The Cash Meat Market

I have opened a meat market in the J. K. Wells building, and am prepared to give you the best service you have ever had in Jasper. If you are disposed to doubt this statement one trial will convince you. Give me the trial.

I sell for cash, which enables me to give you better value for your money, and saves you the annoyance of a statement.

A. L. Franks.

Extended Eight Days

Our Record Breaking Sale of Clothing at Half Price for Cash, Will Continue Until the Night of

Saturday, Jan. 2, '09

Don't Forget To Read This Below Either.

I take this method of thanking you for the patronage extended me in the past, and beg to assure you the same has been highly appreciated. On January first we adopt this system of selling for cash only, thinking we can serve ourselves as well as our customer better on this basis.

I also want to say that in changing to cash system, we are not sanctioning yours, or any other man's ability to pay promptly.

I shall certainly appreciate and take it as a token of your good will toward me if you will continue as one of our customers on the new plan.

I believe you will like it even better than the old thirty day charge method. No old accounts to look up, no errors to correct, everything settled when bought.

This is not directed at any one person, or any set of persons, but at everybody.

Yours for Business,

Brown Clothing Co.

Lamar, Mo. DON WEST, Mgr.

High School Notes.

Miss Myrtle Lokens visited school Monday. She was in last years Freshmen class but is attending schools at Webb City this year.

Christmas day and all next have been set apart as the Christmas vacation.

The monthly report cards are out.

Ralph Boucher visited school last Monday. He is attending school in Kansas now.

Nevada can't give us a basket ball game this year. They must have poor management—or a good memory.

Charley and Stella Thomas are visiting in Illinois until after Christmas.

We notice the "Mirror" drop box is filling up pretty rapidly. Bet there are some "hot ones" in there all right.

We might as well buy a pole right now to hang that basket ball pennant on.

Offered Springfield Pastorate.

Rev. Ernest Sullens has been offered the pastorate of the M. E. church south at Springfield, made vacant by the accidental death of his father, the Rev. James L. Sullens, mentioned in last week's News. It is not certain, however, that he will accept the appointment, as he fears his health is not good enough to permit of such heavy work; nevertheless he has not yet rejected the offer and may decide to accept it. His Jasper congregation would regret greatly to lose Rev. Sullens, who is one of the ablest pastors they have ever had. He is expected to preach here next Sunday, by which time his decision in the matter will probably have been made.

Verdict for Plaintiff

The Scott Harris case was tried last Saturday at Carthage and resulted in a verdict for the plaintiff in the extent that he is granted a settlement by the court. The sum due the plaintiff, if any, will be determined at a later hearing by the court.

FIRST LEAGUE GAME

WON BY JASPER

Columbus Lost, 66 to 26, in Fast Hard Contest With Locals—Two Records Broken.

In one of the fastest, most spectacular and, be it admitted, the roughest games ever played on the Jasper court, Jasper high defeated Columbus high last Thursday night and in so doing made a long leap toward the Missouri-Kansas pennant. It was the first game of the league season, and a crowd was out that reminded one of the jams last year.

The Columbus team looked dangerous in practice, and in fact are dangerous, more so than the score of 66 to 26 in Jasper's favor would indicate. Their forwards and center are good shots for the basket, their passing was first class and they are all fast, capable players. They lost because Jasper developed a scoring ability that surprised even the most ardent fan.

Crawford, Tabler and Hatfield shot goals with bewildering speed, and some of the shots made by Crawford and Tabler were so spectacular that they were positively uncanny. Crawford shot eight in the first half, which broke the record for the local court. However, the new record lasted only until the second half, when Tabler broke loose with nine, establishing a record that will probably stand for a while.

Reed, one of the Columbus forwards, got three neat baskets over Charley Thomas, Hamilton got two and Ratcliffe and Hoeker each got one. Eleven points from foul and one awarded point brought the total to 26.

The visitors threw a score into the locals at the outset by shooting three goals and adding two points from foul for a total of 8 to Jasper's 4. However, the unusual sensation of being behind proved the very stimulus Jasper needed, and from that point they took the visitors off their feet with a whirlwind of baskets. The first half ended Jasper 30, Columbus 13. In the second the visitors again made 13 points, while Jasper added 36.

Crawford got a total of 13 baskets, Tabler 11, and Hatfield 8. Jasper made only 2 points from foul.

The Columbus team (mark the prediction) is going to make trouble for more than one team that will be misled by the size of Jasper's score over them.

They are a good team and expected to spring a surprise on Jasper. They admitted that they had entirely underestimated Crawford's bunch, nearly all of whom they knew to be new men. They say, however the game at Columbus will have a different sequel. That remains to be seen, as the youth remarked who spilt the ink on the rug.

Where Lamar Shines.

Arthur Aull, editor of the Lamar Democrat, has at last discovered Lamar's right to a place on the map. He says:—"Rome was mistress of the world. Carthage was the ruler of the seas. Paris is the centre of fashion, and New York is the hub of dollars, but Lamar has a distinction of her own still left. She has more pothounds and mongrel hunting dogs within her borders than any other place that ever arose, or reigned and fell. The man in this old town who hasn't got at least three lop eared, slim bodied, sad eyed, hungry visaged canines is of so little consequence that the niggers could afford to crowd him off the sidewalk, and to be respectable you must have not less than six. If you could sell dogskins at a dollar apiece, this old town could raise enough money to take over the Standard Oil company without issuing bonds."

A. F. Carter to Oklahoma.

A. F. Carter, who lives on the old Snyder farm, 2½ miles south and 5 miles west of Jasper, is going to move to Elgin, Okla., in the near future to see what sort of farming the new state offers. He will hold a public sale on Tuesday, Jan 5th, to dispose of as much property as possible before moving. You may find something of interest in the list of items offered for sale by Mr. Carter, in another column.

Public Sale

Having arranged to leave the country, I will sell at my place, the old Snyder farm, 2½ mi. south and 5 mi. west of Jasper, 15 mi. northwest of Carthage, 8 mi. southeast of Nashville, 6 mi. north and ½ mi. east of A'bs, on
