

Announcing What? A Boys' Suit Sale For One Week Only

We desire to call the attention of parents to the unusual purchase of Boys' and Children's Suits and Overcoats. We have purchased from Orent & Co. of Boston, Mass., their entire line of boys' and children's clothing, as they are to discontinue their children's department. This concern only started in business last September; therefore, all of these Suits and Overcoats are the very latest styles and makes of the most noted makers of Boys' Clothing.

For want of space it is impossible for us to describe these Suits, but we are enumerating below a few of the prices during this sale.

\$3.00	\$2.25
3.50	2.45
4.00	2.95
4.50	3.45
5.00	3.95
6.00	4.75
6.50	4.95
7.50	5.65
8.50	6.25
10.00	7.65

We invite you to call and look at these garments. Come and look them over as much as you choose. It will afford us the greatest of pleasure to post you in regard to their moderate prices.

We also have a few more of our manufacturers' samples on Union Suits. Why pay regular prices when you can save 50 per cent. on your Underwear?

Lamorey Clothing Co.

Yours for Better Things to Wear

BERLIN

Two Annual Meetings Held in Connection With Congregational Church.

Two annual meetings in connection with the work of the Berlin church were held last week, both reporting an advance over the previous year. Monday the church and society held their annual meeting. Reports showed the condition to be good, although the membership of the church was one less, caused by a removal. This was balanced by the fact that five new members joined the first Sunday of this year. Financially, all debts were provided for. The missionary benevolences exceed those of 1912. The following officers were elected: Church treasurer and clerk, Mrs. G. W. Dustin; choir leader, Arthur Brown; organist, Miss Edna Chatfield; assistant organist, Mrs. George Bosworth; president of the society, H. M. Perrin; treasurer, S. C. Pike; secretary, Mrs. W. H. Turner.

Thursday evening the Lent-Hand society met for their annual meeting at the parsonage when the following officers were elected: President, Mrs. M. D. Bancroft; vice-president, Mrs. W. H. Turner; secretary, Miss Ann Selina; treasurer, Mrs. George Bosworth. A lecture course is being arranged. It was resolved to have a church dinner during January and to donate \$25 toward a trust fund for the benefit of the society's work. At the close of the meeting, refreshments were served and a social hour enjoyed.

WAITSFIELD

Mrs. Mary Berry has gone to Montpelier for the rest of the winter.

George Berry has suffered a second shock.

Ade Palmer is bed-ridden with rheumatism.

Oscar Poland of Merrimack, Mass., is visiting relatives in town.

E. H. Jones and John Bissbee have returned from the Dairyman's association meeting in Rutland.

Theron Newcomb has secured a position as salesman in a store in West Boylston, Mass.

WASHINGTON

Mrs. Ella Spencer and Mrs. Eleanor Smith will entertain the Mite society Wednesday, Jan. 14.

It is understood that the town officials are arranging to invite the women to come and vote on the school question in the spring. The women will need to have some taxable property in their own names.

GRANITEVILLE

A meeting of branch No. 12, Q. W. I. U. of N. A., will be held Wednesday evening, Jan. 14, at 7 p. m. in Socialist hall, Main street. Election of officers and I. U. auditor, and other business of importance. A large attendance is requested. Per order secretary.

EAST BARRE

The officers and members of Winona council, No. 8, D. of P., are requested to be present at the regular meeting of the raising of chiefs Wednesday, Jan. 14. Corn and venison will be served.

Ida M. Tarbell Praises Wisconsin Industrial Commission.

Ida M. Tarbell is collecting material for a new series of articles in the American Magazine in "Idealism in Business." Recently she spent some time in Wisconsin, and in regard to the work of the Industrial commission of that state she says:

"They have every other state beaten by miles in their organization and their work. It is one of the cleverest things I ever saw. They have a scheme by which for two years they have been getting what looks like complete co-operation between employers, labor unions and the public on every measure that they attempt to put through. It is not merely a scheme, it is an actual achievement, with results on some lines which quite take your breath away."

Vienna, Jan. 12.—Private letters from Vienna depict Albania as a prey to famine and anarchy owing to the lack of money. Business is at a standstill.

If Mothers Only Knew

how frequently children suffer from worms, they would take more precautions against this common ailment of childhood. Worms also have worms very frequently. Signs of worms are: Dull, torpid, belching, variable appetite, increased thirst, acid or heavy breath, nausea, enlarged abdomen, variable bowel action, Trade Mark pale face of leaden tint, bluish rings around eyes, itching of nostrils, languor, irritability, disturbed sleep, grinding of teeth, irregularity of pulse.

Over 60 years ago my father discovered the formula of Dr. True's Elsie, the family laxative and worm expeller. This remedy has a world-wide reputation as the one safe and reliable remedy for worms and stomach disorders. At druggists, 25c, 50c and \$1.00. Advice free. Write me.

