"Remember the laughing hyena?" repeated the owner. "What the deuce are you driving at?"

OUR PRICES

May not always be the lowest or even as low as you have found on certain articles but we do claim that on an average you can get more for your money here. This is one reason for this statement. Our assortment is by far the largest of any dry goods store in this part of the state and for that reason alone you can best accommodate your wants at our counters. Our stock is now five thousand larger than last season. This means a better place to buy your dry goods and garments. The size of our garment department makes other departments look pretty small. Our garment department is one of the largest in Vermont.
