

SHIP SUBSIDY LAW

Bankers Pledge Influence For its Enactment.

CURRENCY LEGISLATION

No Action Taken on Report of the Committee.

The Report Followed Suggestions Made by Secretary Shaw for an Emergency Currency—Several Changes Suggested, Which it Might be Advisable to Make by Legislation. Bankers Favor Government Subsidies for Upbuilding of the Merchant Marine—Five Minute Talks on the Business and Prosperity of the Different Sections of the Country.

Washington, October 12.—The American Association of Bankers today put itself squarely on record as favoring government subsidies for the upbuilding of the merchant marine. Resolutions reviewing the growth of American commerce and the decline in American shipping, and pledging the association to throw the weight of its influence towards the enactment of a ship subsidy law were presented by a rising vote, in which it was estimated that three quarters of the delegates took the affirmative side.

Robert J. Lowery, of Atlanta, the author of the resolutions spoke in their favor.

M. Fletcher, president of the German National Bank of Little Rock, Ark., opposed subsidies for any American industry. This declaration evoked first applause on the subject. He hoped the resolutions would be defeated.

Upon a rising vote the resolutions were agreed to.

The resolutions recite that the members of the association are deeply interested in the commercial and industrial interests of the whole country; that it favors and most respectfully urges upon Congress the passage of some measure to foster and encourage the upbuilding of the American merchant marine; that the ship subsidy measure which has received the consideration of Congress is favored; that members of the association recommend and urged upon their respective Senators and Congressmen the necessity of action; and that as an association, Congress be memorialized with a copy of the resolutions.

Report of the currency committee was received, but no action taken thereon. The report followed suggestions made yesterday by Secretary Shaw in his address before the convention for an emergency currency. Former Representative Pugsley, of Peekskill, who submitted the report, expressed the opinion that Congress should enact financial legislation should the bankers present a united demand for some specific measures. The report outlined several changes in the system which it might be advisable to make by legislation.

It was given as the opinion of the committee that such legislation should provide that United States notes, or legal tenders, should be retired if practical. Also that a sufficient reserve fund should be set aside in the United States treasury to provide for the redemption in gold of about \$600,000,000 of silver outstanding; that the secretary of the treasury should have discretionary power to deposit in national banks such portion of the surplus fund in excess of \$300,000,000 whether derived from customs receipts or internal revenue as he may deem proper, to prevent absorption of money by the treasury, the issuance in times of great stress of supplemental currency, along the lines suggested by Secretary Shaw, so as to appear identical with the present national bank notes, but heavily taxed so as to secure its retirement as soon as stringent conditions had passed; this currency not to appear as any new form of money, but to be guaranteed by the government, and banks holding fifty per cent. of the capital in government bonds to be permitted to issue the supplemental currency in limited amounts.

An address by Walker Hill, president of the Mechanics American Bank, of St. Louis, on the practical benefits of membership in the American Bankers Association was delivered.

Five minutes description of the business and prosperity of different parts of the country were indulged in by the convention for a half hour, when adjournment was taken until tomorrow morning.

The convention was invited to meet in Detroit, Mich., in 1907. No action was taken.

Cruiser Charleston Soon to Be Placed in Commission.

Washington, October 12.—The cruiser Charleston, the latest addition to the navy will be placed in commission on the 17th instant, with Captain Herbert Winslow as her commander. The Charleston is a protected cruiser of 9,700 tons displacement, and identical in design and dimensions with the Milwaukee and St. Louis, now building. The contract calls for a speed of 22 knots. The Charleston will put to sea for a shakedown and for a drill for her crew, after which she will undergo several tests and trials to which vessels of the navy are subjected after coming from the hands of the contractors.

WOMEN IN THE CARTER CASE

Objection Made by Defendant to Introduction of Certain Testimony—Refuses to Disclose Names.

Chicago, October 12.—Objection was made today by counsel for Captain Oberlin M. Carter to introduction of testimony showing Carter's alleged relationship with certain women before he was implicated in the alleged contract frauds against the government.