Auburn, Maine. Dr. True

Kondon's Catarrhal Jelly

Use it quick. For chronic nasal catarrh, dry catarrh, nose, coughs, sneezing, nose bleed, etc. Write for free sample. The first drop used will do good. Ask druggists.

Kondon Mfg. Co., Minneapolis, Minn.

Franklin, N. H., Jan. 12.—Sawyer block here was burned last night causing a loss of \$30,000.

RANDOLPH

E. H. Allis Finds That His House Was Robbed a Week Ago.

E. H. Allis, who lives on Franklin street, found last Tuesday when looking around for his gloves and mittens that his house had been entered sometime since the previous Sunday, and several articles of clothing had been taken. It was found that an almost new overcoat, a new sweater, a suit of clothes, gloves, mittens, silk neck handkerchief, \$15 in money, besides about \$20 worth in millages, had been taken. These articles were scattered in different parts of the house, and \$5 of the money was in the purse of Madam Allis in her room. No break was found, so it is supposed that the parties entered the house through the door, which sometime had been left unlocked, or else when the family were all out. Mr. Allis attended the Brotherhood meeting on Monday night, and the family retired early, leaving the side door unfastened, to await his home coming. The house had also been alone on Sunday, but it is not known when the burglary took place. The estimated loss is about \$70, and there is no clue to the guilty parties. There has been a succession of small thefts for about a year, but it is impossible to discover the guilty ones, but it is thought they were the same in nearly every instance.

V. I. Spear is quite ill with an attack of the grip, having been taken ill Saturday. A. H. Beedle is also housed with a severe cold, with which many others are also afflicted.

Miss Celia Gifford gave a very pleasant party at her home on Emerson terrace on Saturday evening, to which she invited about 50 of her friends, who were amused a part of the evening in guessing on pictures of themselves, which were taken when they were infants.

Bethany church held no evening service on Sunday night, so that all might have an opportunity to attend the meetings held in the Baptist church by Evangelist Lewis. Mr. Lewis is assisted by the Aylsworth sisters, vocalist and pianist, and the music is much enjoyed.

The Randolph Woman's Literary club were entertained on Saturday afternoon by Mrs. Homer White at The Maples, when there was a good attendance of members and some guests. The annual guest night of this organization will be given in Music hall, January 20, when Mrs. Elsie Power will give a vocal recital assisted by musicians of local talent. The affair is entirely complimentary and there are a large number of invitations issued.

Mrs. George Hutchinson and her children, who have been in Worcester, Mass., for the last two weeks, returned home on Sunday night.

Charles Thurston, who was taken with a slight attack of pneumonia on Thursday morning, is not as well, as complications have developed and his heart is very weak.

The sectorium aid society held another of its "five hundred" parties Friday afternoon at the G. A. R. hall when there were present about 35 people, who enjoyed the afternoon and also contributed to the fund for the free bed.

Mrs. Francis Farwell of Leominster, Mass., arrived here on Saturday night for a short stay with her brother, R. H. Slack.

MONTPELIER

Mrs. George White Died Suddenly in Her Home.

Mrs. George N. White, aged 68 years, dropped dead of heart disease last night in the parlor of her home. With her husband, she had been calling during the evening and returned on an electric car, walking from State street to her home on Elm street. Complaining of faintness, she sat down on the piano stool and fell forward into the arms of William Dalton, a guest, at the house, life being extinct. A physician who was called pronounced death instantaneous.

Mrs. White, whose maiden name was Dumas, was born in this city and had lived here all her life. She was a member of St. Augustine's church and St. Vincent de Paul society. Besides her husband, she is survived by two daughters, Mrs. C. R. Gallagher and Miss Mary White; two sisters, Mrs. Raphael Laniel and Mr. Oliver Moss; and one brother, Alphonse Dumas of this city, and two brothers in California.

In a good clean basketball game last Saturday night, Montpelier high school defeated Stowe high by a score of 78 to 30. Montpelier's start in the first half was largely due to the star playing of Ira Gross and "Jum" Laird, who got a score of 28 points while Stowe made only one basket. The second half was little more than a practice game for the local team, and they scored 25 baskets, for a total of 50. Only two fouls were committed, both by Montpelier.

The funeral of Moses H. Farrar was held from the home of his brother, Waldo H. Farrar, yesterday afternoon and was largely attended, delegations of Odd Fellows, Knights of Pythias and Elks being present in a body. Rev. A. H. Flint officiated and the bearers were John S. Durkee, Willard P. Whitcomb, Dr. C. H. Burr, Burton E. Bailey, Ernest F. Dillon and Herbert O. Kent. The body was placed in the tomb at Green Mount cemetery.

