GIRL KILLED IN AUTO GOING 80 MILES HOUR

Machine Hits Telegraph Pole While Racing for Bridgeport, Conn., to Catch Train.

Bridgeport, Conn., Oct. 7.—While speeding at 80 miles an hour in an automobile at 6:30 o'clock yesterday morning, in an effort to catch a train in this city, Miss Elma Best, 24 years old, one of Bridgeport's most popular girls of the younger set, was almost instantly killed and three other persons were injured. The machine, which was owned and driven by Isaac Hawes of Milford, crashed into a telegraph pole at Stepney.

Though artificial respiration was tried on behalf of Miss Best by her sister, Miss May Best, a trained nurse, the injured girl died before medical aid arrived.

When the car was viewed by the authorities, no brake had been applied and the power was on at full force. The three other occupants of the automobile probably were not seriously injured. They were removed to the inn at Newtown, Conn. Young Hawes is a wealthy resident of Milford. The fourth person in the car was Charles Mervin of Milford.

TO BETTER LOT OF WOMAN.

The British Union of Women Workers Assembles.

Hull, England, Oct. 7.—The annual conference of the National Union of Women Workers, popularly known as the "Parliament of Women," opened here yesterday and will continue during the week. The program contemplates a series of important discussions concerning the welfare of the children of the nation. The subjects to be dealt with relate to baby clinics; the work of care committees, particularly in urban districts; home life and workers' clubs; girls' share in social service; the moral education of the young; the emigration of state children; and the opportunities for children in the over-seas dominions. There also will be papers on "Our Boys and Girls at Work and at Play," "Wage Earning Daughters," and "Organized Playgrounds." The latter subject is a very live one in England at present, and naturally much attention has been paid to what is being done in America in this connection. The countess of Aberdeen will introduce the question to the conference. The conference created a record from the point of view of the number of feminists attending, the delegates alone numbering 630, and in addition there was a large number of visitors.

JAPAN MUST WAR ON US

Only Way to Get Rights, Says a Party Leader

RENEWAL OF NEGOTIATIONS

Japan, it is Reported, Will Offer a New Treaty

Tokio, Oct. 7.—The newspaper Jiji Shimpo says that negotiations are shortly to be reopened with the United States in the matter of the California alien land act. "Japan," says the paper, "desiring to reach a fundamental solution of the California question and finding the acquisition of naturalization for Japanese in California most difficult, is about to propose a new treaty with the United States. Formal negotiations, which have been delayed on account of Washington's preoccupation with the Mexican trouble and the tariff bill, will be begun at an early date."

Buddhists assembled in mass meeting Sunday in the Hongwanji temple adopted a resolution in the form of a message to President Woodrow Wilson bearing on the Japanese-American relations. The message which was forwarded to the president, was as follows:

"For the sake of universal peace and the progress of humanity, which are the ideals of Buddhism, we in paying homage to the president, earnestly wish for the development of a friendship between Japan and the United States based on liberty and justice with the execution of religious and racial prejudices." Three thousand Buddhists were present. M. Oishi, leader of the progressive party, declared that only by war could Japan obtain a fundamental solution of the California land question. He urged determination on the part of the nation to back up the authorities.

GAFFNEY IN ANGRY MOOD

He Has to Pay \$50 Each for 16 Tickets to the World's Series.

New York, Oct. 7.—James E. Gaffney, owner and president of the Boston Nationals, exhibited 16 tickets for the world's baseball series yesterday afternoon, for which he said he paid \$30 apiece, or \$800 for the lot, to speculators in an up-town hotel. "I'm going before the national commission," he said, "and demand to know what they are going to do about an outrage so raw that a major league club owner cannot buy 47 reserved seats when thousands appear to be in the hands of speculators."

Gaffney said the New York club had refused to sell him 47 tickets direct.

TRAINED NURSE SAYS COMFORT POWDER IS RIGHTLY NAMED

Einona V. Marquis, a trained nurse of Jumboldtville, Pa., says: "Comfort Powder is rightly named. I never felt more like praising anything for offensive perspiration, eczema, prickly heat and chafing." The scientific medication of Comfort Powder is what makes it so far superior to ordinary talcum powders, and that's why physicians, trained nurses and mothers call it a "skin-healing wonder." A COMPLETE SEPARATION

Of Boston & Maine and New Haven Directorates Urged

BY STOCKHOLDERS' COMMITTEE

Follows Outline of Policy in Annual Report

Boston, Oct. 7.—A separation of the boards of directors of the New York, New Haven & Hartford and the Boston & Maine railroads for the purpose of avoiding the apparent transportation domination of northern New England by the New Haven company, was advised yesterday by the stockholders' protective committee of the New Haven company. An exception is made in the case of President Howard Elliott.

