

RAINFALL FOR NOVEMBER NOT UP TO NORMAL

The month of November was far below the average meteorologically for Salem, with only 2.57 inches of rainfall being recorded in the 30 days. Only two other years since the establishment of a weather observer here in 1879 has there been less precipitation than there was here last month—in November, 1894 when there was a rainfall of but 2.19 inches, and in November, 1905, when but 2.26 inches was reported. The average for the month for Salem is 6.49. Records show that November is supposed to be the wettest month of the year here. January averages second with 5.77 inches.

MEMBERS OF SUSPECTED MURDER TRUST

Above: Mrs. Tillie Klimek. Below: Mrs. Nellie Sturmer Koulik.

So startling have become the "poison dinner murders," alleged to involve Mrs. Tillie Klimek and Mrs. Nellie Sturmer Koulik, now estimated at twelve, that Assistant State's Attorney William McLaughlin, of Chicago, has been directed to devote his entire time to the case. The so-called Chicago murder trust was composed of women, who carefully worked out diabolical murders with arsenic. Mrs. Klimek has declared Mrs. Koulik supplied her with poison.

RUSSIANS SEEK TO TIE UP WITH SWEDEN

Stockholm, Dec. 8.—A new Russian effort to establish closer financial and commercial relations with Sweden is seen in the arrival in Stockholm of Aron Scheinman, head of the Russian State Bank.

Mr. Scheinman has declared that the bank which he heads may place its foreign assets and clearing funds in Swedish banks, providing a safeguarding agreement can be arranged between the two countries. He has come here, he says, to enlarge the financial cooperation between Russia and Sweden. He considers Sweden one of the safest countries for the deposit of money, owing to its independent position and its well-ordered conditions.

BARONESS OF JAPAN OPENS BUSINESS SHOP

Tokio, Japan.—A new step has been taken by Japanese women in broadening the field of their activity. Baroness Ishimoto has opened a business office in the center of Tokio's busiest business quarters. The baroness is acting for the Dojo Kai, the Sympathy Association, a charity organization of prominent Japanese ladies who for the last three years acted as agent for American yarns. The profits go to a leper hospital. This has marked the debut of society matrons in the commercial world and is another departure from the tradition that a Japanese lady should confine herself solely to the home circle.

As a young girl Baroness Ishimoto went to school in America. Her assistant is Mrs. Nakajima, sister of a popular novelist, who spreads the popularity of yarns by teaching Japanese ladies to knit.

SERVICES FOR PUTNAM HELD

At the City View cemetery impressive military funeral services were yesterday according Welcome Putnam, 29, a member of the old company M of the Oregon national guard, who died Monday evening in a Portland hospital. A number of ex-service men were present at the Southern Pacific depot when the body arrived and formed part of the procession to the cemetery. Following the lowering of the casket a sharp command was given and the military firing squad had given its last honors. The most touching part of the graveside service was the sounding of taps by two members of the American Legion. As the last notes were flying the echo from far down the hill was heard.

Mr. Putnam was a Willamette university graduate and for the past year and a half had been principal of the Gold Hill high school. A wife and two children survive. Services were held in Portland before the body was shipped here.

WOMENS CLUBS PLAN TO WAR UPON SLANG

Iowa City, Iowa, Dec. 8.—Incorrect speech and slang are to be the subjects of a nation-wide campaign by women's clubs and schools of the country, according to Prof. Glen N. Merry, head of the department of speech of the University of Iowa and chairman of the joint committee of the National Council of Teachers of English, the National association of Teachers of Speech, the General Federation of Women's clubs, which are instituting the better speech movement.

"Women's clubs will attack incorrect speech the next week," he said. "Schools will take up the attack the third week in February. In both instances the action will be concerted throughout the country and will be an effort to erase the bad features of our language."
