THE C. F. & Y. V.

The Decree of Judge Purnell Confirming the Sale of This Road to the Atlantic Coast Line, Filed Here Yesterday-Thirty Days or Reasonable Time Allowed to Comply With the Terms of the Sale-Order for the Couveyance Deeds

The Messenger yesterday mentioned that at Raleigh on Friday Judge Thos. R. Purnell, of the United States district court, issued a decree confirming the special masters' sale of the Cape Fear and Yadkin Valley railway to the Atlantic Coast Line, according to the decree of Judge Charles H. Simonton, of the United States circuit court, in the case of the Farmers' Loan and Trust Company, of New York, trustees for the bond holders against the Cape Fear and Yadkin Valley Railway Company. et al, and Dr. Wm. A. Lash, trustee, against the Cape Fear and Yadkin Valiey Railway Company et al. Attached to the decree is a communication to Judge Purnell from Judge Simonton stating that he is sick and unable to give his attention to business and therefore requesting Judge Purnell to act for him and enter such decrees and orders as to him may seem proper during Judge Simonton's absence and inability.

Judge Purnell's decree confirms the sale at \$3,110,000 for the Cape Fear and Yadkin Valley railway, its equipment, property, assets, franchise, etc., sold under the foreclosure decree, and \$15,000 additional for certain motive power purchased since the road went into the hands of the receiver. The decree also sets forth that the purchasers bought | paper published by Mr. H. I. McDuffie, the C. F. & Y. V. railway for the Atlantic and Yadkin Railway Company, a corporation be organized under the laws of North Carolina, and it is ordered that as soon as all the conditions of the decree of sale and the terms of the sale are complied with that the special masters, the Cape Fear and Yadkin Valley Railway Company, Dr. W. A. Lash, trustee, the Farmers' Loan and Trust Company, and General John Gill, receiver, shall sign seal, execute, acknowledge and deliver a proper deed or deeds of conveyance to the purchasers. On exhibition of the proper deed masters they are ordered by Judge Purnell's decree to turn the Cape eFar and Yadkin Valley railway over to the purchasers so they can take possession the date of filing this decree the pur- for Cumberland. It has given satischasers are allowed thirty days or such reasonable time as the court may elect to comply with the condition and terms of the sale. With regard to liabilities the hands of the receiver, Judge Purnel's decree requires the purchasers to satisfy and discharge the same if the the same. This was one of the conditions of the decree of sale.

Judge Purnell orders that such monies as may be paid by the purchaser to the special masters shall be deposited in National banks in North Carolina, in such amounts as will make them safe, until further order of the court,

CABLE BROKE

Giant Weights of the First Presbytes rian Church Clock Crashed Through Ceiling and Floor

The half-inch wire cable supporting the giant weights of the clock of the First Presbyterian church, broke Friday, and the weights fell with irresistable fury, crashing through the ceiling of the second story, directly over the lobby at the main entrance of the church, and sinking deep into the floor. The accident happened late in the afternoon, while the clock was being wound up. Consequently at that time there was a great strain on the cable, greater than at any other time.

The weights were seven in number, and weigh between 500 and 1,000 pounds. They were located below the belfry floor, suspended from the clock by the cable, and it was from this height that they fell. The accident was due to the rusty condition of the cable, which has been in service for about thirty years, and happened when it did on account of the strain produced by the winding operation. The cable parted just about where it was connected with the weights, and consequently its dilapidated condition at this point could not be seen, as it was hidden from sight by the foor.

The weights upon falling cut a large hole through the ceiling, but the damage to the lower floor was lessened by the resistance offered by the matting

Mr. George Honnett, who has the clock in charge, has already had the damage to the ceiling and floor repaired and the weights and broken cable removed. He will next, within about a fortnight, have the weights replaced ble, and until then the clock will net strike, but otherwise it will run and keep just as good time as before. The broken cable was an old fashioned one.

