The Handsomest Lady in Durham

Remarked to a friend the other day that she knew Kemp's Balsam for the Throat and Lungs was a superior remedy, as it stopped her cough instantly when other cough remedies had no effect whatever. So to prove this and convince you of its merit any druggist will give you a Sample Bottle Free. Large size 50c and \$1.

## LOOK AT THIS.

## A Fine Chance to Get a Home at Low and Reasonable Prices.

The Trinity Land company who, it will be remembered, bought the T. B. Lyon land near Trinity college only a few weeks ago, have already had the property laid off and platted into nice streets and lots, and are now ready to sell the lots to any person desiring to build. It is the intention of the company to build up a nice community out there. Lots will be sold reasonable, as it is not the purpose of this company to try to make a fortune out of it. For prices, etc., apply to J. B. Warren, general manager, or C. A. Jordan, secretary and treasurer.

## All Are Welcome (Charlotte News.)

As we understand the matter, the exclusive rule of the North Carolina Press association, referred to in an article from THE DURHAM GLOBE, could scarcely be made to apply to the arrangements made by the Charlotte Chamber of Commerce. As an organization, that body desired to do its share towards entertaining the editors and decided that its contribution should be in the shape of a banquet. The chamber accordingly made its arrangements, using its own judgment as to the variety and quality of viands, and the variety, quality and quantity of fluids to provide. It also arranged a schedule of toast, and invited speakers. All this we take it, was done in entire ignorance of the possibility that any rule of the press association might come in conflict with it.

But as the members of the association are to be the guests of Charlotte this week, our town must insist upon not being hampered in her efforts to be hospitable, and for this special occasion, we crave a little relaxation of the laws. We want to introduce Senator Vance, Captain Alexander and other visitors to the editors, and the Chamber of Commerce wants to give a cheerful evening to all. We hope Colonel Fairbrother will reconsider his intention not to come. Our people will take care of all the editors, and they and their wives and their visiting friends will be welcome. Colonel Fairbrother can keep The News company, for it (and probably it should be ashamed to say so) does not belong to the association.

## He Had Been There.

"Mr. Jones," said Mrs. Jones, looking up from the paper she was reading, "here is an excellent article on 'How to Hang Pictures.' You ought to read it." "Oh, I know how—hang 'em!" retorted Mr. Jones savagely, and then silence came like a pontiff to heal the blows of sound.—Detroit Free Press.

## Seaweed Made Useful.

The hollow stem of the species of seaweed indigenous to the neighborhood of the Cape of Good Hope was formerly used by the natives as a trumpet when dried. Still another kind furnishes the savages of some parts of Australia with vessels, many implements and even food.—Washington Star.

## In Boston.

"Who was called the father of his country, Miss Beacon?" "George Washington was called the father of his country; but this was an erroneous idea, for it has been proven that to Adam belongs the ignominy,"—Life.

Hugh O'Donnell was released yesterday morning. Ten thousand dollars bail was demanded which was promptly furnished. Judge Magee said that it was apparent that O'Donnell was not an actual participant in the action, although a sympathizer with the strikers engaged in it. The evidence was sufficient to justify an indictment for murder in the second degree.

The need of a perfectly safe and reliable remedy for the peculiar diseases of summer is universal. As a remedy for the household, office or the farm, on shipboard, and for travelers by sea and land, Winkemann's Diarrhoea and Cholera Remedy has proved its inestimable worth in the prompt relief and cure of all disorders originating in the stomach and digestive system, such as cholera, cholera morbus, diarrhoea, cramps, etc. Serviceable under all conditions, and always ready for use; is perfectly safe. Price 25 cents at all druggists.

One dollar a year will cover your doctor's bill if you take Simmons Liver Regulator.

**EVERYTHING IN GROCERIES**  
**Ahead in Everything in Groceries!**

It will pay you to remember that things may go wrong in the kitchen without your knowing it. What you think is right may not be right. In groceries, as in other matters, there are the good, the bad and the indifferent. The bad you don't want at any price; the indifferent is certainly not what you want when it is just about as easy to get the best as it is to be exasperated with the worst. We say we are ahead of everything in groceries. What we mean is that you can rely upon us not only for the choicest varieties of staple and fancy groceries, but for a service that will be just as satisfactory in point of cost as it is in point of quality.

Our motto is W. K. T. B.