The funeral of Mrs. Harriet C. Alexander, who died Friday at the home of her son-in-law, Julius A. Converse, a Montpelier, was held yesterday afternoon, Rev. S. E. Blomfield of this city officiating. The body was brought here and placed in the tomb at Green Mount cemetery.

The marriage is announced of Miss Elizabeth Laviolette, a graduate of Hiss hospital, and Dr. William F. Shaw, a physician of Schenectady, N. Y. They will reside in New York City.

EAST CABOT

Mrs. Walter Abbott went to Greensboro Thursday to attend the funeral of her cousin, Bert Caldwell, who died in New Hampshire. She also visited at Harvey Libbey's in Hardwick, returning Friday, her daughter, Inez, accompanying her.

Frank Robinson and Ora Bolton, both of Peacham, are in this vicinity with their sawing machines.

A Card

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar, if it fails to cure your cold or cough. We also guarantee a 25-cent bottle to prove satisfactory, or money refunded.

Red Cross Pharmacy, Barre Drug Store, C. H. Kendrick & Co., E. A. Brown, George L. Edson, J. D. McArthur, W. H. Miles & Co., McAllister Bros., D. C. Howard, J. A. Cumming, J. W. Parmenter.

WATERBURY

Home Economics Institute Closed Saturday Evening.

In spite of the storm a good number were present when the institute opened Monday morning and listened attentively to the demonstration by Miss Marshall, "How to Make a Waist." In the afternoon Professor Terrill again spoke most intelligently of the "Healthful Body." All day the muffins and cakes had been arriving and at this point it was felt best that the judging of the articles should be done. The judges were the Misses Terrill and Marshall of the university, Miss Amy Wheeler, teacher of domestic science in the Essex Junction schools, Mrs. Gilbert, president of the Hypatia club, and Mrs. Fife, president of the Pierian club. In awarding the prizes, Miss Terrill said they had had the hardest work she had ever known to make the decisions. Seldom had so many nice goods been brought and she felt very sure of the future success of Waterbury girls as home-makers. The prizes were as follows: First cake, Miss Teresa Hill; second, Miss Annis Ruig; third, Miss Olive Garrow; honorable mention, Miss Katharine Casey, Miss Norma Perkins; muffins, first, Miss Freda Tarbell; second, Miss Olive Garrow; third, Miss Gem Downey. Following the prizes, samples of the cakes were passed about. In the "Healthful Home" Miss Terrill urged those present to educate the young to value life. Two of our great enemies are dampness and bad air. Look well to your cellars. The cellar is the most important room in the house. Use unslaked lime around them and whitewash the walls at least once a year. The three graces of the cellar are dryness, light and cleanliness. She urged plain furnishings, smooth walls, no carpets and hoped the time would come that when she asked for a feather duster in the place, one could not be found. One of the strong points of Miss Terrill's institute was its practicality. The closing evening was a very temptuous one outside but held much of encouragement inside for the Vermont agriculturalist and the "Woman on the Farm." Miss Gilbert introduced Miss Terrill, whose welcome by our people had grown very hearty. She spoke in an informal way of the fostering of home life, the spirit of co-operation between the men and women. There is no line of work in which men expect to become proficient but what they expect to receive special training. Why not special training for women in that greatest of all professions—home-making? This is one thing in which the men are willing to admit that women are more successful than men. Bring to rural workers intellectual help. Bring the uplift to the Vermont farm girl. Men study the feeds best suited for the animals. Why not study the best feeds for the human body? The family life in the country is the most conducive to broaden the young people to assume responsibility. President Campbell of the Board of Trade introduced Professor J. C. Jenks of the agricultural college. He had said but a few words when he realized that in him the state had a "live wire" pulling for her agricultural interests. He speaks in a convincing manner and in easily-comprehended sentences. He said the opinion of people regarding farmers is very different than formerly. Farmers are no longer "hay-seeds" and the farmer boy will take care of himself wherever you put him. Education is what helps a man live, we learn by building on our own experience. Vermont is principally an agricultural state and her education should be along that line. Agriculture should be taught in the schools but not until it can be properly taught. Everyone wants to be popular—make farming popular. Create in the community a desire for the thing wanted. A good, well-organized singing school will start civic improvement. Make the farm pay, then make it attractive so that the boys and girls will stay. To make a success a man must make a business of farming; must be a student of all scientific subjects. The farmer must think. He spoke somewhat of the boys' and girls' clubs and closed with a nice little toast to domestic science. And thus the first home economics institute in the state closed, over which Waterbury was enthusiastic. It is hoped that a second will be long before another one, or a continuance of this one may be possible here.

The widow of Henry Edwards is seriously ill with typhoid fever. Carroll Swasey, who is very ill with pneumonia, was more comfortable yesterday.