Attorney Stone declared that he had previously notified the government's attorneys that he would instruct the witness to refuse to answer questions concerning women in the case.

"If this is to be made a woman case," said Attorney Stone, "you will have to go to court for a ruling. I make no objection to questions concerning women without character, but unless the court orders I will object to dragging in the names of women we consider of good character."

Attorney Irwin had mentioned checks for \$1,400 and \$1,000 paid on order of R. F. Westcott, Carter's father-in-law. Carter said the checks were drawn on behalf of a woman, "at the request of Westcott."

"Why do you object to telling the names of women in this particular transaction?" asked the attorney.

Captain Carter replied with spirit: "I don't propose to mention in this case names of whom I hold in high esteem, because the matter may be distorted by some people detrimental to the character of the women. This was a practical matter between Westcott, other persons and myself."

Carter admitted that he was at the St. Nicholas Hotel, Cincinnati, September 24, 1894. He was asked if he had registered as Henry Dexter. He declared that he did not recall whether he had so registered or not. It was here that Attorney Stone, for Captain Carter objected to dragging the names of women into the case.

HEARST NAMED FOR MAYOR

Nominated by Municipal Ownership League and Allied Organizations.

New York, October 12.—William Randolph Hearst was nominated for mayor of New York tonight at a convention of the municipal ownership league and allied organizations, held in Carnegie hall. The convention was a popular one, the public generally being invited. The accommodations of the big hall was taken to the limit and the crowd outside of the building was estimated at several thousand.

Mr. Hearst was nominated several days ago by the committee of seventeen of the municipal ownership league, and accepted tonight's action being in the nature of a ratification. There were a number of informal speeches during the meeting, in all of which the present city administration and the candidates on the Democratic ticket were sharply attacked.

The platform demands "the immediate establishment and operation by the city of a plant for the sale and distribution of gas to all citizens," at half the price now charged; the construction of subways by the city and their operation by the city, and, in connection with subways, the construction of adequate pipe galleries which shall remain the property of the city; an extension of the system of direct employment of labor by the city on public works at the prevailing rate of wages for an eight hour day."

YOUNG LAWYER ENDS HIS LIFE

Fearful to Face Trial on Indictments Charging Conspiracy and Grand Larceny.

New York, October 12.—Rather than face trial on the indictments charging him with fraudulently taking money from the Weiss estate, Armatage Matthews, lawyer and secretary of the county Republican committee, suicided today by jumping from a window in his apartment to a stone paved court yard. He struck on his head, fracturing the skull and died in a short time. Matthews was a young man, had advanced rapidly, both in the practice of his profession and in politics. He was a friend of former Governor Black and of Abraham Brainerd, and they were loyal to him in his trouble, acting as legal advisers and doing all they could to aid him to obtain the change of venue from this county, for which he appealed.

The change of venue was denied yesterday and trial for the case was set for today before Justice Davy in the criminal branch of the Supreme court. Early this morning Matthews received a special delivery letter. After reading it, his house-keeper heard him go to a bathroom and open a window. A few seconds later he jumped to his death. Several tenants in a house near Matthews' apartment saw him jump. A doctor was hurriedly summoned, but could do nothing and Matthews died in a few minutes.

Matthews was indicted last May on charges of conspiracy and grand larceny, growing out of the looting of the Weiss estate of which David Rothschild, wrecker of the federal bank, was administrator.

OSBORNE TO OPPOSE JEROME

Former Assistant District Attorney Nominated for District Attorney by Democratic City Convention.

New York, October 12.—James W. Osborne, formerly assistant district attorney under District Attorney William Travers Jerome, tonight was nominated for district attorney of New York county by the Democratic city convention held in Tammany Hall. Mr. Osborne accepted and will be one of the opponents of Mr. Jerome, who is making an independent campaign for re-election.

