

## ABOUT THE STATE

## HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Mrs. Hiram Keyes of Warren, an aged lady, fell from a chair Thursday and broke one of her legs.

"Larry" Gardner of the Boston Red Sox has been out of the game for a few days because of illness, and has been visiting at his home in Enosburg Falls.

At a farewell reception given Monday evening in Burlington to Rev. Charles Chase Wilson, who has resigned from St. Paul's church in that city to accept a call to the Church of Our Saviour at Roslindale, Mass., he was presented a purse of \$200 in gold.

Prof. J. C. Dietz, for the past year instructor in modern languages at Norwich university, has been elected to the department of modern languages of the Huntington school in Boston. His successor at the Northfield school has not yet been appointed.

Miss Frances Seaton, aged 80 years, died Friday at her home in Washington, D. C. She was the daughter of the late Rev. C. M. Seaton, who at one time was a well known preacher in Vermont. Miss Seaton had been in the government employment upwards of 50 years. She had filled positions in the census, treasury, agricultural and forestry departments, many of them requiring great responsibility.

## LIFE SENTENCE; APPEAL.

Giovanni Marino Convicted of Killing a Fellow Countryman.

Rutland, May 26.—To serve the remainder of his life at hard labor in state's prison at Windsor was the sentence meted out in Rutland county court by Judge E. L. Waterman of Brattleboro yesterday to Giovanni Marino of Fair Haven, aged 28 years, who, a few weeks ago, was found guilty by jury of the charge of murdering Angelo Gioia, a fellow countryman, by stabbing at Fair Haven on February 6. Marino has been confined at the Rutland county jail since the verdict was returned. He will be taken soon to Windsor.

W. H. Preston of Fair Haven, his counsel, stated that the case would go to the Vermont supreme court, a number of exceptions to evidence and rulings of the court having been taken during the trial. State's Attorney C. V. Poulin represented the prosecution when Judge Waterman made known to Marino his punishment under the law, there being no maximum and minimum sentence for the offense of which the Italian was convicted.

Marino was indicted by the grand jury at the present term of court, his trial taking place in April. It was shown that he stabbed Gioia at the boarding house of Mrs. Luigia Patti three or four times after Gioia had entered the bedroom of the convicted man through a window. Gioia had suspected Marino of stealing \$10 which he had lost.

## MOTOR LICENSE REVOKED.

John Coleman of Poultney Ran Motorcycle Into Horse.

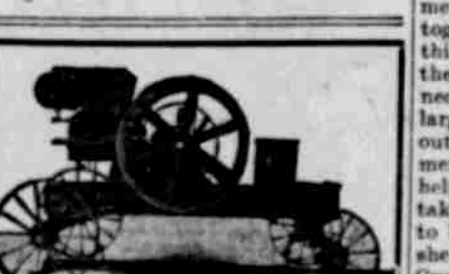

Rutland, May 26.—The secretary of state, on recommendation of State's Attorney C. V. Poulin, has suspended the license of John Coleman of Poultney to run a motorcycle in Vermont. On Sunday Coleman collided at Castleton with a horse driven by Charles Woodbury of Castleton, injuring the animal so badly that the owner had it killed.

Mr. Woodbury has attached the motorcycle, which is a Flying Merkel, bringing a civil suit in justice court against Coleman to recover \$200 damages for his horse.

The accident happened near the residence of John O'Neil. James Field of Fair Haven and Coleman were traveling west and Mr. Woodbury and a companion, Frank Chamberlain, were going east. The team was almost in the ditch when the machine came upon the horse and Mr. Woodbury reined the animal as far as possible out of the road, but Coleman ran his machine directly beneath the horse.

"What a lively baby!" said Brannigan. "Have ye had his pictures took yet?"

"Not yet," said the proud father. "I've tried to, but after an hour's lost labor the photographer advised us to go to a movie picture studio!"—Philadelphia Ledger.