At the meeting of the Congregational church the reports for the year past were very encouraging. Officers elected for this year are follows: Clerk, F. L. Knight; treasurer, Mrs. G. S. Bidwell; auditor, A. H. Smith; superintendent of Sunday school, W. L. Wasson; music committee, C. C. Graves, W. R. Clark and Mrs. A. H. Smith; trustee for three years, W. H. Seabury; clerk committee, Mrs. Julia Seabury and C. C. Graves. Trustees whose terms have not expired, W. B. Clark and B. R. Demeritt; deacons, B. R. Demeritt and E. F. Palmer, Jr.

BOND OUT OF POLITICS.

Former Newfoundland Premier Scores the Fishermen's Union.

St. John's, N. F., Jan. 12.—Sir Robert Bond, the former premier of Newfoundland, announced Saturday night his withdrawal from public life. In an open letter he gave his reasons alleged had faith on the part of the Coakerites, otherwise known as the fishermen's union, Rev. S. E. Libbey, formed the opposition, led by Sir Robert, against Sir Edward Morris, the present premier, in the general election last October. After saying that he will abandon his leadership of the opposition and resign his seat in the legislature from the Twillingate district, Sir Robert added: "I will never be a party to allowing any organization representing one element in the community to gain control of public affairs to the exclusion of other interests, as is now the avowed policy of the fishermen's union."

Sir Robert Bond has long been one of the most prominent figures in the public life of Newfoundland. For many years he was premier until the liberal party was overthrown by the Conservatives, headed by Sir Edward Morris, who was once attorney general in Sir Robert's cabinet. It was during the Bond premiership that the disputes over the rights of American fishermen in Newfoundland water became acute.

Fletcher May Be Candidate.

One widely discussed political question in Vermont has been set at rest by the withdrawal of Hon. Charles A. Prouty of Newmarket and Washington, from the canvass for United States senator in Vermont in this issue of The Daily News.

There is no doubt that hundreds of the citizens of Vermont were desirous that Mr. Prouty should enter the canvass. In the minds of many observers there would be no doubt as to his election in politics for many years; and he has had a conspicuous hold on the people of Vermont.

In the past decade Mr. Prouty has become a large national figure. His work in the interstate commerce commission has brought him into a better understanding of the whole system of federal relations. It is not strange therefore that he became such a commanding figure as to be considered the best man in the nation to be selected for the enormous task of placing a valuation upon the railroad system of the country.

There is no doubt some rejoicing at the withdrawal of Mr. Prouty. The senatorial canvass will be exceedingly mixed from now on to the time of election. Senator Dillingham is a candidate to succeed himself. There are some criticisms of his attitude on some questions in Congress in which he had a leading part. There are also some who have a fling now and then at some supposed lack of activity in the Senate.

The governor of the commonwealth is also a candidate. The News hears and understands. It is told also that he has already been seeking for votes. Mr. Fletcher was elected by the legislature and not by the people. That would indicate a hard and doubtful fight against Dillingham—if indeed there may be others trying to break into the fight.—Burlington News.

Expect Opponent for Dillingham.

The decision of Charles A. Prouty not to enter the race for the United States senatorial leaves the opponents of Mr. Dillingham at a loss to know what would better be done. It is stating no more than a plain fact to say that there are a large number of Vermonters who think that the state should choose someone in Mr. Dillingham's place, and with such a situation existing it is only reasonable to suppose that at least one candidate against him will appear even if Mr. Prouty is out of the contest.—Brattleboro Reformer.

Prouty Has Enough to Do.

The Vermont Progressives at their meeting in Montpelier yesterday announced that Charles A. Prouty, whom the leaders had invited to stand for the nomination for United States senator, would not enter the race. This will cause no surprise. Mr. Prouty had already announced that if he should be named a candidate for the Senate it would be as a Republican; and, furthermore, it has been generally understood that the work which had already been marked out for him upon leaving the interstate commerce commission, as director of valuations of railroads, would monopolize his activities.—Rutland News.

C. A. PROUTY'S DECLINATION.

How the Announcement Is Received by Vermonters.

While it is too early to begin a campaign for the United States senatorship in preparation for an election to be held not earlier than next November, the injection of the name of the Hon. Charles A. Prouty into the situation and the discussion arising therefrom preceding the announcement that he will not be a candidate has served a very excellent purpose in demonstrating that the people more than ever before want to know whether candidates for public office propose to stand on the leading issues of the day, especially with reference to the political thought of the time and stand for the new Republicanism.

The points raised in Mr. Prouty are pretty certain to commend themselves in others, and candidates will do well to let the people know clearly where they propose to stand on the leading issues of the day, especially with reference to the political thought of the time and stand for the new Republicanism. The points raised in Mr. Prouty are pretty certain to commend themselves in others, and candidates will do well to let the people know clearly where they propose to stand on the leading issues of the day, especially with reference to the political thought of the time and stand for the new Republicanism.