George Von L. Meyer, chairman of the committee, stated that the recommendations of the committee were forwarded to the directors of the New Haven yesterday. In the opinion of the committee, no director of the New Haven should be a director of the Boston & Maine and the proposed separation is essential for the purpose of procuring efficient management in connection with local requirements.

With Mr. Elliott chairman of both boards, the necessary link is furnished to secure harmonious co-operation of management.

SUIT MAY BE AVOIDED.

Department of Justice Might Settle Case Out of Court.

Washington, Oct. 7.—The general tone of the annual report of the N. Y. N. H. & H. railroad attracts the attention of officials of the department of justice. President Elliott's statement that the company had no desire to retain investments except in conformity with law and sound public policy brought from officials here the statement that Attorney General McKeen would gladly receive any proposition from the railroad before filing the contemplated dissolution suit under the Sherman law.

If the railroad should meet the demands of the government, the department of justice, it was declared, would be willing to settle the case out of court and criminal prosecutions might be avoided.

SUPPORT COMMITTEE.

New Haven Railroad Enginemen Do I with Ballots.

New Haven, Conn., Oct. 7.—The N. Y. N. H. & H. railroad officials were informed yesterday afternoon of the result of the strike ballot of the enginemen and firemen on the system. The vote showed that 98 per cent of the ballots were in support of the action of the committee.

Referendum on the B. & M. Road.

Boston, Oct. 7.—The Progressive party of Massachusetts in its first state convention as an official party adopted a platform last night advocating submitting to the people by a referendum vote at next year's state election, the question of the state taking over the ownership of the Boston & Maine railroad.

PAYS \$14,000 TO RUSH BAGGAGE THROUGH

Mrs. Stotesbury in a Race with the New Tariff Schedule.

Philadelphia, Pa., Oct. 7.—Several thousand dollars were sacrificed by Mrs. E. T. Stotesbury, wife of the head of the Drexel-Morgan interests in this city, to rush seventeen trunks of feminine finery, valued at more than \$50,000, through the customs.

Had she not insisted on the immediate appraisal and release of her wardrobe, a large sum would have been looted from the duty exacted on the apparel she brought with her from abroad. Twenty-four hours after her trunks and their costly contents had been passed, the new tariff bill became operative, admitting at greatly reduced cost many of the articles included in the Stotesbury baggage. As it was, the duty was \$14,000.

WOMAN HEADS INCOME TAX LIST.

Assessment Against Mrs. W. W. Penfield Totals \$245,000.

Philadelphia, Oct. 7.—Probably the largest income tax in America will be paid by Mrs. Anne Weightman Walker Penfield, wife of Frederick Courland Penfield, ambassador to Austria. She will be required to turn over a fortune to Uncle Sam every year under the new income tax law.

Mrs. Penfield's income from the estate of her father amounts to \$3,500,000 a year, and the tax will amount to \$245,000. The value of the property is estimated at \$70,000,000. Practically all of the property is represented by the real estate and other forms of investment upon which no corporation tax was levied. It is all reached, however, by the income tax law.

PUSHING NEW DYNAMITE CASES.

MRS. ROCKEFELLER IN POOR HEALTH

The Oil King Is to Stay in Cleveland Indefinitely, He Tells His Friends.

Cleveland, Oct. 7.—John D. Rockefeller has decided to postpone indefinitely his return to New York, owing to the illness of his wife. He made this announcement to friends while attending the Euclid Avenue Baptist church.

Mrs. Rockefeller has been in poor health all summer.

Mr. Rockefeller looked hearty when he arrived at church. Every available pew was filled.

After the services he held an informal reception, at which he said he had decided to remain a while longer in Cleveland. The news was welcome to fellow-members, although expressions of regret at Mrs. Rockefeller's continued indisposition were general.

Having learned that photographers again would attempt to photograph him as he left the church, Mr. Rockefeller quietly slipped from a side entrance and was driven away in his limousine before the camera squad realized that he was even out of the church.

Rev. Dr. W. W. Buxton's sermon on the "Life of Apostle Paul," deeply interested Mr. Rockefeller, who commented on striking passages after the service.

Mr. Rockefeller graciously declined to comment on the report that his wife is learning lip reading because of growing deafness.

"I would rather not discuss that," he said.

THEY DEMAND AMENDMENTS

The Country Bankers Ask for a Hearing on the Currency Bill.

Boston, Oct. 7.—The country bankers of the land registered their opposition to certain features of the Glass currency bill at a special conference last night, preceding the opening of the thirty-ninth annual convention of the American Bankers' association.

Their resolution declares that unless the bill is amended along the lines laid down by the bankers, "very few country banks, either state or national, can afford to become members of the new federal system," which means that the

"great majority of the country national banks must surrender their charters and retire from business."

The bankers ask for a hearing of their criticisms of the bill.