## W. C. T. U. CONVENTION

(Continued from first page.)

was transferred to Mrs. Bertha C. Kellogg of the same place as Mrs. Lane was unable to attend. After singing "Home-land," and listening to some scripture reading by Mrs. Kellogg, the audience heard a prayer from the state president, Mrs. M. L. Pearson. Mrs. Kellogg asked for memorials on Mrs. Cutts and J. C. Nason. Mrs. O. S. Willey, the Barre W. C. T. U. president, and Mrs. LaPointe both spoke in memory of Mrs. Cutts. Mrs. F. D. Beckley spoke in behalf of Mrs. Nason. Mrs. Denmore also spoke in behalf of Mrs. Coombs.

In memory of Rev. J. Edward Wright of Montpelier, Mrs. J. B. Estee, also of Montpelier, spoke a few words in praise for his noble work and character. Mrs. M. L. Pearson also spoke in memory of two prominent temperance workers not residents of this state but hard temperance workers the country over. They were Mr. and Mrs. L. Stevens, formerly of Portland, Me. She also read a few words from the Maine state W. C. T. U. president, and said how that state regretted the loss of these two people. "Lead Kindly Light" was then sung by the audience.

After a short scripture reading by Mrs. Kellogg, a very interesting and instructive paper was read by Mrs. J. E. Bingham of Northfield. The subject, "Our Boys," taken by her as a topic for discussion, was one of great importance. She took her address up in separate parts, first showing that the women needed the votes and later showing that the vote needed the women. According to Mrs. Estee, anyone against woman suffrage must be a corrupt politician, a saloon keeper or a maker of vice. Instances where women's vote would have been a great benefit to the country as a whole were shown and the war as a recent issue was taken as one. Provided that women had had a say in the present trouble in the foreign countries there would not have been any war, she believed. Finances would be bettered, the time would come when the ends that they are striving for will be reached. Just what woman suffrage wants, says Mrs. Estee, is that no restriction shall be put upon the people for voting on account of sex. In closing, Mrs. Estee passed around the audience a picture of a woman suffrage worker, who was one of the hardest workers in the country for woman suffrage, and also one of the earliest.

**Paper on Intemperance.**  
The song by Rev. Holt filled in a short space of time between speakers and soon after Mrs. Estee's address, Mrs. Willey read a paper on intemperance. The general statement she made was usually brought out against the liquor traffic very well explained by Mrs. Willey. In homes where liquor appears, families are ruined, people go hungry, scolding, weeping and unreasoning are all prominent. Sickness, death and disease are the direct results of its work. Liquor, according to her reports, has spoiled more women's lives, ruined more hopes, brought more sorrow to people and has been the agent of more trouble than all other evils in the world. Instances where financial men are ruined by alcoholic drink. In ending, these words were used: "It bites like a serpent and stings like an adder."

**Campaign Plans Outlined.**  
Mrs. M. L. Pearson of Orleans, the state president, was next given the floor, and the best of an hour was spent by her in outlining plans for the campaign which is to be set in motion to win in passing the prohibition law for the state of Vermont next year. The referendum, she believes, will be passed and she urged that all temperance workers to their best in aiding to put the bill through. Seven organizations met in Burlington and all agreed to work together in furthering their plans in this work. She advised strongly having the children help and the churches were necessarily brought in. Literature in large quantities, she believes, would help out in this campaign and the press was mentioned as another source of great help. In the form of proper papers to take, to follow the campaign work, and to be able to properly help in the work, she strongly advised either the Home Guard or the Union Signal. Incidents of the large convention that was held in Atlanta of the United States Temperance workers were told by her at the end of her other talk. This large convention was held there last year.

After another hymn was sung, the department journals were heard from. Mrs. Bertha C. Kellogg was on the program for a talk on "Scientific Temperance Instruction." On account of the length of the afternoon session Mrs. Kellogg was unable to give her talk, as she had to hurry to catch a train. Mrs. F. M. Gossage of Montpelier spoke several minutes on "Mercy and Prison and Jail Work." Many original cases were brought up and cold facts in this line were brought out by her.

Mrs. F. W. Powers of Waterbury had a short journal on "Rescue Work," and Mrs. Grace Waterman one on "Social and Red Letter Days." Of the social work in the other unions very little was said, but the delegates of the Barre union were fully heard out, showing what had been accomplished during the past year.

After the journal by Mrs. Waterman an adjournment was in order, and they adjourned until the evening session.

