Here is an opportunity for some one to do the world a service: The man who makes a hen lay two eggs, where she only laid one before, is a public benefactor.

A glance over last week's issue of the Carl Junction Standard and Sarcoux Tribune would leave the impression that Editors Hottle and McDowell have their editorials manufactured by the same house.

When President Roosevelt, in the distribution of public patronage, is called on to choose between two factions in his own party, he chooses neither of them. This is hard for the factions, but is doubtless wholesome for the public service.

The fact that the average student in history knows more concerning the ancients than about the stirring events of the present, has caused a Missouri educator to subscribe for one hundred newspapers to be used in his institution of learning.

It is said that General Miles is laying his wires for the Presidency with the object of "getting even" with President Roosevelt for the severe reprimand he gave him recently. Aspiring to be President may be a worthy ambition, but it would seem to us that the aspirant could find a little higher motive than the thought of "getting even" with somebody.

"There is only one way that we know of to prevent deaths from corn stalk disease," says the Live Stock Indicator, "and that is to keep the cattle out of the corn stalks. Shocked corn does not cause the disease, and if owners of cattle will cut up their corn instead of leaving the stalks stand they will not only get a vastly larger amount of feed per acre from a corn field, but they will be able to feed it with safety to the animals, a thing that they cannot do with any certainty so long as the cattle are fed on the stalks in the field."

Newspaper Textbooks.

From the Chicago Tribune.
The superintendent of the state normal school of Maryland and the superintendent of the schools of Baltimore are enlisted in the work of utilizing newspapers for the instruction of pupils. Their plan is not only to keep pupils acquainted with the important news of the day, but to instruct advanced pupils in current events by one or more lectures a week.

There are several textbooks in the schools, some of them quite high priced, as well as ornamental, which are far less profitable to scholars than a well conducted newspaper would be. As the Baltimore Sun suggests in this connection, there is an unusual amount of history in the daily papers, such, for instance, as the rise of the Cuban republic, the Boer war, the operations in the Philippines, the relations between Argentina and Chile, the trouble between Germany and Venezuela, the internal troubles in Venezuela, the latest development in wireless telegraphy and aerial navigation, the Isthmian canal, the Pan-American convention in Mexico, the great trade invasion of Europe, and other subjects of general interest.

How many school children have the slightest knowledge of these events of a world nature? As for that, how many teachers are unable of instructing their scholars intelligently about them? This is not the teachers' fault, for their time is occupied, not alone with the fundamental and necessary studies with which they are acquainted, but with ornamental and unnecessary studies of which they know little or nothing.

From the practical point of view this newspaper history is of infinitely more importance than music taught without ears and cows with green ears and blue milk-painted without eyes. It may be of more importance than the history of reptiles and extinct nations. History is making daily and can be learned easily by day. It is not necessary to wait for years until the historians shall have compiled their ponderous and often inaccurate volumes.

THE ONE GOLD CURE

An Ingenious Treatment by which Drunkards are Being Cured Daily in Spite of Themselves.

No Noxious Doses. No Weakening of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by medicinal or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home with safety and publicity or lose time from business by this wonderful "home cure" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men.

WIVES CURE YOUR HUSBAND! CHILDREN CURE YOUR FATHERS! This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this precious remedy, and as many more have been cured and made temperate men by having the "cure" administered by loving friends and relatives without their knowledge in coffee and tea, and hence today that they discounting drinking of their own free will, do NOT WAIT to be bedeviled by apparitions and misleading "improvements." Drive out the disease at once and for all time. The "GOLD CURE" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment never effected than others costing \$25.00. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid in any part of the world on receipt of One Dollar. Address—Dept. 1, 232 and 233E Market Street, Philadelphia.

Try It Anyway.

"Try it anyway," is a good motto.—(The Rev. Mattie Davenport Babcock.)

Maybe you fear that she
Will never consent to hear
The tender words you long
To whisper in her ear;
Maybe she'll only laugh
At what you have to say;
She may have another in view,
She may never be won by you—
But try it, anyway.

