

PLAN BETTERMENT IN SHOP CONDITIONS

Anti-Tuberculosis Association
Names Committee to Confer
With Trade Board.

For the purpose of bettering factory conditions in this city regarding health and sanitation, the members of the Newark Anti-Tuberculosis Association, at a meeting held last evening at the Newark Public Library, named a committee to confer with the Board of Trade and make arrangements for a lecture and demonstration of the system of factory work carried on in Chicago, Ill. Chicago factory owners for some time have made the health of their employees a point of special attention, and the purpose of the Newark association is to invite one of the Chicago factory owners who has made a success of the plan to speak at a public meeting of the Board of Trade, thereby hoping to get the interest of local manufacturers.

A meeting at which it is proposed to form a legislative bureau to act in conjunction with the various charitable organizations throughout the State will be held this afternoon in the Free Public Library. Ernest D. Easton, executive secretary of the Anti-Tuberculosis Association, will act as a delegate from the association.

The secretary was voted an appropriation of \$10 with which to purchase ten subscriptions to Outdoor Life, the official magazine of anti-tuberculosis work. The magazines will be given to the association's nurses for the benefit of patients who are able to appreciate them.

The association this year expects to increase the amount of sales of the Red Cross stamps. Five hundred thousand are on hand ready for distribution. Three million stamps have been ordered for the State of New Jersey and 500,000 of these will be sold in Newark. Circulars explaining the reason for the sale of the seals will be distributed among the school children, and as an incentive for the children to sell the seals every pupil selling ten stamps will be given a Red Cross badge. The Red Cross booth will be conducted as usual in front of the postoffice. Miss Helen A. Cox, booth supervisor, will take charge of the booth on November 29. The Red Cross seals will be distributed for sale about the middle of November.

Judge Francis Swazy, president of the association, presided over the meeting. Other members who attended were: Judge Louis Hood, Franklin Conklin, Herbert P. Gleason, William H. Vail and Ernest D. Easton, secretary.

LISTEN TO THE DOCTOR DO BE CAREFUL

If child is cross, constipated,
sick, give "California
Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't sleep or eat, or is irritable, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "Fruit Laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush Kidneys and
neutralize irritating
acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with scalding sensation and is very profuse again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effective lithia water drink, which quickly relieves bladder trouble.

Militant Methods Are Approved by Local Women

With women of the church acting as judges the Men's Union of the Emmanuel Baptist Church, in the Forest Hill section, last night held a debate on the question, "Are the tactics of the militant suffragists ever justifiable?" With Ferdinand Bucklew as captain the affirmative side made a strong plea in defense of the militant tactics of the English suffragists. H. M. Eddy, captain of the negative team, and the other members all contended that the women of this country and England should have the right of franchise. The members of the negative team contended that the women of England had injured their cause by using militant methods instead of using more peaceful means of accomplishment. Their purpose was to win the side contended that the English women were in every way justified for using violent methods to endeavor to gain their end.

During the debate many humorous remarks were made by some of the debaters, which brought applause from the audience. At the conclusion of the debate the ladies were requested to decide the question by applause. With few exceptions they decided that the affirmative side was entitled to decision. A social hour was later enjoyed.

A Pair of Beautiful Vases for Nothing

Souvenirs have usually been divided into two classes. Either they were not worth having or you paid for them in what you had to buy.

There is an exception to every rule. John Mullins & Sons', 218-220 Market St. (practically at the "Four Corners"), the largest furniture store in the State, are celebrating the last week of their 55th Anniversary Sale by presenting absolutely free of charge with every purchase amounting to \$25.50 or more a really handsome pair of vases (as illustrated), the regular price of which is \$3.50.

For that small sum of \$25.50 Mullins are selling a Dining-room outfit consisting of 6-ft. Extension Table and Six Genuine Leather seated Chairs, all of solid oak, golden finished. When you reflect that the right price of the suite is over \$40 you will see that not only are Mullins not charging for the souvenir, but that three or four of the chairs are souvenirs also!

The fact that Mullins are fifty-five years in business tells its own story of value-giving; and if you have not yet bought furniture there, where you are sure, it is time you did.

You don't need the ready money. Mullins will allow you to pay on easy terms without any extra fees and without charging any interest—another of the advantages of dealing with this reputable house.
