THE DRUMMER.

A True Pen Picture of This Peculiar Animal.

Who hath woe? Who hath contentions? Who hath babblings? Verily, he who goeth forth upon the road to travel.

He goeth forth in the atorning with a light heart and a starched collar, and returneth at eventide with soiled raiment and a blister on his heel.

He goeth forth like a roaring lion, seeking whom he may devour; but lo, every man he meets smiteth him. He goeth to the place where they do entertain strangers, and what he ordere h of the servant he bringeth not, and that which he doth not order is set before him.

And when eventile has fallen be sayeth unto the keeper of the house; "Behold, I would be wakened as the fifth hour of the morning, that I may depart to another country.'

And lo, before it is yet light. knocketh loudly against the door and sayeth, "Arise," in a loud voice, "that thou mayest depart upon thy train.'

And he that would arise awaketh in haste, and putteth his right fort into his left shoe, and he girdeth himself quickly, and hehold, he weareth his clothes hind, ide before so great is his haste thereof.

And the collar that should be girt about his neck is recoiled in the upper story of his hat.

And when he arriveth at the place from whence he would depart, he findeth that it is only the third hour of the morning, and he leaneth against a telegraph pole, and in his heart he revileth the keeper of the house wherein he

Or perchance he asketh to be wakened at the sixth hour of the morning, and lo, the servant man knocketh not until the eighth hour and when he raileth the hired man looketh at him with a look of scorn.

He goeth forth to ride upon the railway.

Then cometh in a beautiful maiden, arrayed like the lillies, and behold she taketh a seat afar off; but the dowdy woman with five children and a wart on her nose taketh the seat near him.

Verily, man that is born of woman is of few days and variegated rations. To-day he hath much that is good and tomorrow the food is as the withered grass, yet not so cleanly. Where he sleepeth if there is much water, he hath no towel but if the water be gone, he hath of towels five in number and a piece of soap.

Verily, he hath cause to murmur an exceeding great murmur.

The latter was a boatswain on the Boston frigate Eleanor, the former on a little sloop, the Fair Amerian. The latter vessel was seized, its captain and crew, with the exception of Davis, killed, and its cannon taken on shore. Young and Davis, being expert gunners, were spared to manage the artillery for Kamehameha, who at once began the conquest of the whole group of islands. The two Americans vere his generals, they married the daughters of chiefs or princes, and were given high offices.

After several years of war all the Sandwich Islands were conquered, and Kamehameha declared king over all. He was succeeded by four direct descendants known as Kamehameha II., And hushed is the laughter I heard when HII., IV., V. The natives having abolished idolatry, in the year 1820 the missionaries sent by the American Board of Missions came to convert them. They were kindly received by the natives, but by this time the islands had become the rendezvous for whaling vessels, whose officers and crews were lewd, lawless, men, and they ob jected to the restraints of religion and

The missionaries, however, had come to stay, and, in an earnest manner, began the conversion of the heathen They were often threatened by the lawless sailors, who regarded their upright lives as a standing rebuke to their own immortality. But, in spite of all threats and danger, the missionaries held their ground. They had the respect and confidence of the kings, who remained their friends, and the cause of Christianity advanced until all of the islands were brought under its sway. Missionaries who came to the islands young men, raised families of children, grew old, and died. Children born on the islands grew up, died, and left children, natural born Hawaians, the same as any American citi-

These dots on the face of the globe as sumed great importance, and the English, always j-alous of any advance of Americans in the acquisition of territory, began to turn their attention to

As the American Congregationalists and Presbyterians had succeeded so well, the Church of England, from purely political motives it is claimed, began a religious conquest of the is lands. From this time on there was a struggle between Americans and Eng-

lish to control the ruling monarchs. Kamehameha III gave the people the first liberal constitution. All the Kamehamehas seem to have been friendly to the Americans, as they were probably under the influence of Young and Davis and their descendants.

The anti-missionary party in time became the anti-American party. History shows how England has sought in the past to get control of the islands, and how she objected to the annexation of them to the United States during the forties, as the trade at that time with the United States was increasing in proportions that alarmed her.

The direct line of Kamehamehas ended with Kamehamaha V. After one or two short reigns, David Kalakaua was elected king. Tho' a dissolute man, with many weaknesses, he seems to have had an idea of justice and right. But he tried to please all parties, and, of course, failed

By this time sugar and rice planta tions had become a source of great wealth in the island, and Americans with pluck and energy were peopling the country and getting the cream of its industries.

Great excitement prevailed, and a revolution was threatened by the people whose liberties were endangered, until, bowing to the popular will, Kalakana permitted the constitution to stand.

It is said that at this time the king's | crusier Boston: sister, Princess Liliuokalani, was in England, a guest of Queen Victoria, studying royal life. She was very indignant at her brother yielding to the wishes of the American Hawaiians, and on her return to Honolulu a rev olution was precipitated by some of her friends to depose the king and place her on the throne. King Kalakaua died Junuary 20, 1891, and was succeeded by his sister, Liliuokalani, as queen. The queen was thoroughly English in education and sympathy.