## National Lecturer Speaks

After the adjournment in the afternoon the delegates assembled again at the church at 7:30 for their evening meeting. For the evening service nearly 60 were present and the church body instead of the vestry was used. Rev. F. F. Newell, pastor of the Methodist church, had charge of the first part of the evening's meeting. This consisted of a prayer and several hymns.

## Completing the singing of the hymns.

After the singing of the hymns, the delegates assembled again at the church at 7:30 for their evening meeting. ## "What You Ought to Know About Sufferers from the Drug Habit"

You can hardly pick up a daily newspaper or publication of any kind without you read some news of the terrible effect the drug habit has wrought on some poor unfortunate human being, who has become addicted to this dreadful habit through no fault of his own and in most cases unwillingly.

Many of our most important papers of to-day are teaching us editorially and otherwise what heretofore has been unknown to the greater majority of the public. Few, if any of us, have realized how many of our people have become sufferers from the drug habit.

## WHAT WE CAN DO FOR THE SUFFERERS

One of the great problems in connection with this campaign to stop the sale of narcotic drugs for other than legitimate purposes is what to do with those already addicted to the habit. You and every other good citizen ought to know what the Neal Treatment can do and is doing every day for these sufferers. Let us tell you about this and show you conclusively how we have helped drug users all over the world to overcome this habit.

## DRUG HABIT OVERCOME IN FROM 10 TO 25 DAYS

The perfect removal of Drug Habit is accomplished by The Neal Method in from ten days to three weeks, according to the physical condition of the patient and amount of drug being used. The average time is eighteen days.

There is positively no pain or suffering whatever upon withdrawal of the drug. This we guarantee.

Trained nurses, both male and female, in attendance at all times.

We have special rooms and accommodations for lady patients, and we provide private nurse without extra charge.

Registered physicians, who have specialized in the work, are in constant attendance.

Our Institute is the ideal resort for the business or professional man, who wishes to be entirely freed from the Liquor or Drug Habit. The strictest privacy is guaranteed, and the short time required does not seriously interfere with his business or social obligations.

Our Institute is in no way like a hospital, but rather a first-class club or hotel. Excellent service, meals served in private room, and no restrictions whatever.

Our fee for the treatment of either Liquor or Drug Addiction covers board, room and attendance. No extras.

All communications and inquiries are held in strictest confidence.

Positive proof of the efficiency of the Neal method of treatment sent upon request.

## THE NEAL INSTITUTE

982 Hanover Street Open Day and Night  
MANCHESTER, NEW HAMPSHIRE

Phone 3477-M

The audience was introduced to the national lecturer, Miss Lillian M. Phelps of Niagara, N. Y., by the county vice-president, Mrs. E. M. Denny. Miss Phelps is a very able speaker. She told of the harm and evil of the liquor habit. Her audience was intensely interested in her address and several stories of personal adventures and personal work kept their attention. Her work has progressed and many parts of the country have been traversed by her. In the West, South and in the North she has chased and driven away much evil in the "booze" line and results of her work are shown very plainly.

In Miss Phelps' own words, "Choose ye whom ye shall serve, God or liquor," the whole thing lies. From this she branched out, mostly citing instances of places where successful battles had been fought against John Barleycorn. Other parts of her address covered little incidents happening on her travels and the growing of prohibition. States, counties and even towns where liquor selling was prohibited were shown to be advanced far ahead of those where legal selling was allowed.

Praise of much strength was given to the women's temperance union for their brave fight against the intoxicating liquors and Miss Phelps said that their organization helped as much, if not more, than any other organized body to kill the sale of it. Every man and woman must work studying the conditions before that national prohibition will be enforced, she says. She also believes that a second Lincoln will have to arise and in a national way stamp out the saloons.

An offering was taken after her address, in which the money taken was to go toward temperance work. Then the benediction was pronounced by Rev. Mr. Newell.

## CANCER EXPERTS TO SPEAK IN VT.

Program of Meetings at Rutland, Burlington, St. Johnsbury and Montpelier.

