Sends The Wonderful SILK FLOSS

which goes into a

Restwel Mattress

Silk floss is the product of the Kapok tree.

It is the finest mattress filling known to science. Being a vegetable product, it is free from all animal matter—which often breeds germs.

Silk floss is a solid fibre—not hollow like most fillings. Silk floss is water proof—and as light as the finest down.

A Restwel Mattress

only weighs 30 lbs.

The makers of Restwel Mattresses have their own plants on the island of Java—there the silk floss is gathered, sorted and shipped to America. Then it undergoes a wonderful patented process of sterilization before it is used in the scientifically constructed Restwel Mattress.

We sell RESTWEL MATTRESSES—first, because they are absolutely guaranteed; and, secondly, because they give the best satisfaction of any mattress we know of.

While with all these virtues, THEY COST NO MORE than the UNSATISFACTORY mattress—whose filling is of uncertain origin.

A Few Facts to Consider

What Will Your New Suit or Coat Look Like After You've Worn It Awhile?

Two Suits may look very much alike when new, but it is the honest workmanship, the stitching and tailoring that cannot be seen, that gives permanence and durability not only to the garment itself, but to the graceful lines that you admire so much when you first put on your new Suit.

The several lines that we carry are famous for their perfection of style, for the beauty of fabrics used, but especially for the superb tailoring which gives them their perfect lines and unequalled air of refinement which you see in garments.

And all of this good character and good looks stays with the Suit, to return with all its original beauty every time the garment is pressed.

This Special Petticoat we are to sell at only \$2.75 each; is made in all the season's popular colors and has the extra fullness in the dounce, which gives the fullness for the new skirt styles of the season. If you want a good wearing Petticoat that is made from the most satisfactory material you ever bought, get one of these Special Petticoats at \$2.75 each.

This is a department that is very busy just now, as we have a large line of the new and popular Hat Shapes of the season. From now on through the busy season we will have new Hat Shapes coming into the department nearly every day.

If you want a good medium-priced Hat that has got the style and finish for early fall wear just step into our millinery department and see the many different shapes that we are able to show you.

The early Tailored Hat of the season is a Black, or a Black and White model. Were you to step into the streets of New York or Boston nearly everything you would see worn in the new millinery would be the small, close-fitting velvet or plush Hat.

We shall make every possible effort to give to the trade the newest and best Hat Shapes throughout the season as it advances. Come in and look over the line and judge for yourself as to the correctness of the styles and variety of popular shapes.
