## REVOLUTIONARIES PUT UP BOLD FRONT

They Concentrate All Their Operations in Eastern Macedonia and Have Vast Stores of Provisions, Ammunition and Dynamite—General Rising Was Fixed to Begin Yesterday—Large Number of Battles.

SOFIA, Bulgaria, Sept. 19.—The revolutionists are now concentrating all their operations in Eastern Macedonia, whence the latest dispatches reported that a general rising was fixed to begin today. The insurgents say they have accumulated vast stores of provisions, ammunition and dynamite and are prepared to enter on a serious campaign.

Fighting is already proceeding at Melnik, province of Seres, which is besieged by insurgents under the leadership of Stoyanoff, Yankoff, Darvinghoff and Seegravoff, all of whom formerly were officers in the Bulgarian army. The town of Melnik is an important point in the mountains, commanding the road between Demir Hissar and Razlog. The besiegers number 1,500, while the Turkish garrison is believed to consist of only one battalion. The result of the attack on the town is not yet known, but a telegram from Ketcharivovo says that additional Turkish troops are going thence to Melnik. In the Demir Hissar district the, Steyanecheff, Agreloff and Kort-

chovaly, have 20,000 men ready to begin the attack. Severe fighting is reported at Okrida. A band of revolutionists operating near Berlinje surrounded Turkish troops and a fight ensued, which lasted throughout the entire day. In the evening the insurgents, reinforced by bands under Saroff, attacked the Turks on all sides and routed them. The Turks lost 90 killed. It is reported that the troops will now move in bodies of 3,000 to 4,000. At Dobrovan, in the district of Leten, a fight has taken place between Turks and insurgents in which the Turks lost 70 killed and many wounded. The insurgents lost only 4 killed, but many were wounded.

Turkish soldiers are reported to have burned five villages in the district of Kastoria. LONDON, Sept. 19.—War between Turkey and Bulgaria is not now regarded as imminent by the foreign office or other diplomatic centers in London. It is stated that under no circumstances will the powers permit Turkey to occupy Bulgarian territory, hence Turkey has nothing to gain by hostilities.

## PREACHER PUNISHED

Rev. Gould, Captured in North Dakota, Goes to Prison.

CENTRAL CITY, Neb., Sept. 19.—Rev. R. A. Gould, a Free Methodist preacher, who ran away with Eva Flint, fifteen years old, last March, was today sentenced to six years in the penitentiary. He was tried under the kidnapping law passed by the state legislature after the Cudahy kidnapping in Omaha, and his conviction was the first under that statute. He was captured in North Dakota. He has a wife and five small children.

## STEAMER BURNS ON THE ST. JOHN RIVER

Three Persons Jump Overboard to Escape the Flames and Are Drowned.

ST. JOHN, N. B., Sept. 19.—While on the way up the St. John river this afternoon with forty passengers and a heavy cargo of freight, the Star Line Steamship company's steamer David Weston caught fire, probably from a match dropped on a bale of hay, and before she could run ashore was almost consumed.

A waitress, a deckhand and a boy were drowned through jumping into the river to escape the flames. Seven or eight persons were slightly injured. The passengers were taken ashore in boats.

## INDIAN TERRITORY MAYOR SHOTS TWO

He Is Attacked by Two Indians and They Never Will Attack Another Man.

PORT SMITH, Ark., Sept. 19.—Judge Russell, mayor of Gans, I. T., today shot and instantly killed Buck Martin and Jim Shott, Cherokee Indians, who were advancing on a son of the mayor with knives.

Mayor Russell interfered and the men attacked him. He fired and both men fell dead. Russell was city marshal last year and invaded a gambling house conducted by Shott and Martin.

## STATE SENATOR ARRESTED FOR CONSPIRACY

George E. Greene, of Binghamton, N. Y., Is Charged With Having Bribed Beavers.

BINGHAMTON, N. Y., Sept. 19.—An arrest which has been expected for some time occurred today when Postoffice Inspector Walter S. Mayer, of Chicago, and Deputy United States Marshal Foster Black, of this city, arrested State Senator George E. Greene. The latter was arrested before United States Commissioner Hall and entered a plea of not guilty and his bail was fixed at \$10,000. Jones M. Kilmer qualified his surety. The examination will be held Tuesday. Senator Greene was arrested on two warrants, one charging him with conspiracy to defraud the government in bribing George W. Beavers to purchase International time recorders for the government at \$100 each, and the second for offering Beavers a bribe of 10 per cent on clock sales to the government. Senator Greene is president of the International Time Recorder company, which has its headquarters in this city. He denies guilt.

