Branch school house last week, and yester-

Mr. McMichael, one for disturbing a law-
ful assembly and the other for carrying con-
cealed weapons, and also indicted Mr.
Hughes for the former offense. Mr. Mc-
Michael was arrested, taken before the

A Fatal Charivari.

Boonville, Mo., Oct. 14.—Several nights
since at the marriage of a daughter of Mr.
Grasch, a well known resident of Lamine
township, in this county, a party of young
men of the neighborhood concluded to
charivari the bride and groom, when Mr.
Grasch was shot in the heel by a gun going
off accidentally, which one of the sere-
naders was carrying during the perform-
ance, from the effect of which he died Fri-
day.

PORTER'S PRANKS.

The Man Arrested for the
Murder of Ross Proves
to be a First-Class
Scoundrel.

He Appeared in Baltimore as
an Agent of the Brit-
ish Government.

Baltimore, Md., Oct. 14.—James
L. Porter, arrested in Cincinnati on
suspicion of being connected with the
murder of A. W. Ross, at Glendale, is
well known in Baltimore. Several
years ago Porter, who then went un-
der the name of James L. Huff, was
arrested at Hagerstown, at the in-
stance of a United States secret
service detective, on the charge of ob-
taining money under false pretenses
from citizens of that place, he, at the
time, pretending to be a secret service
detective, and money was obtained by
means of forged pension papers.

He was tried, convicted and served
a term of four years in the Maryland
penitentiary, and was only released a
short time since. In June, last, he
reappeared in Baltimore and visited
his old quarters in the penitentiary.
Whilst there he renewed his acquaint-
ance with one of the deputy wardens,
and obtained a loan of fifty dollars
from him by giving him a money
order for a larger amount as security,
he promising to go to the post-office
with the deputy warden to have the
order cashed and repay the loan.

He accompanied the warden to the
post office and, leaving him to wait
at the door, Porter went inside and
had the order cashed. The prison official
waited in vain for his reappearance
and upon making inquiry, found that
the fellow had slipped out through the
other door with the money. After this
Porter went to Officers Smith, West
and Lyons, independent detectives,
and meeting D. P. West, one of the
firm unfolded to him a plan whereby
he might make \$10,000. He stated
that explosive infernal machines were
being manufactured in St. Louis and
being shipped from there to New
York, to be exploded on English
streets for the purpose of blowing
them up whilst at sea.

In support of his story he exhibited
a letter, purporting to be from the
British minister at Washington, in-
troducing him to the British consul
at New York, and promising him
\$20,000 reward if he succeeded in
working the case up and arresting the
parties concerned. Porter proposed
that West should advance \$200 for
expenses in New York. West declin-
ed any such transactions with Porter
and he attempted to enlist other par-
ties, and not succeeding, disappeared
from this city.

The Bulls and Bears.

New York, Oct. 14.—There is dis-
satisfaction at the non-appearance of
the boom in Western Union stock on
account of Pender's election, which
caused a steady selling. There were
forced sales yesterday at 88, and these
forced sales caused a decline in
Chesapeake & Ohio securities. The
105 per cent increase in earnings for
the first week of October is likely to
stimulate buying at the decline.

A special drive is being made
against the Northern Pacific stocks.
Inside information is that a strong
western pool is buying oil and that it
intends to market its holdings between
95 cents and one dollar. Rockefeller
is quoted as saying that the heavy
loans recently made to the Standard
Oil company are not being used in
carrying out the shorts. Government
bonds are in demand by the banks
and by investors who are in the habit
of escaping taxes by getting personal
property into governments about this
time of the year.

More Movements.

Dublin, October 14.—The conven-
tion at Athenry, Galway, yesterday,
adopted resolutions declaring the right
of the country to national independen-
cy, accepting the principle of, "the
land for the people;" and approving
the system of peasant propriety, and an
amendment of the Bright clauses of
the land act. A resolution was passed
deprecating the prevalence of grass
farming of land as tending to paralyze
industry and increase pauperism. The
convention also resolved to prevent
hunting until the extra police drafted
in the country, are dispensed with.

The Sunday Law Good.

Philadelphia, Oct. 14.—Judge Thayer
decided the act of inflicting a pen-
alty for engaging in worldly employ-
ment on Sunday, is valid. The point
was raised by a number of barbers,
arrested and fined for shaving custom-
ers Sunday.

Bismarck's Probable Successor.

Berlin, October, 14.—The appoint-
ment of Count Von Holtzfeldt to the
foreign secretarship has been defi-
nitely settled. Herr Von Rodoweltz,
minister at Athens, will succeed him
as minister at Constantinople. It is
considered by some persons that the
appointment of Count Von Holtzfeldt
is an indication that he will eventual-
ly succeed Prince Bismarck, who is
known to entertain the highest opin-
ion of him.

