

The Manualo

"The Player that is all but human"

Just Like Playing by hand.

The **Manualo** supplies the hands—the laborious finger work. You retain all the rest—the enjoyable and fascinating part of personally producing music.

The skilled pianist is utterly unconscious of his fingers working the keys of the piano. His long technical training has caused his fingers to obey the mandates of his mind automatically. His whole attention is on the music, on the musical effects which he desires to create.

The **Manualo** performs the music technically faultless, and leaves it to you to create and direct the musical effects which you desire. Your control of the piano by means of the **Manualo** is absolute.

The love for music, the musical feeling, is innate in every person. You have it. And that is important to enable you to actually play the piano.

Come To Our Store and Convince Yourself.

The **Manualo** is found exclusively in the pianos made by The Baldwin Company: The Baldwin **Manualo**, The Ellington **Manualo**, The Hamilton **Manualo**, The Howard **Manualo**.

MRS. FANNY WILSON.

BERT G. PIERCE.

DENTIST,

Oregon, Mo.

Office in the Moore Bldg. Hours 9 a. m. to 12 m. 1:30 p. m. to 5 p. m.

Phones, Old 91, Mutual 43.

Regular postage stamps may be used for parcel post packages, and parcel post stamps may be used for regular mail, beginning with the incoming of July. No more parcel post stamps will be made. They were used only the first six months of the service to enable the authorities to determine the amount of parcel mail handled.

We are sorry to learn of the alarming condition of Miss Helen, daughter of Mr. and Mrs. Charley Wehrli, of Mound City. She was operated upon last week in a St. Joseph hospital. For several hours her life hung in the balance; later reports states that she is some better, and hopes are now entertained for a recovery. She is a member of the Mound City High school staff.

The extreme hot spell was effectually washed away Sunday night and Monday morning, July 6-7, by the first real rain this section has had since June 25th. For hours the sky had threatened, and at last the storm broke with a high wind and much wind and lightning, followed by a copious rain, the fall being half an inch. It was of great benefit to pastures and to virtually every crop.

Arkansas Lands.

Arkansas, the state of opportunities. Don't you want to own a piece of land that will make a good farm and pay handsome returns on the investment? You can get land in Southern Arkansas, where water is good, healthy locality, free from our cold Northern winters, at \$5.00 for cut-over land, and \$20 for cheaply improved farms. Make two kinds of crops on same land in one year.

If you would like to join

Excursion Tuesday, July 15, 1913,
let me know. Call on me for booklet.

F. L. ZELLER,

OREGON, : MISSOURI.

ATTENTION, PLEASE.

I have a proposition and Literature you should read concerning irrigated land in the Pecos Valley, Texas. The water used on this rich bottom is the same (Pecos River) which is being used by the U. S. Government and Private Projects with such wonderful results—at Carlsbad and Roswell, N. Mexico.

This is the land that produces the famous Pea Green alfalfa that tops the markets of the world.

This is the land that holds intact nature's riches, never having wasted by erosion. This is the irrigated land that is selling at an extremely reasonable price for a short time. Call at my office for Descriptive Literature and Terms.

R. C. BENTON, Oregon, Mo.

W. C. Opel was a St. Joseph visitor, last week.

Edwin Bunker is visiting his cousin, Harold Hinde, of Kansas City.