Other nominations made by the Democratic convention tonight included:

For justices of the supreme court: Henry Gildersleeve, George L. Ingraham and Joseph E. Newburger.

For sheriff, Nicholas J. Hayes. The platform adopted was an endorsement of the one adopted last week by the Democratic city convention.

NEW YORK HAS EASY VICTORY GOVERNOR WRIGHT TO RETIRE

Philadelphia Americans Defeated by Score of 9 to 0.

COAKLEY GOT POOR SUPPORT

American Leaguers Put Up a Poor Exhibition of Ball Playing—Only One Philadelphia Reached Second Base. Mathewson Pitched a Magnificent Game—Game Today Will be Played in New York.

Philadelphia, October 12.—It was a New York today in the third game for the baseball championship of the world between the National League champions and the American League pennant winners, the visitors scoring nine runs while the home team failed to tally. The series now stands 2 to 1 in favor of New York. Mathewson pitched another magnificent game, the Philadelphiaans hitting him for only four singles—the same number of hits they made off him on Monday. Only one home player reached second base. Coakley, the former Holy Cross college pitcher received poor support. The American leaguers putting up one of the worst exhibition of fielding they have been guilty of on the home grounds. Murphy was the chief offender. He fumbled three grounders at critical moments and Hartzel dropped a fly ball. The usual good headwork of the home players was missing. New York played an easy game.

New York started off with a ruse in the first inning, scoring two runs but excepting a miss by Bertie of McGinn's fly in the third inning they went out in order in the second, third and fourth innings. The fifth inning was a distressing affair for the home rosters. Mathewson went out on an easy grounder to M. Cross. Bresnahan was given a base ball. Murphy fumbled Browne's grounder, Bresnahan going to third and Browne took second on the throw to catch Bresnahan at third. Donlin was purposely given four balls, filling the bases. Then Murphy fumbled McGinn's easy grounder, Bresnahan scoring. A single by Mertes to right sent Browne home. Dahlen forced Mertes at second on which play Donlin scored and a moment later Dahlen stole second while Coakley had the ball. McGinn scored the fourth run of the inning on Devlin's single, Dahlen going to third. The Philadelphia signals went wrong as Devlin stole to second and Dahlen slid across the plate with the fifth run. Gilbert the ninth man up in the inning sent a fly to Lord. Powers relieved Schreck behind the bat in the sixth inning. Not a New Yorker got to second or base after the fifth until the ninth, when the visitors scored two runs.

Of the thirty-two men who faced Mathewson, nine reached first. Hartzel, the first man up in the first inning, was safe on Devlin's fumble of his grounder. He stole second and was caught between the bases on Davis' fielder's choice. Seybold got to first in the second on Mathewson's only base on balls and was forced out.

In the fifth M. Cross singled and was left at first. In the seventh Davis singled and was thrown out, going to second after a foul fly had been caught. Seybold singled in the same inning and never got away from first base. In the eighth Coakley was hit by a pitched ball after two were out and the man who followed was an easy victim. With two out in the ninth Captain L. Cross singled and Seybold ended the game by striking out.

The day was cool and raw for baseball. The receipts were \$3,348, and the player's share \$4,507. The total attendance for the three games is 53,238, and the total receipts \$40,072.

The teams will play in New York tomorrow and Saturday. Plank and Powers will be the Philadelphia battery tomorrow.

NEW YORK.

MAY ENTER POLITICS IN TENN.

Understood That the Bond Required Will be \$8,000—Writ of Habeas Corpus Granted Yesterday and Will be Heard by Judge Allen This Morning at 10 O'Clock.

Washington, October 12.—By reason of what appears to be dissatisfaction with the situation in the Philippines, Luke E. Wright, governor general of the Philippines and president of the Philippine commission will retire from that position about the first of December. General Wright is expected to arrive in the United States during that month, and is entitled to six months leave of absence prior to the formal relinquishment of his labors as governor general. It is understood that he expects to return to Memphis, Tenn., to resume the practice of law. President Roosevelt and Secretary Taft, it is believed, practically have decided upon the successor to General Wright, but no intimation has been permitted to become public as to his identity. It can be stated reasonably definitely that General Wright's successor will not be a man now connected with the commission.