Maybe you think you can't
As you look at the work to do;
Perhaps it seems immense,
Far too immense for you;
Maybe you halt in fear
Of what the world may say.
But you'll never be talked about
If you only stand and doubt—
Oh try it anyway!

There were clouds that hid the sky
And robbed the world of cheer;
But behind them sunbeams still
Were trying to find us here.
Through a little rift, at last,
They hurried to light the day—
The chains they sought and there,
It was hard to find just where,
But they tried it anyway.

—S. E. Riser.

Finds Way to Live Long.

The startling announcement of a discovery that will surely lengthen life is made by editor O. H. Downey, of the *Harbinger*, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for consumption is the most infallible remedy that I have ever known for coughs, colds and grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread pneumonia or consumption. Its relief is instant and cure certain." Webb Bros. guarantee every 50c. and 1 lb. bottle, and give ten bottles free.

REMARKABLE CASE OF CRUP.

A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Sisson, of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that little of cough medicine, my boy would not be on earth today.—John Deberry, Inwood, Iowa. For sale by Webb Drug & Haw. Co.

She Wants It Published.

Goach's Mexican Syrup has given perfect satisfaction in my family, and I want to recommend it to everyone as the best remedy for coughs, colds, and all lung troubles. A young lady in my employ, who had been forced to quit work and who had been given up to die by her friends with consumption, has by the use of Goach's Mexican Syrup been restored to health, and is now at work earning her living and enjoying good health. She wants me to publish this as it may be the means of saving the life of some other consumptive. It is M. F. Farnsworth, Piqua, O.

Goach's Mexican Syrup cures a simple cough as if by magic, and is the best remedy for whooping cough. Price 25c.

A Profitable Investment.

"I was troubled for about seven years with my stomach and in bed half the time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but what you digest and assimilate. If your stomach doesn't digest your food for you, really starving, Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. E. L. Landerbaugh.

Heads Should Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va., she writes "Dr. King's New Life Pills wholly cured me of sick headaches I had suffered from for two years." Cure in advance, consultation billiousness. 25c at Webb Bros. drug store.

In pulmonary trouble, the direct action of BALLARD'S HOREHOUND SYRUP upon the throat, chest and lungs, immediately arrests the malady, by relieving the distress, cutting the phlegm and freeing the cough and breathing organs. Price 25c. and 50c. E. L. Landerbaugh Drug Co.

Don't Live Together.

Constipation and leath never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with constipation nine years," says J. O. Green, Depue, Indiana. "I have tried many remedies but Little Early Risers give best results." E. L. Landerbaugh.

A WORTHY SUCCESSOR

Something New Under the Sun.

All doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only medicine known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES THE GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve RAY FEVER or COLD IN HEAD.

CATARRH when neglected often leads to consumption—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Sent prepaid the United States or Canada on receipt of One Dollar. Address Dept. 1 EDWIN B. GILES & COMPANY, 213 and 232 Market Street, Philadelphia.

A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach & Liver Tablets is almost invariably to those who have cured themselves," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by Webb Drug & Haw. Co.

Child Worth Millions.

"My child is worth millions to me," says Mrs. Mary Bird of Herrsburg, Pa. "I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of one minute cough cure handy. At this season, especially it may be needed suddenly. E. L. Landerbaugh.

New Century Comfort.

Millions are daily finding a world of comfort in Buckle's Arnica Salve. It kills pain from burns, scalds, cuts, bruises, rheumatism, sore, and fever sores; cuts, eruptions, sore throat, boils and festering corns and warts. Best price cure on earth. Only 25¢ at Webb Bros. Drug Store.

Persons who lead a life of exposure are subject to rheumatism, neuralgia and lumbago, will find a valuable remedy in BALLARD'S SNOW LINIMENT. It will banish pains and subside inflammation. Price 25c and 50c. E. L. Landerbaugh.
