P. O. Box 297, Little Rock, Ark,
Last spring and summer I used Dr.
Pusheck's Kuro with marvelous results,
I regard this remedy as the wonder of the
age. For years I have suffered with Nervousness, and when I got up mornings
would be dizzy and for moments would
have blind staggers. I have been under
the care of four physicians; their treatment did not do me a particle of good. I
have used three packages of Pusheck's
Kuro and am new a well and happy woman. Pusheck's Kuro has created new
blood and flesh for me; since using it I
have gained 30 pounds. I lose no our artunity to recommend it to my many
friends here. Very respectfully.

BOTH ARMIES ARE USING THEIR LEGS

Japs Don't Intend to Let Russians Beat Them Much to Harbin.

RUSSIANS RETREAT SLOWLY

Everything Being Sone to Impede The Japanese Advance, and What Stores Can Not be Carried Are Destroyed.

London, March 21.-The St. Petersborg correspondent of the Times confirms the report that Gen. Kuropatkin asked to serve under Gen. Linievitch rather than return to Russin. The ezar consented, Gen. Kuropatkin now commands the first army, which was formerly commanded by Gen. Lintevitch. This army, it is stated, provides the Russinn rear guard.

St. Petersburg, March 21.-The latest dispatches from Manchuria indicate that the retreat of the Russian army is being conducted uneventufully. The last few days were unmarked by any fighting of a serious nature. Both the Russians and the Japanese, at this stage, are probably considering that marching is more important than fighting. The Russians, however, are neglecting no precautions to Impode pursuit and hamper the construction of permanent Japanese lines of supply

The Russian rear guard is retreatskirmishes. It has now reached a po-sition 27 miles north of Tie pass. The Japanese are slowly advancing, without pressing the leasinns, in the course of the retreat the Russians are destroying bridges, the railway roadbed and highways, and carrying off stores and demotivhing buildings and everything not portable. Reports of a wide turning movement by the Japanese are no longer being received.

There is increasing difficulty in securing reliable information beyond the limits within which scouting parties are active, on account of the defection of many Chinese to the Japanese side. Many natives who have been employed as servants by Russian officers have run away, and other consequences of the evacuation of Mukden are noticeable in the attitude of the Chinese.

The Red Cross depot under the auspices of Grand Duchess Elizabeth, widow of Grand Duke Sergius, is doing excellent work in providing officers who lost their effects in the retreat from Mukden with linen and other necessaries. Some officers are now being supplied with outfits, who had no change of linen since February 23.

A VIOLATION OF PAROLE.

A Russian Officer, Paroled at Port Arthur, Captured at Sinmintin.

Washington, March 21.—The following dispatch from Tokio, dated March 20, was made public at the Japanase legation Monday:

"Respecting the capture at Simmintin by the Japanese garrison of a Russian officer who repaired there in breach of parole, a St. Petersburg semi-official telegraph agency published the excuse to the effect that in returning home from Shanghai to Russia he took the route by the Chinese railway, and who therefore the Japanese report is founded on a misunderstanding. As a matter of fact, the Russian officers, who were liberated upon the surrender of Port Arthur, had each and all sworn in writing, according to the terms of capitulation, to the effect that they would not act contrary to the interest of Japan. The Japanese government being convinced that the returning to Russia of such officers through the war zone is detrimental to the military operations, decided that they should not in any case he allowed to take that route, and the decision was expressly communicated to them at the time. It is therefore clear that the Russian officer's arrival at Sinminuin, lying within the zone of hostilities, constitutes a breach of the parole."

ANOTHER SHOCK TO RUSSIANS.

Attempted Assassination of the Governor of Viborg.

Viborg European Russia, March 21. Gov. Miasorodoff was shot and seriously wounded, Monday, by a boy about 15 years old, who obtained an entrance to the governor's office and fired three times at him, one bullet inflicting a serious wound and the others slightly wounding the governor's legs. The governor's clerks were unable to stop the would be assassin, who reached the street, where, however, he was arrested without a struggle. The governor's condition is critical.

The youth who shot the governor has been identified as Matti Hjalmar Reinikke, who admits that he is a revciutionist. He hails from Kurikke parish, in the northwestern part of l'inland, but recently has been living ing Stockholm to avoid arrest on account of his known revolutionary

at Chillicothe, and the Appointments Made.

The eighty-seventh annual session of the Missouri conference of the Methodict Episcopal church held at Chillicothe, closed with a benediction pronounced by Bishop McDowell. The annual love feast was conducted by Rev. Samuel Carrothers, of Bethany. The conference was greatly surprised by the unexpected arrival of Bishop Moore. He was en route from the Pacific to the Atlantic coast, and stopped to see Bishop McDowell.

Statistical reports show a gain in each department of work. A committee requested of the bishop that the time of the meeting of the conference be changed from spring to fall. A committee was appointed to confer with the St. Louis conference on the question. Bishop McDowell announced the following appointments:

MISSOURI M. E. CONFERENCE. | SCIATIC TORTURE

PAIN SUFFERED BY MR. MARSTON AS GREAT AS MORTAL CAN STAND.

Bed-He Tells of a Remedy Which Has Given Perfect Relief.

The case of Mr. Marston shows that sciatica can be cured, and no one afflicted by it should allow himself to be disheartened. He was first stricken about a year ago, and for six months he suffered pain which he thinks the most intense that any man could possibly stand.

Asked about the details of his remarkable recovery, Mr. Marston gave the following account: "I was attacked by a numbness or dull feeling just back of my numbnessor dull feeling just back of my right hip. I didn't know what the matter was, but thought it was simply a stiffness that would wear away in a to the inch, the location of the Canal and short time. It didn't, however, and soon the pain became so very bad that every step was torture for me. When I finally succeeded in getting home, it was just as much as I could do to reach my room and get to bed.

"The doctor was sent for, and when he had examined me he said I had sciatica. He prescribed for me, and advised me not to try to leave my bed. The advice was unnecessary for I couldn't get out of bed if I wanted to. It was impossible for me to turn from one side to the other, mailing, and address, The moment I attempted to move any part of my body, the pain became so excruciating that I would have to lie perfeetly motionless.

"I suffered this torture for six months without getting any relief. Then I discharge I the doctor, and on the advice of a friend I bought a box of Dr. Williams' Pink PAls and began to take them, three at a dose, three times a day. I was determined to give them a thorough trial.

"Two months after I began to use them I was able to leave my bed and walk about the house, and a month later I was entirely cured and able to go about my work as usual. I think Dr. Williams' Pink Pills are the best medicine I ever used, and I heartily recommend them to anyone who suffers from scintica."

Mr. Marston is a prosperous farmer and may be reached by mail addressed to Charles P. Marston, Hampton P. O., New Hampshire. Dr. Williams' Pink Pills have cured other painful nervous disorders, such as neuralgia, partial paralvsis and locomotor ataxia. They are sold by all druggists.