## Lumber Company Falls.

ASHIEVILLE, N. C., Sept. 19.—The Carolina Land and Lumber company today was placed in the hands of a receiver. The liabilities are said to be \$500,000, while the assets include a large sawmill, 60,000 acres of timber land and a large stock of lumber.

## INDIAN INQUIRY WILL BE A FARCE

There Are Strong Objections to the Investigation Methods Adopted by Hitchcock.

WASHINGTON, D. C., Sept. 19.—As a result of differences of opinion among officials of the interior department, it is generally understood in government circles that Secretary Hitchcock has not received the support of his subordinates in his program of investigation into the alleged Indian land frauds, and the prediction is freely made that the inquiry will be a farce.

Many of the department officials were strongly in favor of the selection of an army officer to conduct the investigation. It was pointed out that he could enter upon the work with absolutely no bias, with nothing to gain or lose, and that the public would know that whatever the findings might be they would be based entirely upon the facts obtained.

It was suggested that Capt. J. J. Pershing, who recently returned from the most successful conduct of affairs in Mindanao in the Philippines, would be just the man to undertake such an investigation. It was explained that Capt. Pershing had obtained the confidence of the people of that island by his service against the Moros, and that in the past he had the confidence of the Indians while serving in the West.

This proposition did not meet with the approval of Secretary Hitchcock, who felt that whatever investigation was made should be largely in the hands of officers of the interior department. The suggestion that Frank Churchill, an officer of the Indian bureau, should be among the assistants to Charles J. Bonaparte, who was chosen by Secretary Hitchcock and President Roosevelt to direct the investigation, was made in accordance with the general idea that the inquiry should not go outside of the interior department. The disappointed officials insist that a personal rather than a special examination should be made into the charges. It is also pointed out that Mr. Bonaparte has no legal training, justice to the interior department investigation while at the same time looking after the prosecution of the offenders connected with the postal frauds.

## PROSPERITY WILL GO ON, SAYS HANNA

Ohio Senator Rebukes Clarke for Prophecying a Financial Panic.

CHILLICOTHE, Ohio, Sept. 17.—The Republican campaign in Ohio was opened here today with an unusually large parade, followed by a meeting in Yocastange park, at which Gov. Nash presided, and speeches were made by Senators Foraker and Hanna, Myron E. Cook, candidate for governor, Warren G. Harding, candidate for lieutenant governor, and others. Senator Hanna said:

"Mr. Clarke, in a public utterance, said: 'I believe the country is on the verge of an industrial and financial panic.' Why he sounded that note of alarm God only knows, but to my mind it was a criminal act, because it is not true. As far as the financial and industrial accounts of the country are concerned, they have never been in any better shape than they are today. There is nothing to interfere in the development of this country except one thing, and that one thing is to shake the confidence of the people in the principles and policies exercised by the party in power.

"But if it be true that such notes of warning are necessary to alarm the people in order that they will change their ideas as to the continuance of the Republican party in power, I want to make this prophecy: In the few words, uttered apparently in all seriousness, at a public meeting, which was supposed to be the initial one of the Democratic party in this campaign and to sound the keynote of the party, they flung out the red flag and announced to the public that the country was on the verge of collapse. Either Mr. Clark knows nothing about business affairs, or else that single utterance, standing alone, as affecting the results of this campaign, should condemn him and the party he represents to oblivion forever. It is worse than criminal. The conditions in this country are normal. There is no reason why we should not have long continued periods of prosperity, because our natural resources are greater than those of any nation in the world.

"It is evident that leads and dominates the Democratic party today stands not for tariff for revenue only, but for absolute free trade. Absolute free trade would shut up 75 per cent

## STEAMER FOUNDERS IN LAKE SUPERIOR

Only by Heroic Efforts Are Those on Board the A. A. Parker Saved.

GRAND RAPIDS, Mich., Sept. 19.—In a furious southwest gale which swept over Lake Superior today the steamer A. A. Parker, laden with iron ore, foundered five miles north of Grand Marais. By heroic work the life saving crew from the station here saved the entire crew of eighteen men from the sinking ship, only to have their surf boat imperilled in the rising sea.

For three hours excited citizens of Grand Marais watched the life savers and sailors in a life and death struggle, which ended only when two tugs saved the tossing surf boat and brought its exhausted occupants safely into port. The Parker was bound from Superior to Cleveland. She was 256 feet long and 38 feet of beam and measured 1,660 tons; was worth about \$45,000 and her cargo \$10,000. The boat is believed to have been insured.

