunsmuir Destroyed. REDDING, Cal., April 5.—The entire business section of Dunsmuir was destroyed by fire today. Loss, \$50,000.

Charged With Robbing the Barkeeper. John Oigley, a bartender in W. J. Byrne's saloon, East Seventh street, was robbed of his watch and a roll of bills while asleep early Saturday morning. M. McCue is arrested charged with perpetrating the deed.

Oigley fell asleep Saturday morning, and while unconscious, it is alleged,

it will be an elaborate stone portico, embellished with columns. The roof will be flat, and crowning all will be a dome, the base of which will be sixty-eight feet above the ground level. Standing back as it will from the sidewalk about thirty feet, a splendid view will be presented.

Immediately upon entering the temple one will step into a large vestibule, from which a full view of the auditorium will be available. Looking in from this point of vantage one will see directly opposite him the organ loft and galleries, and running beneath them from the floor clear upwards, a solid paneled wainscoting, forming the background of the speaker's platform. Directly in the rear of the speaker will be the Ark—this latter to be one of the richest and most elaborate in the United States.

The auditorium proper will have what is known as an arch ceiling—that is, the whole will be formed of four great arches lifting themselves upward, and at their conjunction will be the great window, the principal source of illumination.

Under the loft and galleries will be situated the women's parlor, pastor's study, toilet rooms and clothes closets. East of the church, and under the same roof, will be the school department; in the basement, kitchen, dining and toilet rooms. On the first floor will be the assembly and class rooms, with library and reading room. On the second floor will be additional class rooms. The gallery will be provided with a stair leading from the auditorium, and a private entrance opening on Avon street. Everything will be finished in solid oak, with the exception of the tiled flooring of the vestibule.

Around the auditorium will be seven symbolical windows and over each of these will be a rose window.

The fittings will be of the most modern type available; the heating principle will be steam, and the most improved methods of artificial lighting will be employed.

Although the papers will not be signed until today, the agreements have all been closed, and everything is ready for the commencement of operations, from the auditorium, the heating principle will be steam, and the most improved methods of artificial lighting will be employed.

Completed by the Jewish New Year in September. It is estimated that the cost will aggregate between \$50,000 and \$60,000, though the actual figures have not been given out.

RIPANS FAMILY BOTTLE

Ripans Tabules are a standard household remedy. Each tabule is an accurate dose, made separately. They are for men, women and children. They regulate the stomach, liver and bowels; keep them in a healthy condition, prevent chronic and dangerous diseases, and restore the organs to a healthy condition when they have become diseased.

Ripans Tabules are a most economical remedy. For the convenience of families where the tabules are in constant use, they are put up in large bottles, each containing one hundred and fifty tabules. Care should be taken to observe that the bottle is securely corked and bears the trade-mark on the unbroken paper seal over the cork. The tabules should never be bought in bottles that have been tampered with. The price for the Family Bottle is sixty cents — 150 doses for sixty cents.

If you cannot get a Family Bottle from your druggist, send the price, sixty cents, to the manufacturers, The Ripans Chemical Co., 10 Spruce St., New York City, and they will send you one by return mail, postage paid.
