Mrs. Van B. Rector, of Copper Centre, Alaska, daughter of Mr. C. Oats, in a letter home says the summer is now opening up there. And even if it is Alaska it sure must be hot there, for while in winter it gets down to 60 degrees below zero, in the summer it runs up to 90 above. Still Mrs. Rector says she suffers less from the cold up there when it's 45 below than she did in New York state when it was only zero.

The case of D. S. Pace against Edward and Frank Killian in which the defendants were accused of breaking into Pace's store the night of May 23, had a hearing Friday morning before Magistrates Dermid and Finley, and as a result the accused were discharged.

It will be remembered that Pace's store was broken into a few weeks ago and plundered of about a hundred dollars worth of goods.

Later it was learned that a suspected box of goods had been shipped to Spartanburg, and the police at that place were notified which arrested Charlie Conder on his appearance for the box.

The goods were identified by Pace. While Police Arledge was bringing Conder here for imprisonment he acknowledged that the goods had been taken from Pace's store and charged Edward and Killian of having done the robbery while he was watching for them. After describing the accused boys, Sheriff Freeman effected their arrest in Canton and delivered them here in the county prison.

Attorney Rector and Staton appeared for the defendant, and Judge Blythe for the prosecution. From the testimony that was produced the accused were discharged and Conder was imprisoned for further trial.
