EXPECT TO END LABORERS' STRIKE IN THE ORANGES

No Disorders Today--Lawyer Urges Men to Avoid Violence.

As a result of the good advice given yesterday to the strikers who kept the police of the Oranges busy last week protecting would-be strike breakers at the mountain quarries, in street excavation work and other occupations, there was no disorder today to mark the opening of a new week. Ovidio Bianchi, who is one of the lawyers engaged by the strikers, urged the men to avoid violence.

Chief George P. Washer had to send out a police escort yesterday morning to get a group of workers from the First ward of that city through to West Orange, where Chief Bamford's men saw them safely to the mountain. The prisoners arrested on Saturday will get a hearing in the West Orange police station for stoning. Policeman Frank Ingling, the group in East Orange was discharged with a warning.

Steps were taken at a meeting held yesterday afternoon by the men who are on strike in the stone quarries in West Orange that will probably end the rioting that has taken place between the strikers and strike-breakers since the men quit work.

On advice of Ovidio Bianchi, an Orange attorney, the local union of excavators decided that arbitration would prove more satisfactory than violence and a committee, of which Mr. Bianchi is chairman, was appointed to wait upon the heads of the different quarries today in an effort to end the strike, which since its inception early last week has kept the police of West Orange busy in making arrests and in protecting the men at work.

On Friday one member of the West Orange police force, who was on guard at the quarry of Donato Fusco, in Mt. Pleasant avenue, was stoned by the strikers.

TWO BURNED, ONE HURT IN FIRE AT EDISON PLANT.

Electrical Wizard Not Much Disturbed by Blaze.

While three employees were at experimental work in a shed near the laboratory in which Thomas A. Edison, the inventor, was at work in Valley road, West Orange, this morning, some acids exploded, burning G. P. Fleming about both arms, caused Patsy Dale to jump through a window, cutting his arm and slightly burning H. W. Lancaster. The building later got afire, but was quickly extinguished by the Edison Fire Department before Chief Sheehan and his West Orange apparatus arrived.

Fleming was hurried in an ambulance to the Orange Memorial Hospital, where his burns were treated and he immediately afterwards left the institution.

Attracted by the commotion, Mr. Edison left his work to see that aid was promptly ministered to his workmen, and watched the firemen until they doused the blazing woodwork. He then returned to his labors.

With about a hundred members of Orange Lodge of Elks and their wives on board and a score from Belleville Lodge the Orange Elks' special train of three cars and a combination baggage coach left the Broad street depot of the Central Railroad this afternoon at 2 o'clock. O. Elks will be in session from tomorrow until Thursday.

They expect to arrive in Orange at 7 o'clock.

Mrs. George W. Foster, president of the women's auxiliary, heads the group of the auxiliary women, and Mr. Cowen's associates are Mr. Foster and John H. Taylor. As Dr. G. A. Muta, exalted ruler, who, in addition to his duties as master of West Orange, is an active physician, will not be able to lead his group of Elks Edward L. Aiken, past exalted ruler, will head the Orange delegation.

MISS NO APPOINTMENT SINCE HE BOUGHT IT.

An Excellent Timekeeper.

Mr. Louis A. Abrams, of 37 Warren st., Rockville Centre, Long Island, says: The Illinois Watch I purchased from Charles A. Keene, 180 Broadway, New York city, on January 2, 1909, has proven to be an excellent timekeeper. I have never missed an appointment or failed to catch my train since I purchased it. I would not ask for a better watch no matter how valuable. It has never cost me one cent for repairs and I certainly recommend the Illinois Watch in preference to any other make I have ever owned.

NOTE—Regarding high-grade watch movements, we wish to state if you pay over \$36 for the best 23-jeweled watch movement made in the United States you are paying too much. We can prove it; your own jeweler can be the judge. If any jeweler advises you to pay more he simply does it for extra profit. CHARLES A. KEENE, 180 BROADWAY, NEW YORK CITY, ILLINOIS WATCH SPECIALIST.

RECORD SESSION IN POLICE COURT OF EAST ORANGE

Thirty-eight Cases Disposed of in One Hour by Recorder Nott.

Thirty-eight men were arraigned before Recorder Francis A. Nott, Jr., in the East Orange Police Court today in a record session that did not last one hour. The complaints were of various descriptions and had kept Chief O'Neill's men on the jump for three days. The need of enlarged quarters was evidenced.

Fourteen laborers who had been arrested by several policemen on Saturday charged with collecting around a crew of laborers taking their places on a job in Central avenue, were arraigned in a batch and claimed through interpreters they had caused no disturbance as alleged. The police claimed they had been given considerable work of late answering calls from contractors regarding men collecting near jobs and wanted the practice stopped.

After a consultation with Edwin Olcott, the contractor in charge, and Henry Carless, counsel for the laborers, Recorder Nott decided to give the men another chance, after it was agreed in the future they would not go in a crowd to any job in the city where non-union men are taking their places, but one or two could go and then must obey the law. All promised to do as ordered. The men had been locked up until yesterday morning, when they secured bail.

Nine youths and six young men were before the recorder charged with swimming yesterday in the abandoned wells of the Orange Water Company at First avenue and Eighteenth street, Ampere section. They were arrested during the afternoon by Policemen Nicholas Nolan and George Law. The majority of those arrested live in this city.

Recorder Nott said he did not desire to impose a fine because it was the first crowd arrested, but gave each a reprimand. He said two young men had been drowned recently in the wells, and this should have served as a warning to the swimmers. The ordinance against swimming in any pond, brook or stream in the city is \$25, and under the circumstances the court did not want to impose such a large amount and suspended sentence.

TWO VETERANS DIED IN KEARNY SOLDIERS' HOME.

Two Civil War veterans in the New Jersey Home for Disabled Soldiers, in Kearny, died on Saturday night, the end being hastened, it is believed, by the torrid temperature. Valentine Fox, 77 years old, who had been in the home six years, coming from Belvidere, Warren county, succumbed to paralysis. He leaves a son, Seldon Fox, at 53 Sussex street, East Orange, and fought in the same regiment with Adjutant Bishop W. Mainz, of the home, the Eleventh New Jersey Volunteer Infantry Company C. The other veteran to pass away was Ashton W. Thomas, aged 74, of Company G, Eighty-second Pennsylvania Volunteer Infantry, who came from Fairfield, Gloucester county, six years ago. He had been in the hospital a couple of months suffering from ailments peculiar to old age. Both funerals will take place at 2 o'clock tomorrow afternoon, interment being made in Arlington Cemetery.

NEW YORK, July 10.—The eighty-three wire manufacturers indicted June 29 under the anti-trust law on charges of restraining trade in wire products began their fight against the government today by entering pleas of not guilty and securing a delay until September 1 to enable them to file demurrers. Each man's ball was fixed at \$1,000.

Only thirty of those indicted made appearances in the United States Circuit Court today, but District Attorney Wise said he had received assurances that the attitude of all would be patriotic, uniform, and that the rest would file formal pleas in a day or two and be included under the action of the court taken today.

Neither Herbert L. Satterlee, J. P. Morgan's son-in-law, nor Frank J. Gould were present. Mr. Satterlee entered a plea through his attorney, but Mr. Gould