ELECTRIC RAILBOAD

It is Probable That the Wilmington Seacoast Railroad May be Converted Into a Trolley Line-A Bill Before the Legislature With That View

Our Raleigh dispatches last night state that in the house of representatives yesterday Representative M. S. Willard introduced a bill to revise the jury list of New Hanover county and a bill to amend the charter of the Wilmington Gas Light Company by allowing it to consolidate its electric light plant with the Wilmington Seacoast Railroad Company.

For some time there has been talk of converting the Seacoast Railroad into an electric road, and the bill authoriz- on full time. Therefore, he thinks timing consolidation is with that end in ber of all grades wi,'l bring good prices view. The matter has not assumed any all the season, for it will take between definite shape, but the opject in securing the passage of the act authorizing consolidation is to put the two companies in a position to consolidate if

it is so decided. We learn that the question of consolidation will come up at the annual meeting of the Wilmington Seacoast Railroad Company to be held next month,

A LITTLEFAMILY DIFFERENCE

The Dispensary Divides the Household-Payetteville to Have Another Paper-Balletin of Local News

(Correspondence of The Messenger.) Fayetteville, N. C., January 14. Ne little of earnest talking and heated argument, intensified now and is going on here in social, business and political circles on the burning question of dispensary or no dispensary. A largely signed petition for the repeal of the law establishing the dispensary has already been sent to Raleigh; and, looking over the names thereon, it citizens influential in business, politics and society were in the ranks of the opposition. But the dispensary advocates are aggressive and full of fight. Of course they use the stereotyped moral argument always in stock in such discussions and many of them very strong arguments; but, besides, they point to the fact that the net profits of the dispensary for the past eighteen months have been considerable over \$10,000, a large part of which goes to swell the revenue of town and county. Their opponents contend that these very monthly increasing profits furnish conclusive proof that the dispensary is augmenting instead of diminishing liquor drinking, and that this revenue by ne means compensates for the damage done to the general trade of Fayetteville for the past eighteen months. The prevailing impression seems to be that the legislature will pass an act re pealing the dispensary bill provided a majority of the qualified woters of the

county favor such repeal. "The Daily Reporter," an evening will make its appearance next Monday. Mr. McDuffie is a veteran newspaper man, well trained in all the details of the business. May the field furnish a profitable harvest for both The Observer and The Reporter.

The Bank of Fayetteville's officers for the ensuing year are: Dr. H. W. Lilly, president; Messrs. J. R. Williams, vice president; J. C. Haigh, cashier; G. G. Mymover, teller; E. J. Lilly, bookkeeper, H. J. Marsh, chief clerk; A. B. Williams, Jr., assistant clerk; Colonel

C. W. Broadfoot, attorney. At their meeting yesterday the stockor deeds of conveyance to the special Lilly, J. H. Marsh and J. W. McNeill; tion, composed of all the students in Colonel W. S. Cook, and Messrs. J. W. Hollingsworth, J. P. Thomson and G.

UNIVERSITY ATLILETICS

(Correspondence of The Messenger.)

The Severance of Relations With the University of Virginia

Chapel Hill, January 14. The University of North Carolina and the University of Virginia have played their last game as opponents. then by crimination and recrimination, This university through its Athletic Association has severed all athletic relations between the two colleges. Carolina's reason is because of Virginia's treatment of our foot ball eleven last Thanksgiving day in Richmond; because of their repeated failures to keep up to the signed contract between would seem as if nine-tenths of the othe two and because of their refusal to enter into a new and more binding contract. The committee appointed by the athletic association says: "Under existing circumstances the athletic association of the University of North Carolina severs all athletic relations with the University of Virginia. This action was brought about by the conduct of the latter at Richmond last Thanksgiving day, and because they have subsequently ignored all proposals for agreements governing future athletic relations between the said univesrities." (Signed)

J. S. CARR, Jr., Chairman. W. S. WILSON, S. E. SHULL, E. V. PATTERSON, C. S. ALSTON, W. L. KLUTTZ, Jr.,

R. A. WINSTON,

Authorized Committee. Early in December last Mr. J. S. Carr, Jr., president of the athletic association here, wrote under the direction of the advisory committee to Virginia, telling them that unless there was some agreement as to players there could be no further games.

