Remember—

that Fire stops all industry—all business—all income; that Fire would rob you of many dollars if it were to burn your property.

Fire insurance is a necessity but remember that the value of your insurance depends upon two things: first, the unquestioned ability of the company to make good all losses, and second, the character of the service that that company and this agency are prepared to offer you.

Effective December 1

our store will go upon a strictly cash basis. In order that we may continue to give our customers the lowest prices on high grade footwear, we have found that every possible economy must be practiced. Overhead costs must be cut to the bone, we must discount our bills, buy in large quantities for cash ourselves, if we are to continue to save you money. We believe our customers will prefer dollars in their pockets to accounts upon our books, therefore our decision to sell strictly for cash on and after December 1.

Even in This Store Policy Advertisement We Cannot Refrain From Mentioning a Few of the Big Bargains We Are Offering Daily
