**Forest City School Notes.**

The first event of Commencement week will be the Senior class play, "Between the Acts," Friday night. The Seniors are working hard on this play and will try to please you. Your attendance will be appreciated.

The Baccalaureate service will be held at eight o'clock, Sunday evening, in the Christian church.

Selected music: "Crown Him King of Kings," "Praise Ye The Lord," by the High School Chorus.

Invocation, Rev. C. J. Chappell.

Vocal solo, "The Holy City," Miss Florence Fitzmaurice.

The Sermon, Rev. Mr. Thompson, presiding elder of the St. Joseph district.

Benediction, Mr. Albert Martin.

The following attended the Annual Track and Field meet of the Northwest Missouri Inter-High School Association, at Maryville, last Friday and Saturday: Misses Agnes Baker, Gertrude and Hazel Lyons and Julia McKee, Messrs. Donald and Lewis Shumate, Harry Jamison, Eugene Conner and Coach Conner and Superintendent Breit.

Miss Gladys Owen, who was a teacher in the school last year, is visiting friends here. Miss Owen taught at Pickering this year.

The girls of the Junior and Senior classes entertained the boys with a picnic lunch at Big Lake and took the mto the show afterwards in Mound City, last Thursday evening.

A number of visitors were present at Assembly last week. Talks were made by Mr. Conner, Mr. Ramsey and Mrs. T. P. Fitzmaurice.

The Board of Education has been fortunate in securing Mr. Harold Ramsey to head the schools next year. Mr. Ramsey is thoroughly qualified for this position. He is a former student of the State Teachers' College, Maryville, Mo., and holds the degree of B. S. in Education from the University of Missouri, Columbia, Mo. He taught History in the University high school for one year, and comes highly recommended by his supervisor in that place. Mr. Ramsey was in service in the army for a number of months, holding the commission of a Second Lieutenant. He saw service in England and France.

The Eighth Grade Graduating exercises will be held Thursday evening, May 13, at 8 o'clock. A program is being prepared by the members of the graduating class, which the public is invited to attend.

May 14th school closes, and the High School Commencement exercises will be held. Mr. Herman P. Schweinhart has been secured for the class address.

# Study the Markets

Ask any banker the most essential thing to do and he will say, **Study the Markets.** Ask any manufacturer, and he will say, **Study the Markets.** Ask any up-to-date grain merchant, or any other merchant, and he will say, **Study the Markets.** Ask any live stock dealer, or farmer, or producer, and he will say, **Study the Markets.** Every grain and live stock dealer and producer in St. Joseph territory should study the St. Joseph Market. The best market report appears each day in the St. Joseph Stock Yards Daily Journal, official paper of St. Joseph Live Stock and Grain Exchanges.

**De Leon's Landing in Florida.**

On March 27, in 1512, on Easter Sunday, Ponce de Leon discovered land after his voyage of exploration from Porto Rico. De Leon had sailed in search of the mythical island of Bimini, where the "Fountain of Youth" was said to be, when he discovered land on the North American continent. He named the country Florida, in account of the profusion of flowers.

**North American Moose.**

The best moose hunting in eastern North America is found in the Canadian province of New Brunswick. The best in the United States is in Maine. Moose are believed to be holding their own if not increasing. Ernest Thompson Seton, the naturalist, estimates that there are about a million moose in North America.

**To Start a Clock.**

The stopping of a clock may be due to clogged wheels. Thoroughly saturate a piece of white cotton with kerosene oil and place it inside the clock case. Probably at the end of a week the cotton will be black with dust that has been loosened by the action of the oil and the clock will run as well as ever.

Western Rock-Salt-Block  
LET THE GATE BE THE JUDGE

"I used to buy white salt blocks for my stock because I thought they were best. But one day a neighbor convinced me I was all wrong. He told me Western Rock-Salt-Block were really the best blocks produced, because they were 98% pure salt. He said, 'Put it up to the animals themselves. Let 'em have their choice of white salt or gray rock salt. Being guided only by instinct, and not by selling talks, they will choose the salt that's best for them.'"

"I made this test—and the cattle chose Western Rock-Salt-Block! Since then I've kept Western Block in front of my stock all the time. They thrive on it, and have a higher market value. At the same time, I've cut my salt bill, because Western Rock-Salt-Block lasts much longer."

Western Rock-Salt-Block are made of clean, wholesome, finely-crushed rock salt, pressed into 50 lb. blocks under tremendous pressure. Will not chip or crack, unaffected by rain.

## BETTER DEAD

It is frequently found that the ceilings immediately above incandescent mantles become blackened. If white-washed, it can be cleaned by being rubbed over with a mixture of starch and water of the consistency of cream. A soft flannel cloth should be used. When dry gently rub off the starch. The black stain will come with it.

**First Automobile.**

There has been considerable discussion as to who built the first automobile, but it is generally admitted that no one man can be given the credit as the automobile is the result of work along the line for more than three centuries. The first horseless carriage, as they were called, were very crude and quite unlike the modern automobile.