Governor Wright and Mrs. Wright, it is said, have not been thoroughly acquainted with their environment in the Philippines, although the general all-around manifested a deep interest in his duties, and in the development of the resources of the islands. Recently General Wright has not been in perfect accord with some of the plans proposed for the benefit of the islands, but it cannot be said at this time that that is the reason for his retirement from the office of governor general.

CAUSES SURPRISE IN MEMPHIS

Friends of Governor Wright Not Aware of His Intention to Retire From Office.

Memphis, Tenn., October 12.—Much interest was manifested here today in the Associated Press dispatch from Washington stating that General Luke E. Wright, governor general of the Philippines, would soon retire from office. A rumor of his retirement recently reached Memphis, but close friends of the governor denied any knowledge of such action. Friends of General Wright expressed the opinion that he may enter the race for United States Senator, or governor. Eldridge Wright, a son, said the news of his father's early retirement was entirely unexpected by him. He would not discuss the report of General Wright's probable entry into state politics.

BADLY WOUNDED

Accident on a Government Boat—Two Scalded in the Fire Room.

Norfolk, Va., October 12.—Michael Marra, chief water tender, and Patrick Salsberry, second class fireman on the United States torpedo fleetman at the Norfolk naval hospital seriously scalded as the result of an accident on the Stockton while that vessel was out from this yard on a five days cruise.

The two men were in the fire room when a tube blew out and a draught from above caused the men to be scalded by the dry steam which enveloped them and burned by the fire from the boiler which was forced out from below.

The Stockton was but little injured by the accident.

GARVIN NOMINATED AGAIN

Will Make Race for Governor of Connecticut—Platform Demands Free Trade.

Providence, R. I., October 12.—Former Governor L. F. C. Garvin was today nominated for governor by acclamation by the Democratic state convention. The remainder of the ticket also was nominated by acclamation.

The platform declares that "as New Englanders we protest against a subservience of her interests by her Republican representatives in both houses of Congress to the demands of the middle west, and we join the Democrats of Massachusetts in demanding freer trade for our natural markets of sale and purchase across the Canadian border."

It pledges the support of the Democrats of Rhode Island to any measures proposed by Roosevelt may recommend "for an honest reduction of the tariff, with the sincere hope that he will take counsel of the people and not of official advisers who under the guise of United States Senators represent the selfish greed of the few and counsel delay."

The President is congratulated for his recommendation of legislation for control of the railroads of the country originally introduced into Congress by Democratic representatives and advocated in Democratic platforms."

N. AND W. STOCKHOLDERS

Annual Meeting Held Yesterday Board of Directors Meets Later and Elects Officers of the Road.

Roanoke, Va., October 12.—The annual meeting of the stockholders of the Norfolk and Western railroad was held in the general office of the company's building here at noon today. Eighty-four per cent. of the stock was represented.

There were two changes in the board of directors. J. D. Thayer was elected to fill the vacancy occasioned by the death of S. M. Provost, of Philadelphia, and Parker Shortridge, resigned was succeeded by William G. McDowell, of Philadelphia. The directors as they stand are as follows: L. E. Johnson, W. H. Barnes, John P. Green, James McCrea, Sempel Rea, Henry Fink, Joseph L. Doran, Victor Morawetz, William G. McDowell, Walter P. Taylor and J. B. Thayer. After the stockholders adjourned the board of directors met and elected all the officers as follows:

President—L. E. Johnson.
Chairman of Board—Henry Fink.
Vice President—William G. McDowell.

Secretary and Assistant Treasurer—E. H. Alden.
Treasurer—Joseph B. Lacey.
General Manager—N. D. Maher.
Comptroller—Joseph W. Cox.
Freight Traffic Manager—T. S. Davant.

General Freight Agent—J. R. Ruffin.
General Passenger Agent—W. B. Bevil.
General Superintendent—A. C. Needles.

Purchasing Agent—E. T. Burnett.
General Solicitor—Joseph I. Doran.

They also endorsed the general improvement schemes of President Johnson and the management was authorized to go ahead with double-tracking and add new equipment as needed.

President Cassatt, of the Pennsylvania railway was present at the meeting and expressed himself as both surprised and pleased with the development in Virginia and the splendid condition of the Norfolk and Western. This was President Cassatt's first visit to this section of Virginia.

E. C. Fink, the steel magnate, was also a visitor. He is much interested in the coal fields of West Virginia.

The Pennsylvanians left at 1:30 for the east. They will go from Petersburg to Richmond and thence to Washington and home.

President Johnson and Mr. Fink left for Cincinnati to attend several meetings of corporations that are a part of the Norfolk and Western.

CHARGES OF CHEAT AND FRAUD

Warrants Sworn Out Against Members of a Former Administration Charging Conspiracy Against the City.

Philadelphia, October 12.—The administration of former Mayor Samuel A. Ashbridge was brought into the local political turmoil when warrants were sworn out today for the arrest of Abraham L. English, who was director of public safety during the term of Mayor Ashbridge, and four others, charging them with conspiracy to cheat and defraud the city in connection with the execution and carrying out of the contract for the erection of a small police hospital, which is one of a group of buildings forming the new municipal hospital. The other accused men are John W. Pennington and Henry E. Atkinson, of the contracting firm of Henderson and Company; Philip Johnson, a former city official and brother-in-law of Israel W. Durham, leader of the local Republican organization, and James D. Finlay, a cousin of Durham and a former inspector at the new municipal hospital.

Not identified with the prosecution will make a statement relative to the manner in which the city is alleged to have been defrauded. The warrants implicate "others to the deponent now unknown" and there is much speculation as to the identity of the unknown men.

The contract for a small police hospital was awarded to the Henderson firm by Mayor English in 1903, the firm's bid being \$142,669.

Two Schooners in Collision.

Norfolk, Va., October 12.—The schooner General Levi Harris was in collision near Lambert's Point today with an unknown outbound schooner, and had bowsprit carried away and her foremast torn from the rigging. The schooner that struck the Harris was coal laden and proceeded to sea uninjured. The Harris was bound from Pinney's Point to Newport News and was towed here for repairs. The collision was unavoidable.

Federal Warships in Commission.

New York, October 12.—The United States battleships Maine, Missouri, Kentucky, Kearsarge, Alabama, Illinois Iowa and Massachusetts, of the North Atlantic fleet sailed from New York today for Hampton Roads.

Newport, R. I., October 12.—The armored cruiser squadron, consisting of the West Virginia, flagship, Pennsylvania and Colorado went out to the coaling station at Bradford today. It is expected that the vessels will sail southward after coaling.

Sudden Death of Prince Sergius Troubetsky.

St. Petersburg, October 12.—Prince Sergius Troubetsky was stricken with apoplexy tonight when attending a conference of M. Glasoff, minister of education. He died in two hours. Prince Troubetsky was regarded as the foremost liberal in Russia. For a large time he was president of the Zemstvo congress of the government of Moscow.

Record.

Newport, R. I. October 12.—The remarkable success which attended the recent target practice of the new cruiser Colorado was shown in the figures given out today by an officer of the ship. It is claimed that the record has not been equalled by a warship in the world. With the six-inch breech loading gun at a range of 3,500 yards the target being of triangular canvas, forty shots were fired and forty hits were made.

Ten shots were fired from each of the four 8-inch breech loading rifles and but three misses were recorded.

QUARANTINES BEING RAISED

Most Important Question to Infected Cities.

FEVER IS NOW DISAPPEARING

There is Steady Reduction in the Number of New Cases and Frost is Stamping Out the Disease—Restrictions on Travel Being Removed. Summary of the Situation.