## STEEL TRUST BARGES NOT TO BE LAID UP

They Will Be Towed by Steamers Not Belonging to the Company.

CLEVELAND, Ohio, Sept. 19.—General Manager Wolvin, of the Pittsburgh Steamship company, today made arrangements whereby instead of laying up the numerous barges of that company, they will be towed by steamers not belonging to the company. A number of the barge captains are not members of the Masters and Pilots' association and as the mates on the consorts are members of the Seamen's union they will remain aboard the vessels and carry out their contract with the Lake Carriers' association. All the trust steamers will be sent to the dock as fast as they get down, but if most of the forty-three barges of the fleet are kept in commission the steel trust will be able to move considerable ore during the next six weeks.

## PRESIDENT PAYS FOR MORMON VOTES

Appoints a Former Bishop Assayer at Boise, Idaho, and the Nomination Will Be Fought in the Senate by Dubois—The Idaho Senator Also Threatens to Lead a Fight Against Reed Smoot.

Special to The Globe.

WASHINGTON, D. C., Sept. 19.—It was announced this afternoon at the treasury department that H. Smith Woolley, a former bishop of the Mormon church, has been appointed by President Roosevelt assayer of the mint at Boise, Idaho. It is regarded as certain that the nomination will be fought in the senate and Senator Dubois of Idaho is expected to attack the

president for making the appointment. Senator Dubois also threatens to lead a fight on the seating of Senator Reed Smoot, the Mormon apostle. The appointment of former Bishop Woolley is alleged to have been in payment of political support given by the Mormons of Southern Idaho to the Republican ticket in 1902. The election resulted in the choice of a Republican legislature, which elected W. B. Heyburn, Republican, to succeed Senator Heffelford, Populist and Democrat. Senator Heyburn gave his indorsement to Woolley.

## TRIES TO ROB TRAIN

Desperado and Northern Pacific Brakeman Both Shot.

CHEHALIS, Wash., Sept. 19.—An attempt to hold up the south-bound train on the Northern Pacific main line, near Napavine, early this morning was reported today. The robber tried to board the train between the vestibule and was prevented by the brakeman's shutting the door and closing the trap just as the train was starting. The glass door of the vestibule was smashed and the brakeman and the would-be robber exchanged several shots, which caused alarm among the passengers on the train.

## SERIOUS AT THE SOO

Shut Down of Consolidated Will Cause Much Distress.

SAULT STE. MARIE, Mich., Sept. 19.—The shut down of the Consolidated Lake Superior company, throwing 3,500 men out of employment, has caused a panic in the Canadian Soo which is in a worse condition than ever before in its history. Many people are preparing to leave that city at once, while merchants are curtailing their stocks and preparing in every way to get through the winter in the best possible manner at the least expense. The action of the police department in arresting in a large number of deputies, including all the conductors and motormen of the street railway, has resulted in the closing of the city. A special train left last night on the Algoma Central railway for the purpose of bringing in the 1,600 or more men employed in the woods and mines. They are expected tonight and tomorrow and but a man of them will have a penny with which to buy food or lodging. The company will pay the men in checks, which will be good for nothing until money has been raised and deposited. The feeling of the people is that with so large a number of men turned loose after a city, hungry and with no money, the situation will be dangerous. A guard has been placed around the office of the paymaster of the company and people are making desperate efforts to arrange means for feeding and housing the men until they can be taken out of town. The company has fitted up the car barns and the men may be housed there after a fashion while the company and town are making arrangements to feed them.

## LOCKOUT OF MARBLE WORKERS IS ORDERED

Shops in Ten Leading Cities Will Be Affected by the Order.

NEW YORK, Sept. 19.—As a result of the strike of the Philadelphia Union of the International Association of Marble Workers, declared on Sept. 11, the executive committee of the National Association of Marble Dealers has ordered a lockout at all mills and shops of the association's members. These shops, about forty in number, are situated in Philadelphia, Baltimore, Buffalo, Pittsburgh, Cleveland, Cincinnati, Chicago, Peoria, Milwaukee and St. Louis.

W. G. Gillo, secretary of the dealers' association, said the lockout would become operative next Monday. The members of the association have been instructed for three days to reopen on Sept. 24, and "thereafter run as open shops without discrimination, ten hours to constitute a day's work in the mill and nine hours to constitute a day's work in the open shop, wages to be the same as heretofore."

## TORPEDOED IN HER MOST VULNERABLE PART

McKee Receives Rought Usage From Submarine Torpedo Boat Destroyer.

NEWPORT, R. I., Sept. 19.—Another test of the submarine torpedo boat destroyer was made in the outer harbor today when the torpedo boat McKee was torpedoed in her most vulnerable point, under the engines, by the Moccasin. The Moccasin escaped the shot fired after her by the defending vessel.

The McKee was sent out with machine guns loaded with dummy torpedoes and torpedo tubes charged with dummy torpedoes. The Moccasin followed an hour later and when about 400 yards from the McKee, rose to the surface and fired a dummy torpedo, striking McKee's hull abreast and under the engines and inflating what would have been in actual warfare a mortal wound. The Moccasin then dived from sight and the torpedoes that were fired at her by the McKee missed the mark.

## RICHARDS IS EXONERATED, BUT HOW ABOUT GRIGSBY?

Reports on the Investigation of Two Federal Officers in Alaska.

WASHINGTON, D. C., Sept. 19.—The department of justice has received preliminary reports from its examiners, who went to Alaska to investigate charges against Melvin Grigsby, United States attorney, and Frank H. Richards, United States marshal, of the Cape Nome district. Marshal Richards was charged with attempting to influence the grand jury and with irregularities in receiving benefits from the renting of the jail at Nome. District Attorney Grigsby was charged with irregularities. Marshal Richards is completely exonerated of all the charges made against him. In the case of Mr. Grigsby, who was the colonel of a regiment organized in the Northwest during the Spanish war, the department of justice declines to make the report public. Final reports are expected to be made in both of these cases in a few weeks.

## LIVES FIVE WEEKS WITH A BROKEN SPINE

Young Man Finally Dies as the Result of a Scuffle in Minneapolis.

Special to The Globe. GLENWOOD, Wis., Sept. 19.—Five weeks ago a young man named Dimmick, employed at the time in Minneapolis, in a friendly scuffle with a companion, had his vertebrae completely fractured. He was taken to a hospital and later brought to his home in this city, and in that condition lived five weeks, finally expiring yesterday. His case is considered a remarkable one.

## COULDN'T BEAR THE DISGRACE OF A TRIAL

Deputy Marshal Implicated in Chinese Frauds Shoots Himself.

SAN FRANCISCO, Cal., Sept. 19.—W. P. Gamble, the United States deputy marshal who confessed complicity in a plot to substitute old Chinamen for young Chinamen, who had been ordered deported, committed suicide today in Buena Vista park by sending a bullet into his brain. Rather than face the disgrace of a trial and possible conviction in the federal courts, he left his young wife and killed himself. Several days ago Gamble confessed his part in the scheme to defraud the government, thinking that he was assuming the right of state's evidence and thereby saving himself from punishment.

## LION TEARS OFF HIS KEEPER'S RIGHT HAND

Beast That Has Killed Three Men Almost Makes the Number Four.

EAST ST. LOUIS, Ill., Sept. 19.—During the performance of a street carnival company today an angry lion sprang upon Keeper Ricardo, who was in the cage, and tore off the right hand. Only the prompt work of attendants, who beat off the lion and dragged Ricardo from the stage, saved the keeper's life. The lion has killed three keepers.

## POETS SIDE BY SIDE

Drake's Body Rests Near That of Fitz-Greene Halleck.

WINSTED, Conn., Sept. 19.—Over thirty years ago, when Gen. James Grant Wilson, the well known warrior and literary man, and the late Fitz-Greene Halleck, the poet, visited the grave of Joseph Rodman Drake, an old friend of that stirring national poet, "The American Flag," in the Bronx, New York, Mr. Halleck expressed the wish to Gen. Wilson that he should do at any time happen to the grave of his friend Drake, Wilson would see that Drake's body was laid at rest beside his. At this late date and after Mr. Drake's body has rested in the Bronx cemetery for eighty-three years, Halleck's wish will be realized, thanks to Gen. Wilson, Mayor Low and Eugene D. Fish, a wealthy citizen of Guilford, Conn.

When it was decided to cut a road-way through the Bronx cemetery Mayor Low wrote Gen. Wilson, at his summer home in Norfolk, asking what disposition should be made of his friend Drake's body. Remembering Halleck's wish and having charge of his interment in Alderbrook cemetery, Guilford, Gen. Wilson concluded to have Drake's remains placed in the same grave with Halleck's. Yesterday Mr. Fish, who owns the lot adjoining the Halleck plot in Alderbrook, went to Guilford and asked Gen. Wilson if he had any objection to Drake's body occupying his lot, next to Halleck's. The general very willingly consented to Mr. Fish's proposition.

## WOULD WED WITHOUT THE GIRL'S CONSENT

Young Man From South Dakota Gets Into Trouble at Hastings.

Special to The Globe. HASTINGS, Minn., Sept. 19.—Something of a sensation occurred here today over a frustrated marriage. A young colored man named Frank Daniels, from Brookings, S. D., procured a marriage license, and with a minister went to the residence of Miss Mary C. Curry (also colored) to have the ceremony performed. The young lady demurred and had Daniels arrested by Deputy Sheriff Nesbitt for disorderly conduct. The case was dismissed by Justice Newell upon payment of costs and the condition that he leave town on the first train, and he took it to avoid possibly a sound horsewhipping. He is a son of George Daniels, formerly in the employ of Gen. W. G. Le Duc, and claims to have been in correspondence with and engaged to the young woman, which she most emphatically denies. Miss Curry is a graduate of the Hastings high school.

## MARRIED FOR MONEY WED IN QUARANTINE

So Did Iowa Girl, and Now She Seeks Divorce.

Special to The Globe. DES MOINES, Iowa, Sept. 1.—A phase of romantic American life such as would furnish a dainty morsel for a modern Balzac to weave a flowery tale about and draw a meaning moral is furnished in a district court litigation which has been opened and waged in Polk county until the tenderest secrets of young and old minds have been laid bare.

That love does not remain in its simplest form and that webs are woven without Cupid's aid to ensnare those with beauty and wealth as their redeeming features is one of the inferences left in the mind of him who wades through the stages of a divorce proceeding commenced by Lillie Long against Nelson Long and a subsequent law action against the son of the defendant.

Lillie Long was a resident of Polk county, as was her aged admirer, who gave her his name, but so far has refused to give her his money. The divorce proceeding has been hanging fire in court for some months, but not till both sides commenced to ply each other with interrogatories did the story of the courtship and the wedding come to light.

Henry Paul, who is said to be living in Douglas county, Neb., has been asked to answer if he wrote and received the following letters which tell a meaning tale:

"San Francisco, Cal., Oct. 6, 1902. 'Dear Lillie: Your hand as I was leaving Fenlon last Saturday. I am just here for a few days and am real sorry you do not approve of my coming. I left Fenlon much sooner than I expected when I last wrote you. Now, cheer up, dear girl. I know I am a long time, but what is a few months? You know I am never going to leave you again. A friend of mine is with me here and I am writing these to you in his room. Would just give a million to see you tonight for I know you must be lonesome. I just thought your letter never would reach me. Don't marry that fellow, Lillie, unless you think he will drop off in a year. Say, do you know I had two nice letters from Dave since I last wrote you and he gave me all the news from the city of Boone, but did not say anything about 'C.' So I presume the play is played out. Will write you again in a few days. Kindest love as ever, yours, 'Henry.'"

"Polk City, Iowa, Oct. 14, 1902. 'Dear Henry: Your letter of the

Continued on Fourteenth Page.

## WED IN QUARANTINE

Not to Be Frustrated by a Case of Scarlet Fever.

Special to The Globe. LAKE CITY, Minn., Sept. 18.—A wedding ceremony has been performed in this city under difficulties. Charles T. Gilbert and Mrs. Alla O'Harra, both of this city, were engaged and the time set for the wedding. The bride was taken sick with scarlet fever, and as there was no one to go and care for her, the groom-to-be proposed being married at once and he to look after her during her sickness.

Dr. Bayley was called and informed of the plan and he secured the services of Rev. W. A. Warren and together they went to the house, securing Wilder O'Harra, the bride's father-in-law, as the other witness, he standing on the outside of the house looking through the open window while the ceremony was being performed. Mr. Warren and the doctor were gowning in disinfected robes, so there was no danger, and the couple are happy together spending their honeymoon in solitary confinement.

## WASHERWOMEN ARE ORGANIZING A UNION

Those of Duluth Declare This Hard Work Does Not Yield Sufficient Reward.

Special to The Globe. DULUTH, Minn., Sept. 19.—Women of this city, who do family washing or scrub floors for a living, dissatisfied with the present rate of pay allowed them, are organizing a union and will demand \$2.50 per day for their work.

Those who are taking the initiative are said to be backed by the men of the trades and labor assembly. The matter has not gone beyond the preliminary stage as yet, but it is said that more than 25 per cent of the women who do this kind of work have already expressed themselves in favor of the organization. They complain of the high prices of family provisions and rents and state that they are unable to work for the low pay they receive. They argue that their work is of the hardest character and say that they will no longer accept present wages.
