Who's Your Friend? He who Saves you Money

THE TIME TO SAVE MONEY

Is when you have an opportunity. The time is here now to save money on BUGGIES and WAGONS. Just think of it. I can sell you a first-class Wagon for \$60.00. That means from \$8 to \$10 in your pocket and that is considerable money on a little wagon deal. But that's not all. Here comes the Buggy business and that's where they hit you hard. Why buy a cheap John kind when you can buy a good Columbia at about the same price or a Rubber Tire at \$65.00 the same grade the other fellows want \$80.00 for. Here are some of our prices: 14 in steel beam double shin plow for \$10.50; Old Gold 4 hook collar pads 25c; Leather back cloth face collars, the 75c kind 65c, and every thing else in my store at same proportion. I handle the interlocking Hog wire fencing. Don't buy fencing until you see my wire and get my prices. It is the kind that stays stretched. They told you when I opened up here I would only be here two or three months. But still we are here and making low prices and doing business at the same old stand, 414 Wall street, Jasper, Mo., on the south banks of Coon creek. Hoping that square dealing and Low Prices will jar you loose I remain,

Yours for trade,

C. S. BAILEY.

WEEKLY MARKET LETTER.

Interesting Stock News From Our Regular Correspondent.

Special to Jasper News.

Kansas City, Mo., Tuesday, Oct. 4, 1904. Another decline of 10 to 20 cents per nearly all kinds of cattle last week put prices about down to the limit, and has had the effect of causing moderate receipts at all the markets 2 days of this week. Top price today is \$6.00, a little more than same steers would have sold for last week. Grass steers sell at \$3.25 to \$4.25, and those that have had considerable amount of grain rapidly grade up in price. Grass cows bring \$2.25 to \$3.25, and heifers up to \$3.65; very little dry lot stuff is being marketed. Choice light veal calves bring up to \$5.50, but coarse and heavy calves seldom reach \$1.75, stock calves range from \$1.00 down. Good to choice heavy, do-corned feeders now sell at \$3.75 to \$4.25 more than they have been bringing lately, but demand now seems best for this kind. Choice stock bring some more, \$4.50 to \$4.00, but the medium to common grades on both stockers and feeders are not much changed in price from the low point, \$2.25 to \$3.25. Stock she and feeding bulls sell at \$1.00 to \$2.50. It is thought that prices will not go any lower, as any decline will check the receipts, with the effect of immediately restoring prices.

The hog run today is remarkable for two reasons, it is the heaviest run this year, and the quality is the best for a month past. Total hog supply at all the markets during September fell off 15 percent from September last year, but for the past week packers have been conducting a successful bear campaign. Today, however, they bid up a nickel, and top is \$5.95, only 15 cents under last Tuesday, when top was highest of the season. Bulk of sales today \$5.75 to \$5.90, with heavy hogs bringing most money.

The very liberal runs of Western sheep are being taken care of in good shape by the packers at steady prices. Lambs bring up to \$5.25, muttons \$3.25 to \$3.55. Feeders in local territory are getting plenty of stuff now, but demand shows no falling off. Stock ewes bring \$2.75 to \$4.50, feeding ewes and yearlings \$1.25 to \$3.65, lambs \$1.75 to \$4.25.

TEMPERANCE COLUMN

Conducted by the W. C. T. U.

We have stated before several times that the W. C. T. U. don't work by chain letters but I am still receiving them. That Phil, great antiquated petitor is a fraud and the postal cards remain uncashed for in the office. Now there is a chain of letters asking for prayers for missionaries. Christian people and ministers always pray for them and a letter chain seems a very expensive way. Each person is to ask five and those five to do the same. The letters are numbered until they reach 1000. No 1 writes 5 letters, postage 10c; Nos 2 to 5 write 2 or 25 postage 5c; Nos 6 to 10 write 5 or 125 postage \$2.50; Nos 11 to 15 write 5 or 625 postage \$12.50; Nos 16 to 20 write 5 or 3,125 postage \$62.50 so for letters numbered 6 amount to 3125 and postage \$75.00. We received a letter numbered 140. Just give the High School pupils some figuring to do to find how much has been spent on postage. There will be enough to support the missionaries if it would be used for that. Please send your answers to Jasper News.

A Geometrical Ratio no. terms, 140, ratio 5. 1st term 1. Find sum of terms, and it will give the number of prayers multiplied by 2 will give cost of postage. M. S. MATTHEWS.