Virginia has failed to show willingness for such an agreement and therefore all athletic relations between the two are severed and the base ball games already scheduled for this spring are cancelled.

While this severing of relations in athletics between the two greatest universities in the south is to be deplored. yet, knowing the facts throughout, it was the only course left for Carolina to pursue. Virginia has always been slow to enter contracts and has repeatedly broken them. Carolina has done her best to wipe out the old holders of the Fayetteville Woodenware marks and to make entirely new agree-Company elected the following direc- | ments, but again Virginia has failed to tors for the ensuing year: Drs. H. W. do her part. So the athletic associaboth foot ball and base ball relations with them.

After this Carolina will likely give more of her games to the southern colnext Thanksgiving's foot ball game, will get it. At the same meeting a committee of seven was appointed to consider the advisability of joining the sociation, composed of most of the best southern colleges and universities. While as yet that committee has not reported it is rumored that Carolina will join. A series of base ball games have already been arranged with prom-The above action by this university has stirred up the athletic world in the

py the place in North Carolina athletics formerly held by Virginia. This Inter-Collegiate Association does not only encourage base ball and and charms under the severe garb of foot ball, but also track athletics. That is a feature which has not been develop ed here much, but perhaps if Carolina joined with her southern sisters track teams would become a necessity and,

south and hereafter Georgia will occu-

hence, new athletics developed. Whatever is done will be watched with great interest, especially in the south, for if Carolina should toin the Southern Inter-Conegiate Athletic Association practically all the large south ern colleges, except Virginia, would be members and athletics would grow more than heretofore.

BRADSTREET'S REPORT

The Strength in Prices of Staples Con tiques-Heavy Export of Grain-Iron Mills Crowded With Orders-Consol idations in Several Industries

New York, January 13.-Bradstreet's tomorrow will say: Perhaps the most notable feature of the trade situation at present is the strength of prices of nearly all staples, particularly of cereals, cotton, iron and steel, which have apparently gained further ground since the first of the year.

Explanation of the strength of wheat

is, of course, found in the good cash demand which seems to meet any slight reaction in values and which has placed the price at a point as high as at any previous time for three months past. This cereal and corn are both in exceptionally good demand abroad, judging from the large exports reported, and good foreign demand is, likewise, the secret of strength in cotton, shipments of which continue heavy. A feature of dealings in this staple is the ready demand for good grades and the indifference manifested toward low grades, which, owing to the bad weather at the south, are in larger than usual supply. Cotton manufacturers, indeed, have been complaining for some time of the low spinning quality and waste of the present crop.

While large sales of iron and steel are not so numerous as in recent weeks. further advances in prices, notably of pig iron, steel billets, plates and rods, bear testimony to the eagerness of buyers to secure supplies and the almost corresponding indifference of the trade toward new business, order books of most of the mills being reported well filled. Pig iron production is the heaviest even known, but stocks show further depletion. The successful floating of a number of large consolidations in this industry of late has naturally stimulated interest and discussion in further consolidations.

The formation of syndicates, however, is not confined to iron and steel, because within the week there are reports of a projected great tobacco syndicate. having for its object the securing of control of the entire Cuban supply this year.

Among other rumors of consolidations is the story from the Pacific coast of a proposed consolidation of salmon can-

Tin plates show the effect of the consolidation in this line in an advance from the low figure reached some months ago. The strength of cotton goods is still a feature of the dry goods market, but the hoped for advance in leges. Georgia has already written for raw wool has not yet materialized and the trade in manufactured woolens is still slow.

The feeling of confidence in the lumber trade is unabated and an active demand is looked for in the spring, the strength of hardwoods being a particular feature in this connection. Prices for boots and shoes are held steadily and the outlook is regarded as favorable. Leather too, is firm and hides are in sympathy.

