#### Death of Mr. Nathan Jones.

The death of Mr. Nathan Jones of  
Warren county, isleamed with regret.  
He died yesterday at the home of his  
sister, Mrs. (Dr.) W. P. Mercer, at  
Elm City, after an illness of only a  
few months. Mr. Jones was a good  
citizen and a man who had many  
friends. He was well known in Hen-  
derson and there are many who will  
sorrow at his death. This was his  
trading place and he was often seen  
upon our streets. Deceased was a  
son of the late Joseph S. Jones and  
brother of Mr. Howard F. Jones, ed-  
itor of the Warrenton Record. He  
was sheriff of Warren county at one  
time.

#### For Business Men.

The attention of persons interested  
in the advertisement of the  
Ramos Typewriter Co., incorporated,  
115 Market Street, Wilmington, N. C.,  
which appears elsewhere in this  
paper. They are dealers in typewriters  
and typewriter supplies of all  
kinds—ribbons, carbon papers, etc.,  
Victor desks, Victor safes, dicta-  
phones, filing devices, and every  
known office appliance. Special agents  
for the Victor typewriter, standard  
of perfection among modern writing  
machines. Some of the strong features  
of the Victor are visible writing;  
simplicity of construction; ease of  
manipulation, capacity for great  
speed; tabulation; strength and dur-  
ability—the best typewriter value for  
the money the claim made by those  
who know typewriter repairing a  
specialty. Some bargains in rebuilt  
machines.

#### New Way to Can Tomatoes.

A writer in the Woman's Home  
Companion gives this method of can-  
ning tomatoes. It is as follows:  
Last summer I tried a new method  
of canning tomatoes, and it proved  
so satisfactory that I want to pass it  
on. Scald and peel the tomatoes  
as usual. Have the cans sterilized,  
place the raw tomatoes in them whole,  
pour in boiling water to fill the cans,  
running a knife around in the cans,  
so that all the crevices are filled, then  
put on the cover. Place the cans in  
a boiler or large vessel, pour in boil-  
ing water until it reaches the neck of  
the can, put the lid on the boiler,  
wrap it with a blanket or rug and  
leave until the water is cold which  
will be the next morning. The cans  
are then ready to put away. I did  
not lose a can out of forty quarts.  
When the cans were opened, the  
tomatoes were whole and firm enough  
to slice easily.

#### Interesting Publication.

The vacation number of the Elon  
College Bulletin, advertisement of  
which we have been carrying in our  
columns, has just reached our desk.  
It is a 17 page publication, neatly  
bound and containing words of encour-  
agement to prospective students and  
discussions of the fundamentals of  
education.  
The bulletin shows why young peo-  
ple should go to college, and why the  
colleges need the young people; and  
contains a dispassionate article set-  
ting forth the distinction between  
College and University, and another  
article showing the difference be-  
tween Training and Education. It  
discusses education as an invest-  
ment, and as a paid up insurance  
policy also. It shows furthermore  
that there is no short cut in life pre-  
paration and it shows also that only  
white supremacy can exist by the ed-  
ucation of the children of the whites.  
It also describes the spirit of Elon  
College. The spirit that actuates its  
students and controls their conduct.  
The final pages contain a brief state-  
ment of a few vital facts as to costs  
and scholarship and equipment of the  
college. Those who are interested can  
receive a copy of this interesting pub-  
lication by addressing a postal card  
to the Dean of the Faculty, W. A.  
Harper, Elon College, N. C.

A failing thy nerve—no longer than the  
fastest will thread—takes from the Heart its  
impulse, its power, its regularity. The  
Stomach also has its hidden or inside nerve.  
It was Dr. Shoop who first told us it was  
wrong to drug a weak and failing Stomach.  
Heart, or Kidneys. His prescription,  
Dr. Shoop's Restorative, directed  
straight for the cause of these ailments—  
these weak and faltering inside  
nerves. This no doubt, clearly explains why  
the Restorative has of late grown so rapidly  
in popularity. Druggists say that those who  
test the Restorative even for a few days soon  
become fully convinced of its wonderful merit.  
Anyway, don't drug the organ. Treating  
the cause of sickness is the only way to a  
successful way. Sold at The Paragon, H. E.  
Thorwer, Proprietor.

#### PANACEA SPRINGS.

Hotel Under Management of A. J.  
Cooke Beating All Records This  
Season—Famous Health-Giving  
Water Puts New Life and Vigor into  
Sick and Enfeebled Persons.

Persons who have been visitors to  
Panacea Springs are agreed in saying  
the New Panacea Hotel under the  
management of that genial and ex-  
perienced hotel man, Mr. A. J. Cooke,  
is beating all previous records this  
season—in point of numbers of guests  
and excellence of service rendered.  
This was to have been expected with  
such a man as Mr. Cooke in charge.  
The facilities of the new hotel are am-  
ple and admirable and one finds there  
an excellent place to rest and re-  
juvenate. The waters are tonic in effect  
and are especially efficacious in stom-  
ach troubles. Nervous dyspepsia,  
weak and inflamed stomach, indiges-  
tion, loss of appetite, or fear to eat  
lest the food disagree with one, all  
disappear after drinking Panacea  
water a short while. At least this is  
true in the majority of cases while  
now and then a person is found that  
the water does not agree with be-  
cause of the large amount of iron it  
contains.

As showing something of how  
guests fare at the New Panacea Hotel  
who go there with vigorous appetites  
or acquire them after drinking the  
water while we are printing below  
the bill of fare provided last Sunday,  
July 24th:
