The Merchants' Association, of Raleigh, at their meeting Friday night, condemned the cities of Virginia, except Lynchburg, for their action in trying to prevent North Carolina towns from securing just and equitable freight rates. The Association also condemned the Seaboard for retaining the Shooey train.

Bettie Shaw, colored, was brought to Raleigh Tuesday from Rogers Cross Roads, in Wake Forest Township, and placed in jail charged with shooting Willis Bridges, colored, last Saturday night. Bridges and the woman were having a dispute over some money matters when the woman drew her pistol and shot him. The negro was brought to Rex Hospital where his wounds are being attended.

Taxes in Raleigh Increased 25 Per Cent.

The Board of Aldermen Friday night increased the tax rate from \$1.00 on the \$100 to \$1.25 on the \$100. The increase is in the general tax. The expenses for the coming year, according to the budget, will be \$104,981.50. The estimated receipts to meet this will amount to only \$103,400.00.

Wake Court Adjourns.

The two weeks' term of Wake Superior Court for the trial of criminal cases, adjourned Friday night. Over one hundred cases were disposed of, leaving over thirty still on the docket. The jury returned a verdict of not guilty in the case of Everett Spence, charged with killing a negro by the name of Walter Chavis in this county in July, 1906.

TWO WHITE PERSONS ARE SENTENCED FOR DRUNKENNESS

Vassie Salmon, a white woman, was tried before Justice of the Peace Seapark last night for public drunkenness and was fined \$10 and costs. Terrible Accident to Engineer

R. W. Schott

WATER GLASS BURSTS

Stream of Boiling Water Strikes a Popular Seaboard Engineer in the Eyes, Damaging Them Severely. Accident Occurred On Freight Engine Thirty Miles South of Raleigh—Injured Man at Home.

The water glass of engine No. 745, pulling a freight train, burst yesterday afternoon about 2 o'clock and sent a stream of boiling water into the eyes of Engineer R. W. Schott, damaging them severely and causing him to suffer terrible pain. The accident occurred about thirty miles south of Raleigh and the engineer was brought to this city about 4 o'clock and hurried to the office of Dr. R. H. Lewis, who is treating the injured man.

It is not known how much pressure the scalding water had, but the force was sufficient to send it through the shield Mr. Schott, who is one of the most popular of Seaboard engineers, was carried to his home, 111 Park street, and today is, of course, in much pain. It is hoped that Mr. Schott's eyes will not be destroyed.

Master Mechanic Jack Bissett of the Seaboard had the engineer of the first section of No. 64 to bring the freight train into Raleigh, while he himself brought the passenger train to the city.

TO RAISE FUNDS FOR WYATT MONUMENT.

At the meeting of the Johnston Pettigrew Chapter of the United Daughters of the Confederacy yesterday afternoon at the Soldiers' Home, several matters of special interest were brought up. A committee was appointed to have charge of raising money for the Wyatt monument. The chapter is anxious to raise as large a sum of money as possible for this cause.

A committee was also appointed to arrange for the annual lunch to be given to the Confederate veterans on Memorial Day. This lunch will be held on Saturday, May 9th this year, as the 10th falls on Sunday.

It was decided by the chapter to send a box of articles to the bazaar soon to be held in Louisville, Ky., to raise funds to aid in the erection of the Gen. Morgan monument in Louisville. All who wish to aid in this work are invited to send saleable articles to help fill the box.

The chapter also promised to give as much aid as possible to the Stonewall Jackson training school. Mrs. Josephus Daniels, the president, was in charge of the meeting. Hereafter most of the meetings will be held at the Soldiers' Home.

BRINGS COMPLAINT AGAINST MAGISTRATE

On the affidavit of Mr. J. H. Hester, of St. Matthews township, Justice of the Peace Seapark last evening issued two warrants for the arrest of Latney Hall, a negro. One is for carrying a concealed weapon and the other for assault with a deadly weapon. Mr. Hester stated that the negro, who was working for him, said he was going to quit because his employer was a prohibitionist, whereupon Mr. Hester told him that he would be a prohibitionist as long as he lived and intended to vote for the measure. With this, the negro became angered and flourished a pistol in front of Mr. and Mrs. Hester, and snapped the gun a number of times, frightening Mrs. Hester, who is in a delicate condition.

Mr. Hester said that he tried to get Magistrate N. R. Pool, of St. Matthews to issue the warrants, but he declined on the ground that he had no blank warrants. The negro followed Mr. Hester to the magistrate's office and, according to Mr. Hester, again flourished the weapon in the presence of the magistrate. No warrant was issued for Hall at that time.

Mr. Seapark issued the warrants last evening and a search for the negro has revealed the fact that he has left the country. It is not known why the St. Matthews official refused to draw up the warrants.

NEW ASSISTANT ELECTED BY BOARD

The board of directors of the state hospital, in annual session last evening, elected a steward and assistant physicians. Dr. C. L. Jenkins, first assistant physician, was re-elected; Dr. L. J. Picot, of Littleton, was elected second assistant, and Mr. Charles L. Hardesty was re-elected steward. Dr. Picot succeeds Dr. E. B. Ferebee, who has been connected with the institution for the past ten years.

The directors received the annual report of the superintendent, Dr. James McKee, covering in detail the work of the hospital. There are 403 patients in the buildings and 109 outside of the institution on probation. The hospital was found in excellent condition.

The new wing to the hospital for the accommodation of 100 patients has reached the second floor, and will be completed by early fall. No arrangements have yet been made for a building for incurables and epileptics.

Those present were Dr. R. H. Stancill, of Margaretsville; Mr. S. O. Middleton, of Hallsville; Dr. J. L. Picot, of Littleton; Dr. W. H. Whitehead, of Rocky Mount; Dr. James M. Parrott, of Kinston; Mr. Edwin Smith, of Godwin; and Dr. John Biggs, of Wilmington, the only absentee being Dr. J. G. Hunt, of Oxford who is ill.

It Does the Business.

Mr. E. E. Chamberlain, of Clinton, Maine, says of Buckle's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." Twenty-five cents at all druggists.

MINNERLY'S BIG FAMILY

Saves Truck Driver From Going to Jail as Thief.

New York, April 8.—A Roosevelt family saved Frederick A. Minnerly, a truck driver, from going to jail. Minnerly had stolen a roll of cloth. His excuse was that he had to support his wife and three children. The children and the mother were in Judge Foster's court in general sessions. Mrs. Minnerly had written a letter to Judge Foster, saying her husband had supported her and their children until he lost his job. "My children and I are the only ones to suffer," she wrote. "Your case is one of a class known

here as Roosevelt cases," said Judge Foster. "You stole to keep a home over your head. A big family and hard times are an unfortunate combination, despite the contrary views of some persons in high authority."
