GAVE \$50 PUP TO UNKISSSED WIFE.

Davis Admits He Was a "Trifle Cold" on Return from West.

Chicago, May 3.—Mrs. Marie Davis, unkissed wife of George Ade Davis, nephew of George Ade and a former theatre manager, does not get the divorce she demanded on the ground of cruelty and coldness on the part of her husband, but she does get \$70 a month separate maintenance.

This order was made by Judge Kavanaugh, who said from the bench that the woman was not entitled to a divorce, but could have a separation. Mrs. Davis expressed great disappointment and wept as she departed from the room. Judge Kavanaugh not only declared that the cruelty charge brought by Mrs. Davis against her husband was not con-

vincingly proved, although she had presented a preponderance of evidence, but also ordered dismissed from the records the more serious charges which she had preferred against Davis.

The decision came after Mr. Davis had taken the stand and given his side of the trouble. He admitted that he had been a "trifle cold toward his wife, as he did not believe in kissing in public.

"It is true," he added, "that I did not kiss and caress my wife on one occasion when I returned on a trip from the east. To make up for this, however, I gave her a handsome \$50 bull pup, which she appeared to greatly appreciate."

ANNEX SCUTARI IS PURPOSE

King Nicholas and His Son Further Defy the Powers

IGNORE RUSSIA'S ADVICE IN MATTER

Austria Awaiting Result of the Ambassadors' Conference

Vienna, May 3.—Montenegro sounded her final note of defiance to the powers yesterday when, according to a despatch from Cattaro, Crown Prince Danilo, in the name of King Nicholas, issued a proclamation announcing the annexation of Scutari to Montenegro.

London, May 3.—Despite the calling of a council of war by Emperor Ferdinand in Vienna yesterday in which the Austro-Hungarian premier and the Austro-Hungarian ministers of foreign affairs, war, national defense and finance were to take part, the situation in regard to Scutari was calmer yesterday than it has been since the fall of that city. While Austria has given every indication that she is prepared to move her forces in order to drive King Nicholas out of Scutari, it was evident that the government at Vienna would await the outcome of the conference of the ambassadors of the powers in London next Monday before taking action. The conference adjourned Thursday without any definite results.

A despatch from Cetinje, saying that the Russian minister had delivered to the Montenegrin foreign office a strong note curtly advising the latter to give up Scutari and not defy all Europe, was regarded as especially cheering. In certain quarters it was feared that King Nicholas was banking on secret assurances from Russia that the powers would not be permitted to coerce him.

Reports from the bourses of all the European capitals yesterday showed more hopeful tones, with normal conditions prevailing everywhere but in the Balkans. Plans for the resumption of the Balkan Turkish peace negotiations in London have done much to convince the public that the powers anticipate no actual warfare with Montenegro.

The Viennese newspapers have the usual sensational reports including an assertion that King Nicholas told Baron Giesl, the Austrian minister, in personal audience, that he was prepared to die for a Montenegrin Scutari. The Vienna correspondent of the Daily Telegraph supports the view of Montenegro's determination. He says all the acts of the Montenegrin authorities in regard to Scutari can be understood only by assuming that the government has resolved to hold the town against foreign troops and to stand by its word. A writer believes the Scutari question has already been merged into a more vast Albanian question and the policy of localizing peace negotiations is fast vanishing before the progress of grave events. He says:

"While Italy has been endeavoring to persuade Montenegro to abandon Scutari and to induce the British government to make what the French term an act of presence during the first stages of the Austro-Italian expedition against King Nicholas, while Russia has been striving to reconcile Austria to the idea of compensation, or failing this, to postpone her military measures for an indefinite time and tide, Albania and Montenegro have been moving irrespective of the convenience of the European powers.

"WHITE PLAGUE" DEATHS LEAD ALL

Federal Statistics for 1911 Show 94.26 or 158.9 Per Thousand in United States.

Washington, May 3.—The "white plague" still claims a greater death toll in the United States than any other disease, according to mortality statistics made public yesterday by the census bureau. In the so-called "registration area," embracing 29 odd states, tuberculosis in 1911 brought death to 94,265 people—a death rate of 158.9 per thousand.

Organic diseases of the heart were second in the grim toll, claiming a death average of 140.9. The typhoid fever rate was 21. High death rate cities were: Tuberculosis, Denver, 292 per 1,000; heart disease, Albany, 237.7; typhoid, Atlanta, 66.

The suicide rate decreased in 1911. The average per 1,000 being 16.2. California had the most suicides in the registration area. San Francisco leading the cities. Violent deaths took 84 per 1,000; Montana leading the states in the accident and murder list, and Memphis, Tenn., the cities.

REMOVED TO HOSPITAL.

Mrs. Pankhurst, Suffragette Leader, Escorted by Police.

London, May 3.—Mrs. Emmeline Pankhurst, the militant suffragette leader, was yesterday, with the consent of the authorities, removed from the house in which she has been staying in London, to a nursing home at Hockin, where she will remain under the supervision of the police. She traveled in a motor ambulance which was followed by a taxicab conveying several Scotland Yard detectives who were on duty to prevent Mrs. Pankhurst attempting to flee the country.

PETITION FOR EXECUTION.

Women Ask for Speedy Execution of Negro.

Washington, May 3.—The District of Columbia court of appeals declined to receive a petition of 190 women asking the speedy execution of sentence on Nathaniel Green, a negro who criminally assaulted a white woman almost under the shadow of the capitol dome. The court held it could consider nothing but the record of the case. The death sentence was held up on technicalities.

LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old—How Finally Cured.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham's Vegetable Compound and I tried it before then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It purged my right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and bear wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 62 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.

BELGIUM STRIKE BOOSTED TWO MEN

Each Has Added to His Popularity and to His Prestige as a Socialist Leader.

Brussels, May 3.—Two men have come to the forefront of public attention as a result of the recent political strike in Belgium, each adding to his popularity and his record as a successful Socialist leader. They are men of widely divergent characteristics, Emile Vandervelde, the gifted and brilliant intellectual, and Eduard Anseele, the youthful enthusiast, and each in his particular field contributed materially to the measurable progress made in the past month toward unbroken suffrage in Belgium.

Vandervelde, who has led the Socialists of this country since the death of an older leader, is approaching his fiftieth birthday. In his youth he studied law, but his interest in social questions prevailed. He is a man of high literary gifts, a wide knowledge, and is an able statesman. Of markedly pale complexion, slightly aquiline nose, and penetrating eyes, Vandervelde's face once seen is rarely forgotten. He was elected to the chamber of deputies in 1894, and rapidly distinguished himself by his eloquence and intellectual superiority. As a speaker he is remarkable for his distinct utterance, the preciseness and clearness of his thought and the logic of his reasoning. He is a magnificent debater, never losing his temper, and keeping his head in the most difficult situations.

Vandervelde's reasons for belonging to the Socialist party are rather those of the head than the heart. His convictions are purely intellectual. He is, and always has been, a determined opponent of the strike, which he believes will only delay the triumph of the cause of Socialism. But the majority of the party having pronounced in favor of the strike, Vandervelde bowed to the decision and co-operated in the common work of the best of his ability.

The other Socialist leader, Eduard Anseele, founder of the "Vooruit" of Ghent, presents a striking contrast in every way to Vandervelde. Of open and engaging countenance, possessed of a warm and vibrant voice, Anseele charms all who come in contact with him. He is an excellent speaker, using a wealth of imagery to convey his meaning, which he
