"Pickings From Puck."
 The attraction at the Krauss Opera House, Friday, Oct. 16, will be Dubinsky Brothers famous musical comedy "Pickings From Puck" with the same clever cast, pretty chorus, gorgeous mountings and stunning costumes, that pleased the fastidious theatre going public of New York for twenty seven weeks straight running. The advance criticism of this, the most pleasing of all Dubinsky Brothers famous attractions, have been flattering to a most marked degree. Unlike most musical comedies there is a plot, not intricate enough to tire the seeker for amusement, but just enough to hold the interest until the final curtain. Between the brilliant and screamingly funny situations, are catchy musical numbers and snappy dances in abundance. The play has been drawing enormous houses everywhere it has been and it is now certain that "Pickings From Puck" will be the talk of the town, and the same phenomenal success on the road that it was in New York, Chicago, Boston and Philadelphia. Abounding as it does in clean fun, talented principles, pretty girls and melodious music, its success is scarcely to be wondered at.

Entertain the Teachers.
 When the teachers gather here next week it would be a pleasant and profitable thing for our people to plan some entertainment for them, show them we are glad to have them with us, and appreciate the great work they are doing. Why not the Progress Club (if not dead) take this matter up and show the visitors a good time.

A Basket Ball Team.
 It has been suggested that the Versailles High School organize a basket ball team. What do the patrons of the school think of it? The schools in many smaller towns than Versailles have such an organization, Tipton, Bunceon, Otterville, Higginsville, etc., and supposing as a matter of course that Versailles had a crack team have sent challenges until our folks would like to show them just how the game is played. We believe it would be a good thing under proper management and control, with a half hour each day after school hours and an hour or two on Saturdays would be good healthy exercise for those participating. Let it be given a trial.
