### Negro Life Insurance Company Organized in Kansas City, Mo.

Have Launched Campaign to Place One Million Dollars Worth of Life Insurance on the Lives of Negroes in Missouri, in Ninety Days.

We believe that our people in Kansas City and the State of Missouri possess just as much race pride as our people in Georgia, Alabama and other southern states. We believe that if our people can organize and operate large insurance companies in the southern states we can do it in Missouri.

We believe that our people in Missouri want the very best insurance that money can buy. We believe that our Negro population in Missouri

and women, who are sacrificing their time and money in high schools and colleges qualifying themselves for better positions.

With these thoughts in mind a few of Kansas City's successful and reliable business and professional men in the persons of T. B. Watkins, C. H. Calloway, W. C. Hueston, Dr. Wm. J. Thompkins, Dr. Geo. W. Hedgepeth, Dr. L. P. Richardson, Dr. J. E. Dibble, Prof. J. R. E. Lee, Prof. A. O. Coffin, Dr. J. E. Perry, J. J. Allen and A. E. Beck organized an insurance company to be known as Mid-West Life Insurance Company.

These men will constitute the board of directors and officers for the first fiscal year. The company will operate under the stringent insurance laws of the state, which will guarantee every policy holder the same protection as any other insurance company incorporated under the stipulated premium plan.

The company's present capital and surplus is \$15,000, and it is the intention of the directors to increase the capital to \$100,000 as soon as possible and branch out into other states.

Every Negro in Kansas City, as well as the state of Missouri, who is of insurable age and can qualify physically ought to take a policy with this company. Don't wait for an agent to call on you, but write or phone the office and one of the company's representatives will gladly call on you and explain the different features of their policies.

The company is now writing ordinary life, twenty payment life and twenty year endowment policies.

Life insurance is not only one of the best systematic plans of saving, but it is the surest way to build up an estate that will take care of you in old age and will take care of your family after death.

We are appealing to the THINKING Colored men and women, to take a policy with the Mid-West Life Insurance Company, and become one of its charter members. The office is at 1518 E. 18th street. Phone Bell Clifton 2750. Adv.

### Negroes to California

(By the Associated Negro Press.)  
Los Angeles, Calif.—The possibility of Colored people taking the place of Asiatics as farm workers in California, was discussed today at the national convention of the Industrial and Commercial Council of People of African Descent.

W. H. Sanders, a Los Angeles delegate, said he was in direct touch with at least 5,000 Colored men who will come to California to take up gardening in case persons of oriental races are barred from further colonization in this state. He said the workers would be headed by graduates of the agricultural department of Tuskegee Institute. Generally, however, the Colored people look upon the exclusion of Japanese as racial discrimination.

### Colored People Leaving the South

(By the Associated Negro Press.)  
Memphis, Tenn.—Saturday and Sunday night, for a number of weeks from four to six coaches are attached to the regular trains as "extras" to carry the Colored passengers bound for Northern communities. This northern migration has kept up all during the summer, and many predicted that it would cease when fall weather set in, but such has not been the case to date. Not only are the people going North, families of those who have gone before, but hundreds who have never before been North, also are going.

## A VOTE FOR THIS TICKET OPENS THE DOOR OF HOPE

Every right and every privilege of Citizenship that the Colored American Enjoys Came Through the Republican Party. Every Reprisal Against His Citizenship, Every Constitutional Privilege He Has Lost Was Taken By the Democratic Party.

The Democratic party, its platform and its candidates have all ignored the twelve millions of colored citizens, who defended the flag in time of war and loaned to the Government one-fifth of their wealth.

### BEAR THIS IN MIND

Thousands of colored people who have moved into Northern labor centers from the Democratic South, CAN VOTE, provided they hold the qualifications of other men. The fact that they are colored does not interfere. Tell them of this privilege, and direct them to their county or city chairman of the Republican organization, who will be glad to give them full instructions.

### Negro Bishops Honored

(By the Associated Negro Press.)  
Philadelphia, Pa.—A public reception in the Academy of Music was tendered last night to Bishops Robert E. Jones and Matthew W. Clair, the first men of the race to be elected to such honors in the Methodist Episcopal Church. It was held under the auspices of the churches of the Delaware Conference in Philadelphia and vicinity.

Bishop Joseph F. Berry presided and all the speakers alluded to the event as an outstanding achievement of race recognition. Among those who spoke were Rev. John F. Fletcher, district superintendent of the Philadelphia district, Dr. L. C. Murdock, area secretary, and Rev. C. A. Tindley.

The two bishops in whose honor the reception was held were elected at the Des Moines Conference last May. Bishop Jones, who hails from New Orleans, and was formerly editor of the Southwestern Christian Advocate, said it was the duty of the church to bring about better relations between the races. He did not believe in the superiority of the white race, he continued, but realized that it was at present the exponent of the moral, spiritual and intellectual ideas of the civilized world.

Bishop Clair comes from Washington, D. C., where he is pastor of the Asbury M. E. church. He leaves in December to become Bishop of Liberia. He told of the duty of the church to Liberia and asked that it extend its missionary operations there. He asked for funds wherewith to buy a steam launch to aid him in his missionary work.

After the exercises in the Academy of Music a banquet was served in East Calvary Church.