A Deadly Assault

Murphysboro, Ill., Oct. 14.—It is
just learned that, Wednesday night,
while Congressman Thomas was mak-
ing a campaign speech at Carbondale,
a man named Branson made an at-
tempt to kill him with a large clasp
knife, but, being prevented, stabbed
John Caswell, and would have done
further injury had he not been knock-
ed down and disarmed. The trouble
originated on account of political hos-
tility to Mr. Thomas.

A Bold Robbery.

Boston, October 14.—Charles T.
Childs, foreman of Cambridge cem-
tery, while driving on Coolidge ave-
nue, Cambridge, at 10:30 o'clock this
morning, was attacked by two men,
who shot him in the eye and took
from him \$600. The men then drove
rapidly towards Brighton and have
not been arrested. Child's injuries are
not necessarily fatal. The attack oc-
curred in a very public part of Cam-
bridge.

The Rock Island Wins.

Chicago, Oct. 14.—As a result of
the representations made by Passenger
Agent E. St. John, of the Rock Is-
land road, to Commissioner Fink,
Fink has decided that the Rock Island
shall, hereafter, receive a full one-
third of the emigrant business to it.
Paul the Rock Island has been con-
tending for this ever since it opened
up the Albert Lea route to St. Paul,
but has not heretofore received it.

Made a Demand.

Manchester, Oct. 14.—At a confer-
ence of the miners it was resolved by
the miners of Lancashire, Yorkshire,
Derbyshire and North Wales, that
they simultaneously give notice to de-
mand an advance of fifteen per cent
wages. The conference adjourned
until the 27th instant.

Dead or Alive, Take Him.

Constantinople, Oct. 14.—Sherikh
Obel allat Kurdeshebieh, with ten
thousand men, demanded the surrender
of the van. Thirty thousand persons,
with Turkish troops and artillery, are
marching against him, and have
been ordered to capture him, dead or
alive.

Cowardly Assassinated.

Memphis, Tenn., Oct. 14.—J. W.
Bliss, formerly residing in German-
town, in this county, was assassinated
at an early hour, this morning, by
an unknown person, who shot him as
he appeared at his window.

Got Damages.

Philadelphia, Oct. 14.—Miss Annie
Maller, who was injured when the
Randolph mills burned, recovered a
verdict against the proprietor for
\$4,500. A number of similar suits
are to follow.

A Bad Year For Ships.

London, Oct. 14.—The British
steamer, Preston, Capt. Osborn, from
New York for New Castle, is ashore
near Berwick broad side to the sea,
which is running strong.

Since Hearing From Ohio.

Washington, Oct. 14.—Tilden's in-
come tax case has been dismissed and
no further proceedings will be had in
the United States supreme court.

THE FATED JEANNETTE.

The Board of Inquiry Investi-
gating the Causes Which
Lead to Her Loss.

Washington, Oct. 14.—Lieutenant
Danenbauer testified before the Jeannette
board of inquiry to-day. The
witness described, in detail, the repairs
made upon the hull of the Jeannette,
under his supervision at Mare Island
navy yard, and stated that the work
was first-class in every particular. He
thought the Jeannette was strong as
it was possible to render her and that
deviations from recommendations of
the first board were improvements and
added to her strength. He believed
he knew who was responsible for
these deviations but did not care posi-
tively to state. The question was not
pressed, though the impression was
given that the deviations were at the
instance of Captain De Long. Witness
thought the model of the Jeannette
was not suited to arctic cruising.

Chicago Enterprise Ahead.

New York, Oct. 14.—The Post
says that perhaps the strongest evi-
dence of the economy in shipping
Chicago dressed beef to New York
and the best ground for believing
cheaper beef will result from the
movement, is the report among
Washington market butchers that four
of the largest slaughterers in this city
resolved to remove their slaughter
houses to Chicago and bring their meat
here for sale. The price, to-day, at ice
houses is from six to nine cents per
pound for prime beef by the quarter.

Another Crank Broke Loose.

London, Oct. 14.—A commercial
traveller, named Brookshaw, has been
committed for trial in the Bow street
police court for threatening to murder
the Prince of Wales unless he received
money from him. The threat was
made in a letter to Col. Teesdale,
querry to the Prince. The prisoner
is apparently a crank. He served
several years in the United States
army.

Not a Calvinist.

Philadelphia, Oct. 14.—Charles
Hoover, editor of a religious paper
called the Advocate, attempted suicide
this morning by drowning. Life was
almost extinct when he was rescued.
Domestic troubles are thought to have
unbalanced his mind. He regretted
the effort failed and declared he would
renew the attempt.

All Serene.

Portland, Oct. 14.—General Wheat-
on, commanding eastern Oregon, who
sent troops to the Northern Pacific
front, telegraphs there is now no need
of them and no act of violence has ta-
ken place. It is believed the strike
is over.

The Last of the Family.

Paris, Oct. 14.—Count Napoleon
Ney Prince De La Moscowa, son of
Marshall Ney, died, yesterday, aged
ninety years.