Speakers of national prominence have been obtained by the Vermont state medical society for its proposed series of educational meetings on cancer to be held in the principal cities of that state early next month. The program calls for an identical series of morning, afternoon and evening meetings to be held at Rutland on June 8, Burlington on June 9, St. Johnsbury on June 10 and Montpelier on June 11. In the morning of each day a clinic will be held by the visiting physicians to which local doctors will bring patients for consultation. In the afternoon, the meetings will be for the medical profession, but the evening meetings will be open to the public and the addresses will be popular in character.

Dr. Francis Carter Wood of New York will speak at Burlington on the afternoon and also on the evening of June 9, and will take part in the clinic at Burlington on June 9 and at St. Johnsbury on June 10. Dr. Wood is the director of the cancer research work of Columbia university, which enjoys, in the George Crocker special research fund, the most considerable endowment for cancer research in this country, if not in the world. In the special laboratory building recently opened on Morningside Heights the research into the mysteries

of cancer is being pursued with all the equipment and methods known to science. One of the features of the work at the Columbia university is the facilities offered to practicing physicians to keep themselves informed as to the latest development in the methods of diagnosis of cancer in its early stages.

Dr. J. M. Wainwright of Scranton, Pa., will take part in the morning clinics at Burlington on June 9, and at St. Johnsbury on June 10, and will address the physicians at the afternoon meetings in those places and also in Rutland on June 8 and Montpelier on June 11. Dr. Wainwright has long been the chairman of the cancer commission of the Pennsylvania State Medical society, under whose auspices one of the first educational movements in America in regard to this disease was organized. Both Dr. Wainwright and Dr. Wood are directors of the American society for the control of cancer which is cooperating with the Vermont Medical society in the arrangements for these meetings.

Dr. Charles F. Dalton, secretary of the Vermont state board of health, will speak at the public evening meetings on all four days, officially representing the state health department.

Dr. W. S. Bainbridge of New York will be the principal speaker at the evening meetings at Rutland, St. Johnsbury and Montpelier.

## Dr. Osler on Tuberculosis

Dr. William Osler, one of the foremost of living medical men, formerly of Johns Hopkins, Baltimore, and now Regius Professor of Medicine at Oxford, says in his "Practice of Medicine" (1902), on page 240:

"The healing of pulmonary tuberculosis is shown clinically by the recovery of patients in whose sputa elastic tissue and bacilli have been found. In the granulation products and associated pneumoniae elastic tissue is formed, while the smaller caseous areas become impregnated with lime salts. To such conditions alone should the term healing be applied."

Many eminent medical authorities have testified to the efficacy of lime salts in the treatment of tuberculosis, and the success of Eckman's Alternative in this and allied throat and bronchial affections may be due partly to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Widespread use of this remedy in numerous cases of tuberculosis, many of which appear to have yielded completely to it—justifies our belief that it is a true and reliable remedy, and we know of many cases in which it HAS HELPED.

Your druggist has it or can get it, or you can send direct. Eckman Laboratory, Philadelphia.

## ESTATE OF NATHANIEL C. PAGE

State of Vermont, District of Washington, D. C. The Honorable Probate Court for the District of Washington, D. C. do hereby certify that the following is a true and correct copy of the will of Nathanial C. Page, deceased, as the same appears from the records of said court in writing, by the administrator, Thomas H. Cave, Jr., praying for license and authority to sell all of real estate of said deceased, for the payment of debts and charges of administration, setting forth therein the amount of debts due from said deceased, the charges of administration, and the amount of personal estate and the situation of the real estate.

WHEREUPON, the said court appointed and assigned the 15th day of June, 1915, at the probate office in Montpelier, in said district, to hear and decide upon said application and petition, and ordered public notice thereof to be given to all persons interested therein, by publishing said order, together with the time and place of hearing, three weeks successively in the Barre Daily Times, a newspaper which circulates in the neighborhood of those persons interested in said estate, all which publications shall be previous to the day of the hearing.

THEREFORE, you are hereby notified to appear before said court, at the time and place aforesaid, to show cause why you should not make your objections to the granting of such license, if you see cause.

Given under my hand at Montpelier, in said district, this 26th day of May, 1915.

FRANK J. MARTIN, Judge.