In other industries activity is a feature, a notable instance being the heavy wessel tonnage now being built both at the lakes and on the seacoast, aggregating for mercantile and national purposes a total claimed to be far in excess of any previous period in the country's

Wheat, including flour, shipments, for the week aggregate 5,647,071 bushels, against 6,860,863 bushels last week, 5,299,517 bushels in the corresponding week of 1898, 3,948,150 bushels in 1897, 3, 202,124 bushels in 1896 and 3,564,458 bushels in 1895. Since July 1st this season, the exports of wheat aggregate 134,036,048 bushels, against 137,742,801 bushels last year.

Corn exports for the week aggregate 3,297,072 bushels, against 4,844,288 bushels last week, 4,641,750 bushels in this week a year ago, 3,757,281 bushels in 1897, 3,336,017 bushels in 1896 and 661,257 bushels in 1895. Since July 1st, this season, corn exports aggregate 83,091,999 bushels, against 88,444,486 bushels during the same period a year ago.

Business failures for the week show an increase over the preceding week, numbering 394, against 237 last week. but comparing with 323 in this week a year ago, 478 in 1897, 412 in 1896 and 378 in 1895.

Mount Olive Jottings

(Correspondence of The Messenger.) Mt. Olive, N. C., January 13. Mr. John Farrior, of Charlotte, N. C. arrived in the city yesterday to visit relatives near here and at Kenansville, N. C., before returning home.

Mrs. J. G. Kornegay, of Portsmouth, Va., is spending this week as the guest of the family of Mr. C. F. R. Korne-

Miss Fannie L. Jones, one of Mt Olive's accomplished daughters, left Tuesday to visit her sister, Mrs. Geo. Edgerton, at Guilford College, N. C. Mrs. B. F. Boykin, of Wilson, came Wednesday to visit Misses Lelia and Maggie Aaron.

Rev. J. T. Boywell and family arriv-

ed here Tuesday, where Rev. Mr. Bagwell will fill his-regular appointments on the Methodist circuit in the future. Mr. Bagwell has many friends here. who gave him and his family a warm reception on their arrival here Tuesday. Beyond a doubt, Rev. Bagwell is the best preacher that Mt. Olive has to keep him here longer than one year.

Mr. B. W. Southerland returned and featureless all the forenoon; closed from Richmond, Va., with a car load of horses and mules and has them in his new brick stables, which are nearing completion and will add a neat appearance to Front street, when they get the finishing touches. Rev. P. McIntyre, of Faison, closed his services of a week of prayer here

Sunday night with one accession to the church, Mr. A. S. Grady. Mr. R. L. Kornegay has moved his family from his farm in the country to this city. His numerous friends well

SITUATION AT MANILA

still Critical-American Troops Called to Arms on Reported Uprising-Spanish Report of Mutiny of American

Manila, January 13.-The situation is undoubtedly critical, but Major General Otis has it will in hand and there is no such certainty of trouble as many believe.

The rebels are concentrated on the outskirts of the town and their leaders have issued strict orders that they shall act only on the defensive. An accident might precipitate rouble, but the idea of a rebel attack upon Manila is ridiculous, as the Americans absolutely control the position.

Aguir o has republished the second managesto, in reply to the proclamation of General Otis which was recalled on its first appearance, but it has proved ineffectual. On Wednesday a false alarm, due to

trivial incidents occurring simultane-

ously in opposite parts of the city, led

to a general catt to arms of the United

States forces. In fifteen minutes the

entire city was covered. The promptitude of the Americans, while it created a scare for the moment, effectually restored confidence throughout Manila and dispelled the excitement due to a passing fear on the part of the citizens that an outbreak was imminent. It is possible that the Philippinos, after the diplomatic conferences that have been had between the representatives of General Otis and Aguinaldo, have finally come to understand that 5 1-16 the cautious and conservative policy of the Americans is not due to fear, and that they will accept the inevitable with good grace. It is evident that at present they are unable to appreciate the full meaning of the independence demanded and that, when

> Madrid, January 13 .- The government has received the following official dispatch from Manila:

> they do understand its extent the

American propositions will be accept-

"The American troops here, which were ordered to Hollo, mutinied, and refused to start. General Miller has been ordered to abandon Iloilo and return to Manila. All the American troops have been ordered to concentrate here, the situation being of the gravest character."
