

## A BILLION DOLLARS

It is estimated that more than a BILLION DOLLARS is hidden under mattresses, in old tin cans, tea pots, bureau drawers and carried in the pockets of the people of the United States. Every dollar of it idle.

The losses by theft and fire of these hidden hoards run annually into the hundreds of thousands—losses that might easily be prevented by depositing in the banks.

Then, too, this money is unproductive when the larger part of it should be in the banks earning interest and at the same time helping to increase the prosperity of the nation.

If you have money above your immediate needs instead of carrying it in your pocket or putting it in the bureau drawer, why not deposit it to a savings account in this bank where it will earn interest for you and, at the same time help to carry on the business of the community.

## MOTHER!

Move Child's Bowels with  
"California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation, sour bile and waste from the tender, little bowels, and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

ENERGY LOW?  
TAKE YEAST IN  
TABLET FORM

Combined With Iron and  
Other Health Builders  
—Watch the Quick Improvement in You!

Science finds that a great many people grow prematurely old and worn out because their foods lack one all-important substance called vitamins.

Ordinary baking yeast, it has been found, is rich in vitamins. Those who have eaten common yeast have, in many cases, derived splendid benefits from it. But the trouble is that only a comparatively few people can "astomach" yeast, due to its nauseating taste.

But now, at last, everyone can take yeast—any enjoy it. For, under the name Ironized Yeast, it is available in convenient tablet form, which is not only pleasant to take, but is far more effective than ordinary yeast because it contains highly concentrated brewer's yeast which is even richer in vitamins than baking yeast.

In addition, Ironized Yeast contains organic or vegetable iron (easily assimilated by the system), which for years has been prescribed as a blood builder. Thus, in Ironized Yeast, you get the benefit of two splendid tonics instead of only one.

If you have been sickly, thin and run-down generally, if you feel yourself getting old and lack the energy and ambition you once possessed, if you get tired easily, and are troubled with poor appetite, nervousness, sleeplessness—then, by all means try Ironized Yeast. It will, in most cases, bring results that are actually astonishing.

Ironized Yeast keeps indefinitely and costs about the same per dose as common yeast, but is much more effective. Each package contains 10 days' treatment and costs only a dollar, or just 10c a day. Special directions for children in each package. Sold at good druggists everywhere. Made by the Ironized Yeast Company, Atlanta, Ga.—Adv.

cannot hope ever to become strong and well again unless they have plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the mines, strong acids on iron filings. Nuxated Iron does not irritate the teeth nor upset the stomach. It is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalizes worn-out, exhausted nerves and gives you new strength and energy. Over 4,000,000 people annually are using it. At all druggists. Beware of substitutes. The genuine has N. I. stamped on every tablet. Always insist on having the genuine.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by tuning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.