New Orleans, October 12.—Report to 6 p. m.:

New cases, 13; total to date, 3,261. Deaths, 2; total, 419. New foci, 3. Cases under treatment, 164. Cases discharged, 2,678.

With only fifteen new cases and two deaths, and a steady reduction in the amount of work necessary to bring about a final eradication of the fever in the city, local interest has passed from the fever to the quarantine question. Dr. White is in Mobile tonight, conferring with the local authorities and Saturday he will meet the Mississippi authorities, to discuss the quarantines.

Another new point of infection was reported in the state today, one case having been discovered in Franklin, St. Mary parish, the home town of Senator Foster.

SUMMARY OF FEVER SITUATION IN MISSISSIPPI

Jackson, Miss., October 12.—Last night's frost caused the relaxation of many absolute local quarantines today. Another frost is promised for tonight. It is likely that another week or ten days will show all quarantines lifted. The summary from infected points is as follows:

Hamburg, no new cases; one death; two discharged; three critical. Vicksburg, two new cases; no deaths. Port Gibson, four new cases; no deaths.

Natchez, five new cases; three new foci; no deaths.

Mississippi City, two new cases; no deaths.

No new cases at Moss Point, Scranton, Handsboro, Gulfport, Roxey, Harrison and Rosette.

ALL RESTRICTIONS ON TRAVEL REMOVED.

Vicksburg, Miss., October 12.—That the yellow fever has been practically stamped out is indicated by the small number of new cases reported, the smallest report of any twenty-four hours since the fever appeared here being that of today when only two cases were bulletined. Both are in old foci.

The city authorities, with the consent of Surgeon Guiteras, of Memphis, have removed all restrictions on travel, and trade from non-infected points and partially raised the embargo against infected points. With proper certificates travellers from New Orleans or other infected points will not be barred.

TO END THE FIGHT AGAINST THE MOSQUITO.

Natchez, October 12.—A light frost this morning brought new life to the people who have been fighting the battle with yellow fever. The noon report showed five new cases. No cases were added this evening. Three of the five reported are negroes.

A general fumigation to wind up the fight against the mosquito will be ordered. All vacant houses will be included in the fumigation. The summary to date follows:

New cases, 5; total, 160. Deaths, none; total deaths, 7. Cases under treatment, 32.

23 CASES IN PENSACOLA.

Pensacola, Fla., October 12.—The summary of yellow fever tonight is as follows:

New cases, 23; total, 325. Deaths today, 3; total, 48. Under treatment, 181; discharged 125.

The deaths were in different sections of the city and all were expected. The efforts of the citizens to secure sufficient money with which to fight the disease has been successful.

SUSPICIOUS FEVER AT CASTLEBERRY.

Mobile, Ala., October 12.—A special from Brewster, Ala., says that the local health office has been advised of two cases of suspicious fever at Castleberry, 13 miles north. Brewster has quarantined, pending investigation. Dr. Sanders, the state health officer, will reach there tonight.

NOMINATED BY REPUBLICANS

William Mills Ivins Will Make the Race for Mayor of New York.

New York, October 12.—William Mills Ivins, who acted as counsel for the Fasset legislative committee in 1892, and was a city chamberlain under Mayors Hewitt and Grace, today became the Republican candidate for mayor of New York city when he accepted the nomination made by a committee appointed by the Republican city convention to fill vacancies in the nominations of that convention.

Mr. Ivins was notified formally of his selection late today and accepted in a brief speech in which he said he would lead the fight, on the understanding that he was to conduct his own campaign and in the event of election be free to administer the government free of all considerations, except that of the public welfare.

Having held office under two Democratic city administrations, Mr. Ivins was asked today if he were a Republican or Democrat in national politics, he laughed and replied:

"I have always voted the Republican ticket, except on three occasions, when I voted for Hewitt, Grace and Cleveland."
