So frequently settle on the lungs and result in Pneumonia or Consumption. Do not take chances on a cold wearing away or take something that only half cures it, leaving the seeds of serious throat and lung trouble.

### CONSUMPTION THREATENED

G. Unger, 211 Maple St., Champaign, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had consumption. I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of FOLEY'S HONEY AND TAR. It cured me, and I have not been troubled since."

Hurray! Jasper has a mayor at last.

It is indeed amusing how the anti-Folk newspapers explain the continual Folk victories throughout the state. They pronounce every victory as his last and are doing considerable whistling to keep up their courage.

Every Democrat in Jasper county ought to attend the primaries next Tuesday as then is the time when the county will decide whether it stands for Folk and political righteousness or not. There is no doubt as to the eastern district, but the machine hopes that with the help of Joplin it can control the county.

We suppose that Senator Barton has been what you call a "practical politician." The idea of a man honored with the highest position a state can give accepting \$500 a month to protect an institution organized to swindle the people. That's really worse than organizing a "health society" to protect the baking powder trust.

If Folk is not a good lawyer, as some of his opponents try to make out, because of the reversal of his hoodie cases by the supreme court, is it not strange that the Chief Justice of the United States Supreme Court should publicly declare that Folk is one of the best lawyers in the country? The fact is only a very small part of the many cases tried by Folk has been reversed.

Don't think for a minute that the only way for Jasper to get money for improvements is license

from a saloon. A saloon is a losing investment for a town every time. When it comes to a question of letting the grass grow in the streets, as we heard a speaker declare on one occasion, or having a saloon because of the revenue derived from it, "give us more hay and less hell."

Mr. Folk's position in the canvass for the Democratic nomination for governor of Missouri recalls "Billy" Mason's famous remark concerning McKinley's position in the canvass for the Republican nomination for president in 1896. "Only the people," said Mr. Mason, "seem to be for him." It will be recalled, also, that McKinley won. The people usually get what they want in this country if they go after it right.—K. C. Journal.

### Practical Politics.

It has been urged against Ross Stubbs, the new state chairman of Kansas Republicans, that he is not a practical politician.

"Well, thank God for that," says the Mail and Breeze, of Topeka. "We have had too blamed much

of what is called practical politics already. There are some people who think that practical politics consists in getting off in a corner somewhere with a little bunch of fellows who make politics their business, who toil not neither do they spin, except as they toil and spin in attempts to connect with some political graft or other, and there proceed to parcel out the offices, big and little, in proportion as the fellows selected are supposed to be able to fix things in their various counties.

"The practical politician is supposed to be the fellow who winks mysteriously and gives out the impression that there are a lot of things he could tell if he only would. He whispers and fills the ear of auditor with saliva. He has unlimited confidence in the power of money and is apt to consider anything fair in politics.

"It seems to us that it would be a blessed relief to see a campaign run once by somebody who doesn't think that he is a practical politician, who takes the general public into his confidence and acts as if he supposed it safe to trust the people."

### Best Cough Medicine For Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all these conditions. There is nothing so good for coughs and croup in childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by Webb Bros.

### Robbed The Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eye sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters to my great joy, the first bottle made a decided improvement. I continued their use for 3 weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, as Webb Bros.

### Brain-rod No. nasence.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body, but it will sustain every other part. Yet however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get this reliable remedy at Webb Bros. Price 25c and 50c.
